WRIGHT'S AIRSHIP OBEYS HIS WILL

American Aviator Makes Longest Flight at Great Speed.

TO FRENCHMEN'S DELIGHT

Aeroplane Soars for Three Minutes and Makes Three Circuits of Track. Landing Exactly Where Navigator Planned.

LEMANS, France, Aug. 11.—This evening Wilbur Wright, of Dayton, Ohio, made the longest and most successful flight of the series of aeroplane trials which he is conducting here, remaining in the air 3 minutes and 44 seconds. The machine circled the field three times at the rate of 36 miles an hour.

On passing a grandstand, Mr. Wright gracefully descended until within speaking distance of the spectators, who wildly applauded his exhibition of mastery over the aeroplane, after which he soared like a bird to new heights and continued his flight until, reaching the starting point, he finally gently landed.

As evidence of the interest that is being taken in Mr. Wright's experiments a crowd of 3000 persons, including many women, patiently waited throughout the day until he took his machine for a sail.

The aeroplane soared down the course and abruptly, almost recklessly, swooped and turned and came majestically down the field, following the lines of trees, after which it returned to the front of the grandstand. With admirable ease and precision, the aeroplane descended to a lower level, seemingly to drop the spectators a polite aerial courtesy. Then it rose again and resumed its trip, describing zig-zags here and there until it completed three circles of the course. Finally it came to the ground at the starting point and Mr. Wright was again receiving applause. There was not a vestige of breeze while the flight was taking place.

After the demonstration Mr. Wright said to the Associated Press:

"My idea is to make longer and possibly higher flights daily. I am feeling out my machine."

Among the spectators today was M. J. McCoy, the American aeronaut, who was enthusiastic over the performance.

ANOTHER TEST BY BALDWIN

Flies Five Miles, Tacks Like Mariner and Rises 1000 Feet.

WASHINGTON, Aug. 11.—The official speed trial of Captain Baldwin's dirigible balloon was again postponed today, but a preliminary speed trial was made with Mr. Curtiss and Captain Baldwin aboard. Captain Baldwin again took a westerly course, in order to become familiar with the official course lying in the direction of Falls Church. It is estimated an average speed of 18.7 miles was maintained. There was a large number of spectators, including Secretary of War Wright and James Allen, Chief Signal Officer, but the balloon flights are becoming such an everyday occurrence that many of the Army officers who have been in attendance heretofore were not present today.

Greater interest seems to center in the aeroplanes to be tried at Fort Myer by the Wright brothers and A. M. Herring. The latter has requested an extension of 30 days in the time in which he is to deliver his machine, which will be granted. The Wright aeroplane is expected any day.

Before taking his dirigible up today Captain Baldwin and Mr. Curtiss made a thorough test of the motor. A speed of 470 revolutions per minute of the propeller was attained while the airship was in its place under the tent, but Mr. Curtiss did not permit the speed to exceed 400 revolutions while in the air. The airship remained aloft 22 minutes, and a distance of nearly five miles was covered. A side wind was encountered throughout the flight and several times Captain Baldwin had to tack, much the same as the master of a ship. An altitude of nearly 1000 feet was attained.

Secretary Wright expressed his pleasure at the showing made in today's flight, but said:

"While these airships will be invaluable in time of war for scouting purposes, they will never revolutionize warfare."

WRIGHT LOOKS LIKE BIRD

French Journalists Enthuse Over Feats of Aeronaut.

PARIS, Aug. 11.—The French press and the aeronautic experts, besides extolling the Wright Brothers' aeroplane, devote much space to picturing with French art the personality of Wilbur Wright.

"This man," says Franz Reichel in the Figaro, "is strange and cold, but it is a coldness that is smiling and sympathetic. He is tall, thin, severe—a man that is tempered like steel. The countenance is remarkable, curious, the head that of a bird, long and bony and with a long nose. The face is smooth-shaven and tanned by the wind and the country sun. The eye is a superb blue-gray, with tints of gold; honorable, gentle, resolute and intelligent. These golden glints bespeak an ardent flame, for Wilbur Wright is a fanatic."

