

WAR ARRIVERS GREAT AMERICANS

Fleet's Officers Visit New Zealand Wonderland and Native Tribes.

WAR-DANCES ARE GIVEN

Assured of Peaceful Intent of Visitors, Maoris Give Wild Exhibitions of Native Customs. Priceless Heirlooms Given.

AUCKLAND, N. Z., Aug. 13.—Wonderful sights were witnessed by Rear Admiral Sperry and the officers of the American fleet, who spent yesterday at Rotorua and adjacent places in the thermal district, New Zealand's wonderland. It has been aptly named, as the guests of Prime Minister Ward and a delegation of members of Parliament, besides attending the ceremonies of the opening of the new government baths and receiving a hearty welcome from a great assemblage of Maori tribesmen, an opportunity was afforded the Americans of visiting many of the strange freaks of nature in the neighborhood—great and small geysers, the roaring steam at Tildere and the multi-colored lakes of hot, cold and temperate waters.

Wild Welcome of Maoris. The village of the Maoris was also an attraction to many officers, who keenly enjoyed the sights they saw there. Even the nearby cemetery, where lie the bodies of many Europeans killed during the eruption of 1886, was not forgotten, for many of the Americans made respectful visits there. After the ceremonies of inaugurating the new baths had been completed, the Maoris in large numbers, dressed up in their weird costumes, greeted the men. The tribesmen, according to ancient custom, the air was sounded with yells of welcome and there was a stamping of fringed feet in wardances and haka dances. The Americans greatly enjoyed the strange scenes and were charmed by the suppleness and grace of the dancers.

Compliment to Warships. In a graceful speech Admiral Sperry thanked the Maori chief for the welcome of the tribesmen and for the entertainment they had afforded him and his officers. The chief made a felicitous reply to the courtesy which he brought smiles to the faces of nearly everyone who heard him, remarking, "We sent our warriors to meet you, as you are all warriors—sea-farers. Had you been ordinary people, we would have sent the women first."

The Maoris presented Admiral Sperry and the American officers with priceless tribal heirlooms.

The American officers will return to Auckland tomorrow to attend a reception in their honor in the evening by A. C. Fickel, the American Consul-General.

Entertainment of Sailors. The town is still crowded with visitors. Shore leave was granted today to several thousand enlisted men, who were taken on short excursions and entertained at the theaters. At the Savage Club, many officers who did not accompany Rear Admiral Sperry will be entertained.

The American supply ship Coluza will sail Saturday for Brisbane, arriving there August 19. The cruiser and the collier Ajax have been sighted. The hospital ship Relief has arrived here with four boiler leaking. Repairs will be made by the fleet.

A rifle shooting competition was held this morning between the teams representing the City of Auckland and the American battleships. The match resulted in a victory for the Auckland team, which scored 231 points. The score of the American shooters was 224.

WHITES TO CONTROL PACIFIC Australian View of Effect of Fleet's Voyage.

MELBOURNE, Aug. 13.—Both houses of the Victorian Parliament today voted unanimously resolutions cordially welcoming the American battleship fleet to Australian waters. The various speakers dwelt upon the close friendship which united Great Britain and the United States and on the satisfactory results of the visit of the American battleships assured the control of the Pacific for all time for the white race.

VANCOUVER, B. C., Aug. 13.—R. L. Drury, Canadian Immigration Commissioner to Japan, who has returned home, says the immigration question between Canada and Japan has been satisfactorily adjusted and monthly statements showing the occupations and particulars regarding Japanese coming to Canada are furnished.

The Japanese officials met his proposals in a fair and reasonable spirit and he believes the Japanese will faithfully observe the agreement to restrict emigration to Canada.

The system of granting passports is being revised to further the arrangement and under the new agreement all Japanese labor is practically shut off, it being unable to enter without consent of the Canadian government.

ACTOR'S WIFE IS ARRESTED Mrs. Willie Collier Accused of Swindling Big Hotel.

