CARGO FOR VLADIVOSTOK

Large Quantity of Lumber Will Be Discharged at Manila-Arabia Will Be Ready to Clear by Tuesday - Marine Notes.

With a cargo of 1.854,640 feet of lumber With a cargo of 1.804.00 feet of billions laden at Portland and a large quantity of general merchandise taken at Sound ports, the German steamship Eva cleared for Vladivestek and Manila yesterday. The lumber loaded at Portland was valued. at 5744.84 and the larger part will be dis-charged at Manila. The flour and gen-eral merchandise are principally for the

eral merchandise are principally for the Siberian port.

The Eva is the first vessel to clear foreign this month. She will be followed, however, by a large number of craft for foreign ports. The Angust business is usually light but the prospects are at present for a larger export business than that of the same month of last year. During that period the foreign exports consisted of \$5.80,307 feet of lumber, no wheat, and \$3.94 barrels of flour. The Arabla, which is scheduled to sail for Hongkong and Japanese ports next week, will take a quantity of flour and there are several craft loading lumber which will be ready by the end of next week. During her stay in Portland the officers of the Eva had trouble with the Chinese crew, who were bent on going ashore. Eight sailors were lodged in the County Jail and held there until yesterday when they were returned to the ship. The Eva

Sea Monster Makes Trip Over Columbia River Bar.

ASTORIA. Or., Ang 13.—(Special.)—
Captain Robert Jones and the crew of the motor schooner Deila, which arrived in on Wednesday from Nestucca, tell a whale story that is amply verified by several fishermen who are personally interested in it.

After crossing in over the bar and approaching Sand Island, a large black object was seen on the water near-some fishermen who had their nets out and it was believed to be a log, but sudden water rose in the air from it, and it was then discovered to be a whale blowing.

whale blowing.

The whale had evidently accidently wandered into the river and then the parties of the control wandered into the river and then learning of its position in shallow water, became alarmed and suddenly started for the open ocean again. It water, became any the started for the open ocean again. It went through several gill nets, carrying them with it and the fishermen had

to cut the nets away to prevent their boats from being towed to sea. The last seen of the whale he was going out over the bar with a trail of nets dragging behind.

QUEEN AMELIE CHARTERED

British Steamship to Load Wheat at Portland for Europe.

Steam charters are the only ones which have been recorded during the last few days. There is an excess of steamships days. I never a and rates are low. The sailing ship owners are holding for a min-imum of 27 shillings and 5 pence for the United Kingdom for orders and 9 pence off for direct port. Few sailers are taken as long as the rates for steam are lower,

WHALE ENTERS THE COLUMBIA

Becomes Entangled in Gill Net and Fishermen Lose Gear.

Captain Olson, of the steamship Alli-ance, reports that a whale, which had en-tered the mouth of the Columbia River, became entangled in a gill net yesterday and that the net was cut away by the fishermen. The whale had entered the mouth of the river and in the vicinity No. 6 buey struck the net. He started forward, taking net and fish boat with

Captain Jones, of the schooner Della, who entered about an hour after the Al-liance, says that the whale got headed out to sea at Buoy No. 8 and that the en were compelled to cut away. The levinthan took the net to sea ..

TRACKS TO COUNTRY CLUB

STREETCAR COMPANY BEGINS WORK ON SWITCHES.

O. R. & N. Will Also Prepare to Accommodate Fall Crowds When Mayor Signs Ordinances.

With the granting by the City Council Wednesday of the two franchises for the laying of spur tracks by the O. R. & N. and the Portland Railway, Light & Power Company from their main lines to the Country Club tract, the last barrier in the way of provid-ing adequate transportation facilities for the crowds during the week's races, as well as for the handling of the stock show exhibits has been removed. Yesterday construction crews of the street railway company began the work of extending the seven switches on the Rose City Park line so that they will be able to accommodate trains of four cars each. This will mean a three or four-minute service, with each train able to handle about 500 pas-

In addition to this line, the street rallway franchise includes the laying extension from the Montavilla so that these two lines will be able

to move a crowd of between 7000 and 8000 people an hour.

