#### Special—Twenty selected styles from our most favored \$4.00 shoes, wherein we have all \$3.69 sizes in each style, at.

### LIPTON ANXIOUS TO CHALLENGE AGAIN

Eagerly Awaits Intimation That Offer Would Be Accepted.

### NEW YACHT PLEASURES HIM

Revises His Crowning Ambition to Lift America Cup in 1909—Favors Sending Challenger Under Universal Rules.

LONDON, Aug. 11.—Flushed with the success of his new racing yacht Shamrock, which has won 24 out of 27 contests in which she started in the regatta held this year in home waters, Sir Thomas Lipton is more anxious than ever to try for the American cup. There are still six weeks for him to issue a challenge for a race off Sandy Hook in August, of 1909, and he is hoping that some intimation will come from the yacht club that a challenge, if sent, would be accepted. Without such intimation Sir Thomas would not ask any British Yacht Club to challenge on his behalf. "The ambition of this life," he said today, "is to bring back the cup to Great Britain. Personally I am willing to challenge under the old rules, but I cannot get a designer of standing to build a new freak racer, so I am awaiting an intimation that the New York Yacht Club will accept a challenge similar to that sent last year which I have reason to believe some members of the club favor. "My conditions are quite simple. All that I ask is to be allowed to build a challenger under the universal rules that now govern all yacht racing in America, and that I be permitted to build two boats, the fastest of which shall cross the Atlantic. Designer JUS since the Shamrock has proved such a success, is more confident than ever over his ability to design a boat under the universal rule which will be successful in lifting the cup. "A combination of his own and American ideas, with improvements learned since he built the last Shamrock, Mr. Fife believes, will produce a boat that will stand a better chance than any previous competitor of bringing back the cup."

### VILLA ELECTED ALDERMAN

Loud-Mouthed Incendiary and Murderer Popular in Montana.

MANILA, Aug. 11.—Returns from the municipal election show that Simon Villa carried the southern district of the city, being elected alderman by a wide plurality, while Ramon Diokno was triumphant for the similar office in the northern district, defeating Dominador Gomez for the place. Justo Lukeban was elected to the assembly from the northern district. Simon Villa is an ex-officer of the insurgent army, and only escaped trial for the murder of a Spanish officer by the general amnesty proclamation. He is the man whose incendiary speeches during his campaign aroused the Americans and Spaniards of the city to such an extent that protest was made by the Spanish consul-general to Governor-General Smith, as the result of Villa's public declaration that in the event of another revolution he would advocate the slaughter of all Spaniards on the island. Governor Smith replied that these statements had no weight, as Villa held no office. Diokno is a lawyer, and the leader of the labor party of the city. It is doubted by Americans here that the Government will allow Villa to be

### SEEK HEAD OF PLOT

Police Now Want Man Who Planned Dynamiting.

### TRIED ON THREE CHARGES

Brokers' Clerk Accused of Forgery to Swindle Woman. NEW YORK, Aug. 11.—On a triple charge of grand larceny, forgery and perjury, growing out of a suit brought by Mrs. M. Klimer against the brokerage firm of E. F. Hutton & Co., Charles I. Blivin was today arraigned in the Court of General Sessions. A district attorney's office representative asked that he be fixed at \$5,000. According to the District Attorney's office, Mrs. Klimer brought suit against the brokerage firm for the recovery of securities valued at \$25,000 and after the trial Blivin, who was an employee of the firm, was arrested on a forgery charge which was later dismissed. The grand jury, however, took up the matter and brought three indictments against Blivin and he was arrested last night. Mrs. Klimer was alleged to have given a receipt to Mrs. Blivin for various shares of stock, stating the firm's name thereto and then using the stock for her own purposes. The forgery charge was the result of Blivin's swearing on the witness stand in the original trial that the writing on the receipt was not his.

### MAY SPLIT IN TENNESSEE

Today's Convention Will Decide Fate of Republicans. NASHVILLE, Tenn., Aug. 11.—The regular Republican state convention will meet in this city tomorrow for the purpose of nominating a candidate for Governor. Republicans and Democrats alike are watching the outcome with much interest. On the results of this convention depends the question of whether or not the Republicans will have any chance in the fight for Governor of Tennessee. After the calling of the convention for tomorrow, the Oliver-Hook faction called the Chattanooga convention and nominating T. Ashby Wright for Governor. If the Evans faction, which meets tomorrow, should endorse the action of the Chattanooga convention, there is belief in the city that the Evans people, the Evans people nominate their own candidate, G. N. Tillman, it is believed it will result in a hopeless split.

### ROBBERS TORTURE WOMEN

Victims Lose Jewelry, but Save \$1500 in Cash. WASHINGTON, Pa., Aug. 11.—Three masked men entered the home of Miss Maria de Garmo in a remote part of the county yesterday morning and after battering down the door, bound and gagged Miss de Garmo and her niece, Miss Lizzie Hartman, the only occupants of the house, and robbed them of their jewelry and a small amount of cash. Carpets were slashed, mattresses ripped open and chests broken into. When no large sum of money was found the women were tortured until the elder one fainted and the men left. Miss Hartman, bleeding and cut, at last freed herself from the ropes and released her aunt. Fifteen hundred dollars which had been received the day before for a timber tract was found where the robbers had overlooked it.