NEW YORK, Aug. 13.—Louise Allen Collier, wife of William Collier, the actor, was arrested at the Pennsylvania terminal in Jersey City late yesterday as she was alighting from an Atlantic City train accompanied by a maid and two small dogs. The charge against Mrs. Collier is that of attempting to defraud the Grand Atlantic Hotel in Atlantic City of \$42,500. After vainly attempting to have jewelry worth \$500 accepted as security for her appearance in court today, Mrs. Collier succeeded in finding a bondsman who furnished \$500 bail.

The actress refused to discuss her case.

DISABLED AIRSHIP TOSSES Baldwin's First Official Test Is Marred by Mishap.

WASHINGTON, Aug. 13.—Captain Thomas S. Baldwin made the first official speed trial of his military dirigible balloon before the Army Board at Fort Myer yesterday. When within a mile of the finishing line a secondary wire connecting the coil of the engine with the commutator broke and the motor stopped. The airship was brought down in a cornfield and after Mr. Curtis repaired the motor the flight was continued.

The accident prevented any possibility of making the speed required by the contract, but Captain Baldwin has two more trials in which to demonstrate its speed. The course was two and one-quarter miles to the westward of Fort Myer in the direction of Falls Church, Va. It was at this point that the wire connecting the motor with one of the four cylinders broke.

Running the engine with the three remaining cylinders, Mr. Curtis endeavored to repair the break. He received several shocks of electricity from the batteries and had to bite off a piece of cord with which to tie the wire. He was compelled to let go of the lever with which the planes are controlled and as a result the big airship pitched and tossed at a height of 200 feet, at times almost standing on its nose. Despite the danger he was in Mr. Curtis continued to work on his motor, while Captain Baldwin in his position as observer was unable to be of any assistance. When the engine stopped a descent was made to the cornfield.

All the dirigible again went aloft and completed its trip, making the last mile in four minutes.

PUNISHES HOLY ROLLER

MAGISTRATE FELS BELLIGER-ENT MEMBER OF SECT.

New York Judge Holds Him for Assault and High Priestess for Contempt.

NEW YORK, Aug. 13.—There was an exciting scene in the corridors of the New Bedford Avenue Police Court, in Brooklyn, yesterday, when Howard Dunwiddy, a disciple of the Holy Rollers, a religious sect, attacked with his fists Magistrate Higginbotham, before whom 25 men and seven women members of the sect, including a Confederate veteran, were charged with disorderly conduct.

The only blow to land was a light one and Magistrate Higginbotham retaliated by striking Dunwiddy squarely on the jaw. The Holy Roller staggered and fell. The magistrate held the prisoner in \$500 bail on a charge of assault.

When the Holy Rollers were arraigned, Miss Elizabeth Robinson, high priestess of the order, was accused by the magistrate of having circulated a report in the courtroom that he had attempted to hug and kiss her while she was holding a private audience with him in his chambers. Magistrate Higginbotham demanded that the prisoner explain her statement.

On the advice of her lawyers, Miss Robinson refused to comply, so the magistrate held her \$500 bail on a charge of conducting a disorderly house.

It was at Miss Robinson's residence in Brooklyn that the Holy Rollers held their meetings. The police raided the room on complaint of the Rev. Malachi Gabriel, a former member of the sect, who said that many mysterious rites were being held there.

Magistrate Higginbotham held all of the prisoners under bail for trial.

FORCE GOULD TO ANSWER

Wife Secures Order to Expedite Her Divorce Proceedings.

NEW YORK, Aug. 13.—On the application of counsel, Mrs. Helen Kelly Gould today procured, in the Supreme Court, an order directing her husband, Frank J. Gould, to file within 24 hours his answer to her suit for divorce. Henry L. Sprague, counsel for Mrs. Gould, made affidavit to the court that he had served a summons and complaint on Mr. Gould on June 24. Counsel for Mr. Gould stated that an answer had been made to the complaint, but this was denied by Mrs. Gould's counsel.

The complaint, which was filed today, alleges misconduct on the part of Mr. Gould, July 25, 1905, while he was at North Sydney, C. B., cruising on the yacht Helene. Mrs. Gould does not ask for alimony in her petition but requests the custody of the two children, Helen Margaret and Dorothy, 5 and 6 years old, respectively.