Mr. Wright's method of getting away on a start, while not appealing to the experts as the most practical solution of the problem of launching his machine, pleases the French emotional sense.

"He is launched into space," writes one critic, "and there is nothing that can stop him. He either flies or falls. The danger of this moment gives one a quiver of anguish like that experienced at the sight of a cyclist jumping an abyss or looping the loop."

PROMISES OHIO BY 120,000

(Continued From First Page.)

will be taken up and a decision doubtless announced as to the future attitude of the National Committee in that state. It was stated today that the effort to have the state leaders settle their own differences and eliminate one of the tickets would be strongly made.

Mr. Taft divided his time today between correspondence, conferences, work on his speech on August 21 to the Virginians who are coming here and a golf game, in which he clipped two strokes from his previous high record of 80.

John Hays Hammond, of Massachusetts, will be an arrival tomorrow to discuss matters in connection with the National League of Republican clubs.

CONFER ON RAISING FUNDS

Hitchcock and Bliss Put Heads Together in New York.

NEW YORK, Aug. 11.—The subject of raising money to finance the Republican campaign was considered today by Frank H. Hitchcock, chairman of the Republican National committee, just before he left New York tonight for Hot Springs, Va., where he will confer with Mr. Taft. The question of money-raising was taken up with Cornelius Bliss, who was the Republican National treasurer four years ago.

While neither of these men would discuss the situation at the close of the conference, it is reported that Mr. Bliss consented to accept a place on the advisory committee of nine, which is to be a ways and means committee operating in conjunction with the chairman of the National committee.

Mr. Hitchcock will go to Chicago to open Western headquarters on August 15. At that time there will be a conference with the heads of all the bureaus of the Eastern and Western headquarters present.

Senator J. C. Burrows, of Michigan, chairman of the committee which will notify Mr. Sherman of his nomination as the vice-presidential candidate, today conferred with Mr. Hitchcock, concerning the ceremonies which will take place at Utica, N. Y., on August 18. The fact that a number of notable speakers will participate makes the event very important.

As a result of a motor trip through Westchester County, undertaken by Republican National Chairman Frank H. Hitchcock, he has decided to make his home there after the campaign is over.

Subscribers Get Rebate.

CHICAGO, Aug. 11.—Only four-fifths of the $100,000 raised to bring the Republican National Convention was spent and the task of returning $20,000 has begun by the local committee on arrangements. That sum is to be divided between 508 subscribers to the fund, and after a brief conference between Fred W. Upham, chairman, and J. C. Roth, treasurer, of the committee, the former began to sign checks that will be mailed today.

SWEET MARIE IS BEATEN

Jack Leyburn Wins Match Race in Two Straight Heats.

PHILADELPHIA, Aug. 11.—Jack Leyburn, owned by J. P. McNichol, of this city, today won the match race with Sweet Marie, owned by William Bradley, of New York, in straight heats and incidentally established a new record for the Belmont track.

Leyburn trotted the first heat in 2:06¼, two seconds faster than the record held by Cresceus over the same course. The second heat was also made in better time than the old record, Leyburn negotiating the distance in 2:06¼.

RESERVOIR HIGH IN AIR

Hillsboro Obtains Gravity System With Storage in Steel Tank.

HILLSBORO, Or., Aug. 11.—(Special.) Contractor D. B. Reasoner this morning commenced the erection of the big steel reservoir for the municipal water supply. The steel frame upon which the reservoir will rest will be 75 feet in height, and the tank will extend 24 feet above this and hold 30,000 gallons. This tank will be used as a gravity force, and is so constructed that it may also be used in case a water supply is voted to be brought from the mountains this Fall.

Amusements

What the Press Agents Say.

Cheerful Vaudeville.

At the Grand this week Sullivan & Considine are supplying a programme of superior vaudeville, with every act a hit. The feature is the singing and dancing act of Manuel Romain and the Foley boys, the famous minstrel stars. They are assisted by the Palmer sisters.

Under-Water Swimmers.

The Finneys, the champion swimmers, will come to the Grand next week as the feature. Mr. Finney sleeps and eats under water and his wife also performs some surprising feats. They appear in a large glass tank containing several hundred gallons of water.