The O. R. & N. franchise contemplates spur tracks into the Country Club grounds to take care, not only of the passenger traffic, but to handle the livestock show exhibits so that they may be delivered at the doors of the stock barns inside the grounds. Plans for such improvements are practically completed in the offices of Chief Engineer Boschke, of the O. R. & N., and work will be begun on the spurs, pas-senger station and sidetracks the moment Mayor Lane has signed the ordi-

nances. Quarter-mile dashes by singles, tan-dems and teams of the Mrs. Leota Zapp string of sweepstake Shetlands of Callfornia will be features of different days during the race week. The en-tire herd of 11 ponies, each of which stands without a defeat in stock shows state that the Russian bark Albyn, Cap-tain Lundahl, which sailed from Port-land May 15 with a cargo of lumber for now in Spokane arranging similar

OREGON GOVERNOR

J. P. O'Brien and F. S. Stanley Also Bidden to Conference With Wizard.

PARTY WILL LEAVE TODAY

Automobile to Be Used for Trip From Shaniko to Pelican Lodge. Development of State to Be Discussed.

E. H. Harriman has invited Governor Chamberlain, J. P. O'Brien, vice-president of the Harriman lines in Oregon, and F. S. Stanley, president of the Deschutes Irrigation & Power Company, to make him a visit at Pelican Bay. The three guests have accepted the invitation and are to leave today on the trip.

Pelican Bay is the estate secured last year by the famous railroad president with the intention of making it his residence for at least a part of each Summer. He has had the place improved and has caused to be installed all modern

mer. He has had the place improved and has caused to be installed all modern conveniences necessary to keep himself in touch with the outside world. On the occasion of his arrival a few days ago the Klamath Falls Chamber of Commerce elected him a member of that body and its officers met him and escorted him to the rooms where he addressed the nearly the rooms, where he addressed the people and promised to aid in the upbuilding of that part of the state, without, however, making any direct promise of railroad extension into the interior.

The visitors leave today for Shaniko, with the state of the

whence they will proceed by automobile through Bend on to Klamath Falis and Pelican Bay. Vice-President O'Brien said ast night that so far as he knew, Mr. Harriman's purpose in extending the in-vitation to himself and the others was to obtain further information concerning the progress made in the development of Oregon since his last trip into this state. Mr. O'Brien said the Governor was doubt-less invited because of his well-known ability to speak authoritatively on the

ability to speak authorizatively of the subjects presumably to be discussed.

"The Governor," continued Mr. O'Brien, "I understand, has said since receiving his invitation to visit Pelican Bay, that he expects to discuss the construction of the Central Oregon road and of the Crater Lake road with Mr. Harriman. The Gov-ernor is said to have added that he was ernor is said to have added that he was about to make the trip because he believed something for the advantage of Oregon would result from a conference with the president of our systems."

Mr. Stanley is president of the Deschutes Irrigation Company and has given a great deal of study to transportation as well as irrigation matters and his visit

well as irrigation matters and his visit to Mr. Harriman's lodge at this time is regarded with much interest in railroad circles. He is closely related to various development organizations in the state and is regarded as a good representative to present the various improvements ad-

vocated for the good of the state.

Mr. O'Brien said the trip would probably take about ten days or two weeks, and that the return trip would be across to the main line and north on the Southern Pacific.

Will Inspect O. R. & N. Lines. Julius Kruttschnitt, director of

maintenance of the Harriman systems; W. W. Cotton, general attorney; M. J. Buckley, general superintendent, O. R. & N.; G. W. Boschke, chief engineer, The Bruish steamship Queen Amelie, 252 tons, has been chartered for outward wheat loading at 25 shillings and 3 pence.

M. —Schooner J. Marhoffer, from San Francisco and James F. Graham, superintendent of motive power, leave today on a tour of inspection of the main and branch lines of the O. R. & N. Vice-President Durban, Aug 18.—Russian bark Albyn was part of next week. She will receive cargo immediately.