As soon as the order calling for an answer reached the office of Mr. Gould's attorneys, the answer was sent to the County Clerk's office and filed. It contained a general denial of Mrs. Gould's allegations.

GREAT TUNNELER KILLED

Guy Wire Ends Life of Higbee, Borer Through Mountains.

DENVER, Aug. 13.—Charles E. Higbee, aged 32, of this city, one of the world's most noted tunnel-builders, was almost instantly killed yesterday at Shoshone, a camp of the Central Colorado Power Company, 12 miles east of Glenwood Springs, Colo. The fatal accident was caused by the breaking of a derrick. A guy wire struck Mr. Higbee on the head, crushing his skull. He died within ten minutes from cerebral hemorrhage.

According to reliable information Mr. Higbee has constructed 45 of the world's greatest tunnels. In the construction of the Simpson tunnel in Italy he is said to have broken the world's record for fast boring. He planned and executed the Tennessee Pass tunnel on the Denver & Rio Grande Road.

TENNESSEE IS SPLIT

Two Republican Tickets, Both for Prohibition.

EVANS FACTION DECIDES Names Tillman for Governor Against Wright—Texas Republicans Name Ticket and Decide on Vigorous Campaign.

NASHVILLE, Aug. 13.—George N. Tillman, of Davidson County, is the gubernatorial nominee of that part of the Republican party in Tennessee known as the Evans faction. He was nominated by acclamation yesterday at the close of the second Republican state convention held in Tennessee this week.

Great enthusiasm marked the nomination of Mr. Tillman and the adoption of a platform containing a plank providing for state-wide prohibition of the liquor traffic through extension of what is known as the four-mile law.

The nomination of Mr. Tillman makes two Republican candidates in the field for Governor of Tennessee. T. Asbury Wright was nominated by the "Home Rule" faction at Chattanooga, Monday. State-wide prohibition is the keynote of the platform.

DALLAS, Texas, Aug. 13.—Texas Republicans in convention yesterday nominated a full state ticket, including a platform and announced that they would make a sweeping and active campaign of the state between now and September 1. Colonel J. L. Simpson, of Dallas, a Confederate veteran, was nominated for Governor. Charles Ogden, of San Antonio, was nominated for Lieutenant-Governor, and W. H. Atwell, United States Attorney for the Northern District of Texas, was nominated for Attorney-General.

The platform indorses the National platform and nominees, opposes the quantity of bank deposits and declares against state-wide prohibition and against the submission of a constitutional amendment providing for state-wide prohibition to the voters at large.

New York Convention September 14.

NEW YORK, Aug. 13.—The Republican State Convention to nominate a candidate for Governor and a state ticket will be held at Saratoga, September 14. Elihu Root will be temporary chairman and Joseph H. BETHEL CAUSES TROUBLE

English Editor Places Korean Authorities in Serious Plight.

SEOUL, Aug. 13.—A novel situation has developed in the case of the Korean editor of the vernacular edition of the Daily News, who was arrested July 25, charged with complicity in the alleged disappearance of a portion of what is known as the Korean national loan redemption fund which amounted to \$2,000,000. After a preliminary hearing the editor was committed for public trial August 15.

The Daily News was formerly owned by Joseph E. Bethel, an Englishman, recently was sentenced to a term in prison at Shanghai after a conviction in the British consular court of using the columns of his paper to incite the Koreans to riot. The Korean national loan redemption fund was originally collected, partly with the assistance of Bethel's newspapers, with the object of paying the Korean national debt to Japan.

It was asserted by Bethel's friends that the arrest of the Korean editor of the News was secured by the Japanese because he was the chief witness in behalf of Bethel during the latter's trial. Every evening the Korean editor, who was seriously ill, was sent to a hospital. During the transfer he eluded his guards and went to Bethel's office. Bethel hosted the British flag over his gate and refused to allow the police to enter or to surrender the editor, claiming for him extra-territorial protection.