Arabian Acrobats at Pantages.

The seven Zanzibar Arabian acrobats are equal to the task of raising the enthusiasm of the Pantages patrons at each performance. They are the best foreign acrobats seen in this country for lightning speed. Every one of the seven contributes his part to a most exciting exhibition.

"The Show Girl" Tonight.

The biggest theatrical attraction of the Summer is "The Show Girl," which the Allen Curtis Company is presenting at The Oaks this week with the greatest success. There are 17 distinct song hits and the comedy will keep you laughing every minute. Every afternoon this week at 3 o'clock the Carlos animal circus gives a free exhibition.

Orpheum—Advanced Vaudeville.

When the doors of the Orpheum Theater, formerly the Marquam Grand, are opened to the public next Monday evening, many new features in vaudeville will be seen for the first time in this part of the country. In the cast are Clifford & Burke, who are recognized as the premier burnt cork comedians. Box office opens today at 10 A. M.

IMPORTED LABOR TO BREAK STRIKE

Canadian Pacific Railway Will Bring Mechanics From England.

NOTIFIES LONDON AGENTS

Instructs Them to Hire All First-Class Men Obtainable—No Law to Prevent Their Coming.

MONTREAL, Aug. 11.—While no official statement has come from the Canadian Pacific Railway, the announcement was unofficially made this morning that the company is preparing to bring several hundred mechanics from England to take the places of strikers. Agents in London, however, it is reported, have been notified to engage as many first-class mechanics as can be obtained and to send them without delay.

There is nothing in the immigration laws of Canada to prevent this, provided that every such imported mechanic has at least $50.

The company's officials are today providing additional means for housing, feeding and protecting strikebreakers in towns affected by the strike. Cars are being used for shelter. There is no thought of compromise and the company will fight the strike to the bitter end, said one of the officers today.

Alabama Rioters in Jail.

CENTERVILLE, Ala., Aug. 11.—Thirty-one prisoners, arrested in connection with the firing into a train Sunday at Blocktown, in which three men were killed and eleven injured, have been lodged in jail and are kept under heavy guard. Robert Hayes, the only American in the number, who is president of the Blocktown local miners' union, was placed in a separate cell and heavily guarded. The Circuit Court will take up the case two weeks from date.

Strikebreakers at Toronto.

TORONTO, Aug. 11.—Today's feature in the Canadian Pacific Railway machinists strike was the bringing into the city by the company of 65 strikebreakers, among them ten from Detroit.

FOUL PLAY IS FEARED

EPHRAIM HEDBERG DROPS FROM SIGHT AT UMATILLA.

Nothing Seen of Wisconsin Man Since Night of August 5—Had Money in His Pockets.

PENDLETON, Or., Aug. 11.—(Special.)—Carrying drafts amounting to more than $1000, and on his way from Cumberland, Wis., to Ashland, Or., Ephraim Hedberg stepped from O. R. & N. train No. 5 at Umatilla the night of August 5 to secure a cup of coffee and disappeared as completely as if the earth had opened and swallowed him.

Hedberg, who was a retired farmer, in company with his daughter, aged 26 years, was on his way to Ashland to invest in a small fruit tract. When he failed to appear the daughter supposed he was in another part of the train, and as he still failed to take his seat, came to the conclusion he had missed the train and would follow her on to Medford by the next one.

When he failed to arrive at all she and other relatives became alarmed and his nephew, G. H. Hedberg, arrived in Pendleton today in search of some trace of the missing man. The officers have been notified, but not the slightest trace of him can be found.

Foul play is feared.

"BEARS" IN APPLE MARKET

Eastern Buyers Have So Far Made No Bids on Hood River Crop.

HOOD RIVER, Or., Aug. 11.—(Special.)—The first of Hood River's early Fall apples are now being shipped out, but as yet no sales of Winter fruit have been reported. Usually by this time in the season arrangements have been made to secure the part of the crop handled by individual shippers, but buyers so far this year have made no purchases.

