TUMBLE OVER BANK

Himmelfarb Family Has Narrow Escape.

ACT OF FRACTIOUS HORSE

Mother Sustains Broken Arm and Children Are Bruised—Auto Party Comes to Rescue on Linton Road.

With his wife and three children Meyer Himmelfarb, 600 Fifth street, narrowly escaped fatal injuries in a runaway accident on the Linton road, a mile beyond the fair grounds, at 8 o'clock last night. The woman suffered a broken arm, the three children painful injuries and Himmelfarb himself was injured, though not seriously.
The injured family was discovered soon after the accident by a party in an automobile and the woman and children removed to St. Vincent's Hospital. It is said that none of the injuries, with the exception of the woman's broken arm, will result seriously.
Himmelfarb was driving a carriage in which were his wife and children. At a point beyond the fair grounds the horse became fractious and finally unmanageable. The carriage with its occupants was thrown over an embankment. The man, his wife and children leaped from the carriage as it fell and the horse in some way became detached.
Two of the children fell beneath the carriage, while the man, woman and other child were hurled against the embankment. They were in that position when the automobile came upon them.
The car was driven by Charles W. Clark and with him were L. A. Wheeler, of the O. K. barber shop, Mr. Willing and Mr. Starkey. The car was immediately stopped and the men went to the aid of the injured family.
The woman and children were placed in the car and taken to St. Vincent's Hospital. Himmelfarb himself remained to look after the demolished rig. At the hospital the woman was unable to walk, so great was her pain, and was carried from the machine.
Examination of their injuries showed that the woman had suffered a broken arm and the children many scratches and bruises. The man who arrived at the hospital later, was found to have suffered a number of bruises about the head, none of which, however, were considered serious.
Himmelfarb is a tailor whose place of business is at 66 North Sixth street.

GUN FALLS; SHOT IN ANKLE

Welser Youth Jerks Out Revolver as He Strikes Match.

WEISER IDAHO, AUG. 9.—(Special.)

Charles Horton, 21 years old, was accidentally shot in the leg just above the ankle about 1 o'clock this morning. Both bones of the leg were broken. He is at a hospital in this city. The wound is serious and it may be necessary to amputate the leg.
The shooting was done with a 24-caliber revolver. Horton and a party were at a resort. He attempted to strike a match on his trousers, when his hand caught on a key-ring chain in his pocket, with a revolver, jerking it from the pocket to the floor, when the charge entered his leg.
Body Found in River.
The badly decomposed body of a man aged about 50 years and with hair slightly tinged with gray, was found floating in the Willamette River, near Linton, yesterday afternoon. The body had evidently been in the water about six months, and was clothed in a heavy blue shirt, heavy underwear and dark blue trousers. No coat or vest were found, and not a scrap of paper to indicate his identity was discovered. Corner Norden took charge of the remains.

REPORTS BIG CROPS

Julius Kruttschnitt Predicts Business Impetus.

RAILROADS IN GOOD SHAPE

Official High in Harriman System Declares Panic Helped Lines to Catch Up With Work and Remove Congestion.
"Enormous crops are being harvested throughout the country. Farmers never were more prosperous. I confidently expect this situation will assist materially in restoring the general business prosperity that prevailed prior to the financial flurry last October," said Julius Kruttschnitt, director of maintenance and operation of the Harriman lines, who reached Portland yesterday from San Francisco. "Judging from the weekly reports we have received of crop conditions throughout the Pacific Northwest it is apparent that the same prosperous conditions prevail in this section."
"Since the financial disturbance last Fall traffic business has improved very slowly. I was surprised at the effects of this panic in at least two respects. First, at the extent to which business was affected and, second, the time that is required to restore former business conditions. But the panic had its benefits. It enabled the large corporations to catch up with their work and remove the congestion which handicapped their various systems. The railroads now are better equipped and able to handle the same volume of business satisfactorily that a year ago practically tied up all the railroads."
Mr. Kruttschnitt declined to discuss the subject of further railroad construction in this state. Neither would he say whether or not Mr. Harriman would visit Portland on his return trip East this Fall, after spending his vacation at his summer home at Pelican Bay.
"How would you regard the election of Mr. Bryan in November?" was asked.
"Now politics is a subject on which I am the least posted," replied the railroad man. "In fact I do not pay any attention to politics except to vote when it is time. While I don't suppose my individual vote counts very much, I'll tell you that it will not be cast for Bryan."
Mr. Kruttschnitt will be in Portland vicinity for several days. He explained yesterday that his purpose in visiting this city at this time was purely one of inspection. Accompanied by J. E. O'Brien, general manager of the Harriman lines in this territory, Mr. Kruttschnitt this week will make a thorough inspection of the O. R. & N. lines and their equipment for handling the business at the most active period of the shipping season.

NO OPTION, SAYS M'CREDIE

Beaver Manager Will Take Chances of Losing One Player Instead.

SAN FRANCISCO, CAL., AUG. 9.—(Special.)

If Walter McCredie holds to his present intention, the Beaver club will not lose many of its men this season. McCredie says he will give no more options on ballplayers, but take chances on having one man drafted. Cleveland holds an option on Rafferty, and the Boston Americans have an option on Danzig, who is sure to revert to the East. McCredie will refuse to sell Madden to McBrean, as he says he wants to keep his club together as much as possible.
Cal Ewing will start north the first of the week to meet Judge McCredie at Portland and confer with him as to the chances of getting a club there.
"Soft" Beer in Wallowa.
JOSEPH, Or., Aug. 8.—(Special.)—All the soft-drink emporiums in Wallowa

County, which is officially dry, are offering for sale an article called beer, but with the alcohol extracted. Both the state and city officials here are ignoring the matter, and the dealers say that it is not having the sale expected, as it does not come up to the genuine article. Joseph's Council this week passed an ordinance closing all soft-drink and billiard houses at midnight.

Monday, August 10 (today) will positively be the last day for discount on West Side Gas hills. Portland Gas Co. **