The British Consul, who has been embarrassed by Bethel's action, is conferring by cable with Amoy, where he resides in Tokyo as to what course to pursue. The whole affair has created a great sensation in Seoul and its final development will be enjoyed by everyone except the British Consul and the Korean and Japanese authorities.

The Korean government asserts that the redemption fund, which was collected by poor people who made many sacrifices in the belief that the payment of the national debt would free Korea from the yoke of Japan, has been in great part misappropriated.

The Korean editor places the responsibility for the fund on Bethel, who asserts that he is entirely innocent of any misappropriation and that he can account for the entire fund, which, he says, he invested in loans to various foreigners in Seoul and also in shares.

Bethel has been called as a witness by the British Consul in the Korean editor's trial and he will be required to swear by his statement of the disposition of the fund. In the meanwhile the trial of the editor must be postponed unless Bethel surrenders him.

WANT 6000 STEEL CARS

Harriman Lines Will Spend \$6,000,000 for Rolling Stock.

NEW YORK, Aug. 13.—The Harriman roads are in the market for 6000 steel cars. No orders have been placed, but the car equipment companies have been notified that this amount represents the total of an early purchase by the Harriman lines, and for more than half the cars there have been filed specifications on which the equipment companies may base their bids. Competition between the companies is said to be keen, for the orders, if filled, will be altogether the largest since the panic.

The estimated cost of the 6000 steel cars ranges all the way from \$4,000,000 to \$7,000,000. It is expected that the lower figure will prove near correct, for the reason that the competition between the car equipment companies may result in a cut price.

La Follette Admires Bryan.

LINCOLN, Neb., Aug. 13.—Before an audience of 6000 at the Epworth Assembly last night, Senator Robert M. La Follette expressed great admiration and respect for W. J. Bryan, but insisted that he himself was a Republican. The fight against the railroads to secure lower rates and no discrimination, he said, was started by Bryan and his friends in Wisconsin, Illinois, Iowa and Minnesota. These policies were not the product of the minds of either Bryan or Roosevelt.

Murder Mystery at Cleveland.

CLEVELAND, O., Aug. 13.—Life-savers began dragging the lake at the mouth of the river here today for a body, the head of which was found yesterday. The police, working upon the same mystery, searched the city for the owners of a trunk, which was thrown from the Columbus Road bridge by a man and a woman.

The head of a woman was discovered floating in the river mouth by the crew of a boat. A few hours later a bridge-tender saw a man and a woman approach the Columbus Road bridge and toss a trunk into the water. The police recovered the trunk and found that it contained clothing belonging to a woman.

Michael Serwetzka, a Polish priest, of Newark, N. J., appealed to the police of that city for protection, and fled aboard a steamer bound for Europe. He was recently assigned temporarily to the Holy Trinity Catholic Church in Newark, and hardly had been established there when he received one of the letters that has been troubling him.

Queenstown to Be Eliminated.

NEW YORK, Aug. 13.—It was stated yesterday on the best authority that, beginning with March sailings in 1909, Cunard liners would cut out calling at Queenstown and run to Plymouth and Cherbourg, still making Liverpool the home port, as heretofore. The change has been decided upon, it was said, after long consideration to expedite the delivery of mails in London, and also to enable the Cunard to get its share of the Canadian first-class passenger traffic in competition with other lines.

ROOSEVELT IS HELD UP

Society Highway Robbers Levy on Him for Charity.

OYSTER BAY, Aug. 13.—While playing his morning game of tennis today, President Roosevelt was surrounded by a score of young women and young men on horseback, wearing on their sleeves white bands with red crosses. They informed the President they were holding up the people in Oyster Bay and collecting funds for the benefit of the Nassau Hospital at Mineola. The leader led the President to know that he was their victim. The President quickly produced his contribution. He said he wished the riders success in collecting a large sum.

The young people are all members of the Oyster Bay Riding Academy and come from the wealthy families in the vicinity. The President's sons, Archibald and Kermit, are members of the riding club, but contrary to expectations they did not go out today to assist in the hold-up.

The party collected a large sum of money before the arrival of the President's guests arrived. When the guests had driven a short distance from the station their automobile was held up by the charity workers, some of whom had added long muskets to their equipment.
