

# BRYAN THANKS KENTUCKY KLIKK

### Sends Message in Response to Congratulations of Local Club.

### GOOD WISHES EXCHANGED

### Resolutions Adopted by Organization of Southerners in This City Express Hearty Indorsement of Democratic Candidate.

Felicitations have been exchanged between the Kentucky Klirk of this city and W. J. Bryan, the Democratic Presidential nominee. In the Kentucky Klirk was the first organization, political or otherwise, of this city to congratulate Mr. Bryan formally on his nomination as the party's standard-bearer, and for the same reason it was the first to hear from the Nebraskaan officially.

At a meeting of the Klirk July 10 the following resolutions were adopted and ratified:

Whereas the Republican party of today is rapidly forming a vortex of centralism, the purpose of which is to establish a monarchy in lieu of a government of and by the people, and whereas, in the present, its special tendencies have always been Hamiltonian as distinguished from Jeffersonian, and in defiance with the wishes and interests of the honest, energetic and producing classes of this "Landed Nation," be it resolved:

Resolved, that the Kentucky Klirk, as its choice of all candidates, favors William Jennings Bryan and John Worth Kern for President and Vice-President of the United States, and to that purpose and end shall faithfully work for the election of the Democratic electors of Oregon, in the hope thereby of adding in November next to two worthy sons of Democracy, nominated at the Denver convention.

The secretary is hereby directed to mail a copy of these resolutions to William Jennings Bryan and John Worth Kern for President and Vice-President of the Democratic party.

In response to the message of good wishes, the Kentucky Klirk yesterday received the following from Mr. Bryan:

I am in receipt of your recent favor and wish through you to extend my thanks to the members of the Kentucky Klirk for the resolutions recently adopted. I appreciate the interest which the organization feels in this cause and send to them my cordial greetings.

### FIRST BRYAN CLUB FORMED

### Democrats to Make Spirited Campaign in Multnomah.

Multnomah County Democrats are endeavoring to elect the President with him that would do credit to an organization of many times their number. G. H. Thomas, county chairman, proposes to have Bryan and Kern in the county, and it will be through these precinct clubs that the activities of the campaign will be directed.

The first of these clubs was organized in Precinct No. 48 Saturday night, with the following officers: President, J. D. Welch, secretary, W. J. Regner. A number of other precinct clubs will be organized this week. Mr. Thomas has established headquarters for the campaign in this county in the Almsworth building, Third and Oak streets.

### TROOPS SCATTER RIOTERS

National Guard of Illinois, with the exception of the Sixth and Eighth Infantry, colored, was on duty in the riot ridden districts tonight. In all 800 guardsmen are in the city.

Two deaths due to the violence of Friday and Saturday occurred at St. Johns Hospital. William Donegan, the aged colored man whose throat was cut last night, expired at 11 A. M. Frank Delmore, who was shot through the lungs on Friday night, passed away one hour later.

### Five Violent Deaths.

This brings the list of violent deaths during the race troubles up to five. A council of war was held at the Capitol at 4 o'clock this afternoon by Governor Deeneen, Major-General Young, Adjutant-General Scott, General F. P. Wells and Colonel J. B. Sanborn.

At the meeting a plan was adopted which it is believed will render further demonstrations improbable. Colonel Sanborn was given command of a provisional brigade consisting of the First and Second Infantry Regiments with instructions to preserve the peace in the territory west of Seventh street. The two regiments established headquarters on the Capitol grounds in shelter tents bordering the State House on three sides.

### Jail, Brigade Headquarters.

General F. P. Wells was placed in command of a second provisional brigade, consisting of nine companies of the Fourth Infantry, two companies of the Third Infantry and 12 companies of the Fifth Infantry. General Wells, with headquarters at the County Jail, posted guards to cover the city east of Seventh street. Troops B and G of the First Cavalry were detailed under Major Frank Bush at division headquarters under command of Major-General Young.

Citizens Applaud Soldiers.