Authorities here on the apple situation on the coast state that the same conditions prevail in the other fruit-growing sections in the Pacific Northwest, and it is also stated that buyers are holding off in the hope of securing lower prices. Advices from the East are to the effect that they have combined to bear the apple market in the West, although Eastern growers report small crops.

It is thought by many that some kind of an agreement was entered into by buyers not to purchase any apples until after the meeting of the International Apple Shippers' Association at Niagara Falls, August 5 to 8. It is believed that later there will be the same scramble for fancy Western box fruit that there has been in former years.

Doings of Catholic Convention.

BOSTON, Aug. 11.—Two business sessions and a public mass meeting made up the programme of the day for the American Federation of Catholic Societies' seventh National convention. At the forenoon session Bishop Hendricks, of Cebu, P. I., spoke on the situation in those islands. Professor Thomas Monaghan, of Washington, talked on the preservation of American forests.

Hoquiam Teamster Missing.

HOQUIAM, Wash., Aug. 11.—(Special.)—Steve Anderson, teamster for the City Transfer Company, has mysteriously disappeared. He drew his pay Saturday night and left home on his wheel Sunday morning, telling his wife he was going to work. No account of him has since been had. Foul play is suspected.

Citizens' Alliance Offers Reward.

ABERDEEN, Wash., Aug. 11.—(Special.)—The Citizens' Alliance, organized a short time ago to consider matters of difference between capital and labor, today offered a reward of $100 for the apprehension of the men who assaulted Albert Haase of the schooner Soquel.

Reported Suicide Hoax.

ABERDEEN, Wash., Aug. 11.—(Special.)—A bottle was brought to the city today which contained a note signed by Oscar Swensen, saying that he had tired of life and hanged himself near the Wishkah schoolhouse, a few miles north of here. A search by the police failed to locate the alleged suicide.

BLAST GOES OFF TOO SOON

Men Digging Well Have Narrow Escape From Flying Rocks.

OREGON CITY, Or., Aug. 11.—(Special.)—J. B. Errend escaped death or a very serious injury by only a hair's breadth this afternoon. He and I. W. Rivers are digging a well on the West Side. Rivers had just come out of the well after lighting a fuse to set off a blast and the two men were covering the top of the hole so as to protect the surrounding property, when the blast went off unexpectedly.

A piece of flying rock pierced the brim of Errend's hat and made two holes in the crown. Some small fragments also cut his face. Errend has the hat to show for the truth of the story and looks on his escape as being nothing short of a miracle.

BUYS UP ITS WRECKAGE

Jamestown Fair Receivers Hope to Unload on Uncle Sam.

NORFOLK, Va., Aug. 11.—A decree was entered here today from Federal Judge Waddill, authorizing the issuance of $30,500 in receiver's certificates of the Jamestown Exposition Company for the purchase of all the state buildings of that exposition, which it is proposed to sell to the Government under the provisions of a bill now pending in the United States Senate.

These are the state buildings of New York, Massachusetts, Rhode Island, Illinois, Michigan, Vermont, Connecticut, North Carolina and Delaware, and the Richmond city building.

Hammond for Minnesota Governor.

ST. PAUL, Aug. 11.—At a secret conference of Minesota Democratic leaders this afternoon it is said that Congressman W. S. Hammond, of St. James was selected as the most likely nominee to head the state Democratic ticket for Governor.

Coming! Sherlock Holmes

Another of the famous reminiscences of Dr. Watson, relating a new Sherlock Holmes adventure of thrilling interest, is in the coming number of COLLIER'S.

Out To-morrow
10c—All News-stands—10c

The most remarkable detective story of modern times is unfolded under the characteristic title of **"The Singular Experience of Mr. J. Scott Eccles."** From an English suburb, the reader follows with increasing interest a trail half round the world.

In addition to the story itself, there is an intimate sketch of Sir A. Conan Doyle. The creation of Sherlock Holmes; sketch of the original of the character; the dramatization, the imitations and burlesques, and the suppressed adventures of Sherlock Holmes. There is a wealth of curious (and true) incidents and anecdotes. Profusely illustrated, including pictures of Baker Street, London, the location of the rooms of Sherlock Holmes and Dr. Watson. This is really a special Sherlock Holmes Edition of