### POLICE PREVENT TRAGEDY

Arrest Greek Armed to Kill Gang of Blackmailers. NEW YORK, Aug. 11.—The attempt of a group of men using the name of the Greek Revolutionary Society to collect \$1000 from Baslo Spiropoulos, a Greek dealer in Oriental goods. Spiropoulos plans to shoot the blackmailers, resulted today in the arrest of Spiropoulos and four other men who were hiding in the bushes on the far end of Manhattan Island. Spiropoulos told the police he received a letter from a revolutionary society commanding him to meet an agent at Amsterdam avenue and Fort George and deliver \$1000 on penalty of being cut to pieces and placed in a barrel. When Spiropoulos went to the appointed place with his revolver and a roll of bills the policemen arrested him and four men

### DEATH IN STORM'S WAKE

One Killed and Two Drowned Near Evansville, Ind. EVANSVILLE, Ind., Aug. 11.—The worst hail and thunderstorm in the city's history swept over this vicinity last night, doing thousands of dollars damage to telegraph and telephone lines, livestock and crops. William Burg was crushed to death in the wreck of a barn and two children, a son and a daughter of Jack Delroy were drowned when a houseboat in which they resided was swamped. Mrs. Delroy had both legs broken in the wreckage.

### SMALL ARMY IN PURSUIT

John Claudianos Says Paudevaris Was Chief of Conspiracy—Demands Immunity for Himself and His Brother. SAN FRANCISCO, Aug. 11.—With the capture in Chicago last night of Peter Claudianos, the brother of John Claudianos, now held in the city prison here, charged with dynamiting the home of ex-Supervisor J. L. Gallagher, the prosecution's star witness against Abraham Ruef and other prominent defendants in the bribery graft cases, the police and Detective W. J. Burns, with his corps and using the stock for her own purposes. The perjury charge was the result of Blivin's swearing on the witness stand in the original trial that the writing on the receipt was not his.

### THINKS SHERIFF IS SAFE

New York Official's Attorney Says Law Was Enforced. SARATOGA, Aug. 11.—All was quiet at the race track this afternoon. Sheriff Bradley, who as usual, was at the track with a force of deputies, said that the fact that he had been summoned by Governor Hughes to answer charges of alleged misconduct in office would not change his decision to abide by the advice of his counsel. ex-Senator Brackett, and enforce the anti-betting law as interpreted in the Biehoff decision. Senator Brackett gave out the following statement: "I have seen a copy of the charge against the Saratoga County Sheriff, as published in the morning papers. I know nothing of the facts, nothing that has occurred on the track, because I have not been there; but if the Sheriff has honestly done his duty, on the lines laid down in the written opinion I gave him for his guidance, he cannot properly be removed, nor have I any idea that he will be, for the opinion simply stated the law as it is and as the courts have held it to be. I do not believe, now have I any reason to believe that the Governor will try to make a martyr of the Sheriff in order to show his own zeal against race-track gambling."

### TWO DEPOTS ARE ROBBED

Indiana Burglars Being Hotly Pursued by Posse. HAMMOND, Ind., Aug. 11.—Pursued by a posse headed by the Sheriff and a squad of railroad detectives from Huntington, three armed robbers, who broke into the railway station at Crown Point this morning, are fleeing through the woods east of Crown Point. F. C. Bore, the night operator at Crown Point, said he was surprised to find the depot of \$500 in cash and tickets. Earlier in the night the depot at Griffith, six miles from Crown Point, was robbed.

### La Follette to Start Paper

MILWAUKEE, Aug. 11.—Senator La Follette is to start a weekly publication to be conducted along the lines of W. J. Bryan's Commoner. Canvasers are now in the field working to secure a subscription list of 10,000.

### KING MEETS KAISER

Edward and Wilhelm Confer on European Situation. Rulers Spend Entire Day in Frank Interchange of Views—Naval Programmes Probably Discussed. CRONBERG, Aug. 11.—King Edward arrived here at 9 o'clock this morning, and was met at the station by Emperor William and his suite. The King and the Emperor kissed each other on both cheeks and embraced in the most cordial manner. After the monarchs had been introduced to each other's suites, the King and the Emperor entered an open automobile and were driven to the Friedrichshof castle, where they had a long talk before lunch, which they resumed after lunch. Sir Charles Hardinge, representing the British Foreign Office; Baron von Jochsch, of the German Foreign Office, and Sir Frederick Lacelles, the British Ambassador to Germany, also had a long conversation together in the morning. It is affirmed, however, by both British and German officials that no actual proposals of any sort were under consideration. The value of the meeting in the political sense is in the frank talk over the European situation by King Edward and Emperor William and representatives of the British and German Foreign Offices. King Edward left here for Ischl, Austria, at 11 o'clock tonight.