The Second Infantry reached this city at 4:30 P. M., under command of Colonel John Garity. The manner in which a line of skirmishers were thrown out as the guardsmen debarked from the train gained applause from the crowd which gathered at the railroad station to watch the arrival. The khaki clad militiamen marched to the Capitol to the beat of a fife and drum quickstep, and the assignment to Colonel Sanborn's brigade followed.

As it was nearly midnight when the Seventh Infantry and the First Cavalry

troopers arrived, no brigade assignments were given them. They probably will be detailed as reinforcements to the two brigades already formed.

### Tents Offered to Negroes.

Governor Deeneen said this afternoon that he wished so to protect the city that the negroes who had returned. "We can protect them here, and we cannot when they scatter about the city," said the Governor. "If they will come back we will give them food and shelter in Government tents."

At the conference in the Governor's office this afternoon, steps were taken to notify the negro residents of the suburban districts to come into the state arsenal for the night. The scattered settlements extending around the outskirts, present too great a field, for even the great body of troops here now. It was the idea of the military authorities that most effective work could be done with the danger spots restricted as much as possible.

### Lawless Element Plans Attack.

Another factor in this connection was the large number of warnings of impending trouble. At all the principal stations word was received that attacks were being organized by the lawless element, who, with a complete day of rest, were expected to make tonight the time of supreme test between the mob and the troops.

Several complaints were received from near-by villages and hamlets of the existence of threatening conditions. The most insistent came from Chatham, a village 12 miles south of here. The negroes there had become frightened at the attitude of their white neighbors and asked that troops be sent. Their spokesman was told that the best plan would be for them to come to Springfield and seek protection at the arsenal.

### Refugees Nuisance in Country.

The authorities are a bit worried by conditions in the outside sections. Scores of negro families have left Springfield either on foot or by trolley cars, the latter riding as far as their means would permit and then striking across country. These tramping parties, aimless and penniless, are causing some complaints from the communities through which they pass. The whites assert that the presence of these negro paupers imposes unnecessary burdens and also argue that only the shiftless and immoral portions of the Springfield negroes are represented. Minor deprivations, it is said, have already increased in the farming districts because of this condition.

The Springfield authorities are doing all they can to reassure the negroes still here. Thus far they have been partially successful, although the number of those who have sought shelter in the arsenal is surprisingly small. Most of the refugees are advanced in years, too. The younger negroes, who might be expected to add fuel to the smoldering flames by rash acts, thus far have generally refused to become wards of the state.

### Capitol Grounds Strategic Point.

Governor Deeneen explained tonight that the disposition of troops at the Capitol was not because of any apprehension of danger to that edifice, but because the grounds offered excellent camping facilities and were a strategic point from which Colonel Sanborn could control the situation west of Seventh street.

An example of this was offered late this afternoon, when an alarm reached the arsenal from Spring and Edwards streets, where William Donegan was lynched last night. A rapid-fire squad, under Captain J. V. Clinin, of Chicago, was sent to the place on the double-quick. When five minutes had elapsed he had cleared the streets for half a mile from the threatened corner, three companies of infantry being held under arms at the arsenal meanwhile.

The State's Attorney of Kanawake County called on the Governor this afternoon in an effort to have arrested the soldier who stabbed Earl Nelson with a bayonet in the First Regiment train at Kanawake last night. The Governor referred him to the military authorities.

### WILL NOTIFY CHAFIN TODAY

### Prohi Leaders Gather at Chicago for Ceremony.

CHICAGO, Aug. 16.—Prohibition leaders from all parts of the country began to arrive in Chicago today to be present at the notification ceremonies tomorrow when Eugene W. Chafin will be officially informed of his nomination by the Prohibition convention for the Presidency.

The address of notification will be made by Professor Charles Scanlon, of Pittsburg, and after the candidate has delivered his speech of acceptance, Dan R. Sheen, Prohibition candidate for Governor of Illinois, will make the keynote address of the campaign in this state.

The exercises will take place at 3 o'clock tomorrow and they will be preceded by a public reception, to be held at the Auditorium during the afternoon.

