Sessions Will Be School for Picture-Makers—Moonlight Excursion Up Columbia River and Trolley Ride about Portland.

VANCOUVER, Wash., Aug. 12.—(Special.) The eighth annual convention of the Photographers Association of the Pacific Northwest will be held in Vancouver from August 18 to 22 inclusive.

The arrangement of the entire programme, business, educational and entertainment, has been chiefly in the hands of W. G. Emery, one of Vancouver's photographers, who is also secretary-treasurer of the association.

Lectures by Expert Artists. The association, in effect, resolves itself into a school of photography and the teachers and instructors are, for the most part, experts from the East, sent out by the big dealers and manufacturers who handle all kinds of photographic goods.

At the afternoon session on Tuesday an address of welcome will be delivered by Mayor E. M. Greig from the National Photographers Association meeting where they have been doing work similar to what they will do here.

Moonlight Excursion Up Columbia. Thursday will be Portland day at the convention and all the photographers of the Oregon coast will be invited to their studios for the day and come to Vancouver en masse.

On Thursday afternoon and evening there will be an afternoon and moonlight excursion on the Columbia. The steamer Kellogg has been chartered. There will be various forms of amusements, followed by addresses by H. B. Willis, and J. E. Ralston, of Seattle; Jack Sakamahi, of Victoria, B. C.; A. L. Jackson, of Tacoma, and others.

SPOKANE, Wash., Aug. 12.—(Special.) The old militant fire which characterized the McBride campaign in Eastern Washington four years ago was stirred anew last night at a meeting held at the Spokane Theatre for the purpose of perfecting the organization of the Spokane County McBride Club.

Governor McBride was the principal speaker of the evening. When he concluded his speech the applause which followed lasted two minutes. The new club organized its organization with the election of Dr. W. H. Allen as president and Irving R. Davis secretary, starting off with 1500 charter members.

The meeting was attended by a noisily demonstrative audience of more than 800 people, approximately one-fourth of whom were women. There was no notable absence of political leaders. Judge Adolph Munter, J. W. Merritt and Governor McBride were speakers.

BUTCHER FRENCH TROOPS

Serious Outbreak of Hostilities Reported in Indo-China.

PARIS, Aug. 12.—Letters received from French Indo-China refer to what are called the grave indications of a revolutionary outbreak. It often is impossible for the French army officers to rely upon the fidelity of their native soldiers and armed bands of hostile natives have appeared at various points. During the past few months the French have lost 100 native soldiers massacred and 1000 more have been killed by French officers killed. Heavy reinforcements are necessary, it is said, to hold the country.

LANG TALKS OF PARKS

SAY EAST SIDE WILL NOT BE NEGLECTED.

Member of Board Declares System Will Cost \$10,000,000 When It Is Completed.

Park Commissioner Lang in his talk Tuesday night before the United East Side Push Club convinced his audience that the plan of the Board includes the East Side, and in no wise neglect the East Side. The meeting was the largest yet held by the federation and the most interesting. W. L. Bolse presided.

Mr. Lang was the principal speaker. At the start he gave a comprehensive outline of the plans, showing a park system connected by a driveway including parks at Sellwood, Mount Tabor, Rose City Park, North Alsea and a big park on the Columbia River comprising about 1600 acres.

Mr. Lang gave the present area of parks in Portland at about 275 acres, and said Portland should have between 2000 and 3000 acres for parks, five-sixths of which would be on the East Side. He said, "The earlier you come the better choice—come this forenoon if possible, and avoid the afternoon crowd." The Park Board is negotiating for the purchase of a 13-acre tract adjoining the city park.

Talks followed by Dr. William DeVeny, Frank J. Perkins, Joseph Buchtel, Councillor A. N. Willis, Father Gregory, Frank B. Gibson and O. E. Helzlsouer. It is stated that the cost of the \$10,000,000 of the present bond issue would, he said, be a drop in the bucket in purchasing and improving ground for parks.

Keep on Going in Order. In a few minutes the robbers took the eight from the cabin up the road and told them to keep going. The robbers then returned to the bridge and met one man. He was robbed and thrown into the cabin. Seven more appeared and the operation was repeated.

Confident of Capture. Deputy Sheriff Peck and Constable Buchanan took up the chase, but could find no trace of the robbers. They say the robbers are sure to be caught, but they give no reason. The wholesale holdup netted about \$700 in money, watches and a diamond ring. A. C. Larkey saved \$100 by throwing his purse into the brush.

PETER AS PLOTTER

Sensational Charge Against Servian King. AIMS AT GREAT MONARCHY

Witness at Montenegro Conspiracy Trial Makes Revelations Which Cause His Arrest and That of Many Others.

LONDON, Aug. 12.—Nastitch, who was the principal witness at the trial in June at Cetinje of 36 prisoners charged with revolutionary activity in connection with the discovery of a score of bombs, at which sensational testimony was adduced involving Crown Prince George of Servia in connection with the Montenegro, has published a book at Buda Pest, in which he accuses King Peter of Servia of complicity in the bomb plot for the extinction of the Montenegrin dynasty.

He declares that the aim of the conspiracy was to incorporate Montenegro and the Slav provinces of Austria-Hungary under Servian power. His revelations have been followed by numerous arrests in Croatia.

King Peter Monday telegraphed the Servian Representative in London, declaring that all of the allegations made by Nastitch both at the trial and in his book concerning the King of Servia and Montenegro were lies and as absurd as they were ridiculous.

A dispatch received here from Vienna last night announces that Nastitch has been arrested at Agrani, capital of Croatia and Slavonia, charged with high treason and that wholesale arrests continue in the province. The dispatch announces that the entire Council of a small town on the Bosnian frontier has been taken into custody.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best cure for skin diseases. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed.