### THREE PERISH IN FIRE

Sisters Suffocated by Escaping Gas. Mother May Die. WHEELING, W. Va., Aug. 11.—Escaping gas resulted in the death of three persons and the possible fatal injuring of one other. The dead: CLARA GAVIN, 27 years old. MARGARET GAVIN, 21. Injured: Mrs. J. S. Gavin, bruised and back injured; may die. The dead girls were daughters of Mrs. Gavin, and were suffocated as they slept on the third floor. Two servant girls and four sons of Mrs. Gavin jumped from the third-story window and escaped with minor injuries.

### CROP ABOVE AVERAGE

(Continued From First Page) million bushels smaller than it is due to a large extent to the much better methods of farming that have been followed. This is especially noticeable in Gilliam County, Oregon, and along the line of the Central Washington in the Big Bend country. Careful cultivation and conservation of moisture have resulted in some very good crops in a number of districts where the climatic conditions were such that poorly cultivated fields are hardly worth harvesting. Another factor which assisted in keeping the yield above the 40,000,000 bushel mark was the increased acreage, although much of this was in Cook, Wheeler and other counties where the output is not easily accessible for the market. Buyers are getting bushels smaller than that of last year, the coming of the North Bank road will give Portland buyers access to a new territory from which they have been practically barred in the past, and this will result in shipments much greater than have ever been sent out of this port, during any previous year when a similar sized crop was harvested. Good Prices Help Sellers. The high prices prevailing have had the effect of starting the crop to move much earlier than usual, some very heavy selling having taken place at prices fully 30 cents above the opening figure a year ago. If this increased price can be maintained, the crop of 14,000,000 bushels less than that of last year, will represent a shortage in value as compared with that even this shortage is in a large degree compensated by a considerable saving on the price of grain bags, farm help and every other expense attached to harvesting. The crop at present prices has an actual cash value of more than \$33,000,000 at interior points, and this sum of money placed in circulation among the comparatively sparse population of Oregon, Washington and Idaho, will remove any lingering recollections of the alleged hard times of last fall. May Order Rectifier's Marks. WASHINGTON, Aug. 11.—The Commissioner of Internal Revenue has informed W. M. Hough, attorney of the National Wholesale Liquor Dealers' Association, that there is ample authority of law for the Government to prescribe the marking of packages of spirits and liquors in the hands of rectifiers as in the case of marking the products of distillers.

### KISSES ARE EXCHANGED

Rulers Spend Entire Day in Frank Interchange of Views—Naval Programmes Probably Discussed.

### TORNADO IN NORTH DAKOTA

Many Houses Wrecked by Cyclone in Town of Mandan. MANDAN, N. D., Aug. 11.—A tornado struck Mandan last evening and caused damage to the extent of \$20,000. One boy was picked up by the wind and carried three blocks. The roof of the Inter-Ocean Hotel was loosened and fell into the dining room. The Dollar Hotel was unroofed. Houses were tipped over and many windows shattered, but no fatalities occurred.

### Tobacco Crop Badly Hurt.

HENDERSON, Ky., Aug. 11.—Reports of a terrific hail and thunder storm last night revealed damage to more than \$100,000 in Henderson County. Sixty per cent of the tobacco crop is believed to have been destroyed. Corn was flattened, streets and roads blocked and the telegraph service crippled.

### PORTLAND CONTRACTOR WINS

SAN FRANCISCO, Aug. 11.—The state harbor commissioner yesterday awarded the contract for San Francisco's new pier.

### ROBBERIES

INDIANA BURGULARS BEING HOTLY PURSUED BY POSSE. HAMMOND, Ind., Aug. 11.—Pursued by a posse headed by the Sheriff and a squad of railroad detectives from Huntington, three armed robbers, who broke into the railway station at Crown Point this morning, are fleeing through the woods east of Crown Point. F. C. Bore, the night operator at Crown Point, said he was surprised to find the depot of \$500 in cash and tickets. Earlier in the night the depot at Griffith, six miles from Crown Point, was robbed.

### LA FOLLETTE TO START PAPER

MILWAUKEE, Aug. 11.—Senator La Follette is to start a weekly publication to be conducted along the lines of W. J. Bryan's Commoner. Canvasers are now in the field working to secure a subscription list of 10,000.

### RESTRICT EXPORT OF COFFEE

RIO JANEIRO, Aug. 11.—The president of the state of Sao Paulo has sent a message to Congress requesting authorization to raise a loan of \$15,000,000. His proposal to guarantee this loan by increasing the tax on coffee to 5 francs and by hypothecating the coffee already in the possession of the government. The president makes the further request that Congress pass a law to restrict the export of coffee from the state by increasing the export tax. Nine million bags is the limit of export for the crop of 1908-9, 500,000 bags for the crop of 1909-10, and 1,000,000 for future crops.

### DRIVE OUT FAKE OPTICIANS

PHILADELPHIA, Aug. 11.—Drastic measures to force out of the optical profession men who pretend to test eyes, prescribe and sell glasses without any scientific knowledge of their calling were urged at the annual session of the opticians in convention here.