### CROKER DENIES HE SAID IT

### Declares Comments on Roosevelt Were Distorted.

DUBLIN, Aug. 16.—In an interview today Richard Croker complained of misrepresentations that have been published recently respecting his views on President Roosevelt, and especially an alleged comparison between the President and King Edward and an assertion that Mr. Roosevelt was only at home with his books.

Mr. Croker denies having made such criticism of the President. David Bennett Hill, the former Governor of New York, is on a week's quiet holiday with Mr. Croker.

### TRY TO GET MONEY'S WORTH

### Pennsylvanians Invert Million Dollar Capitol Lights.

HARRISBURG, Pa., Aug. 16.—(Special.)—"The most unkind cut of all," to the great art ideas of the architect, Joseph Huston, of the State Capitol, is turning upside down a great number of the million dollars' worth of chandeliers in order to improve the artistic effect and to get better light from them.

These "exclusive design" chandeliers, many of them weighted with pig-iron and sold to the state by the pound, at an almost fabulous price, embodied the most sublime of all of Huston's aesthetic ideas. But when it came to furnishing light they succeeded very poorly. Equipped with ordinary incandescent lights, they cast a faint glow upward and left the floors in half-shadow. Superintendent Rambo hit upon the idea of turning them upside down and equipping them with lamps of higher power.

# TAFT TO TRY FOR LAKE ERIE BASS

### Will Spend Week Off Put-in-Bay as Guest of Middle Bass Club.

### GOES THEN TO CINCINNATI

### Hopes That Change From Mountain Air Will Put Him in Fine Fettle for Front-Porch Work in His Native City.

HOT SPRINGS, Va., Aug. 16.—Candidate Taft will leave Hot Springs Friday, August 25, for a week's fishing in Lake Erie, at the end of which time he will go to Cincinnati, September 5 or 6, to remain until election day.

The announcement of the itinerary, which is to include the candidate's pre-campaign vacation, was made today. Mr. and Mrs. Taft will be the guests of the Middle Bass Club, the headquarters of which are the Middle Bass Island, a short distance out in Lake Erie from Put-in-Bay. The club claims distinction for having had as members Presidents Hayes, Garfield and McKinley, and being the host on several occasions to President Cleveland.

The visit of the Taft party was arranged by Charles Lewis, a candidate, president of the club, and Representative J. Warren Keifer, member of the club. Mr. Taft is fond of fishing and has been induced to believe that the change for a week from the mountains to the lake will put just the proper edge on his condition of fitness for the front porch work he is to do in his native city.

### Plans Big Rally Friday.

Arrangements are nearing completion for the one political event in which Mr. Taft is to participate before leaving here—the rally of Virginia Republicans next Friday, John A. Noonan and Mr. Voochee, of Stanton, Va., in charge of the arrangements, have informed Mr. Taft that the railroad excursion alone will bring 5000 Virginians to the mountains to hear Mr. Taft speak.

Three trainloads are expected from Charlottesville, but the Shenandoah valley is expected to furnish most of the visitors—from Augusta, Highland, Bath, Rockingham, Shandoah, Page and Rockbridge Counties.

### Famous Stonewall Band to Play.

The famous Stonewall Brigade band, organized in 1857, will come from Stanton.

Two of the charter members, Charles E. Hayes and Robert E. Hamilton, are still with the band and will be here Friday. This band made a pilgrimage to Canton, O., in 1896, and attended the inauguration of President McKinley afterward.

The certainty of a large attendance has made a change in the plans necessary. Instead of speaking from the clubhouse bandstand, a platform is to be built in the hall grounds where the accommodations will be more ample. The speech of Mr. Taft will be the feature of the programme. He will be introduced by Colonel S. Brown Allen and a short speech may be made by Representative Sloop.

### Spends Quiet Sunday.

Following his usual custom, Mr. Taft transacted no business, and held no political conferences today. With Mrs. Taft he attended services at St. Luke's Episcopal Church.

### QUET SUNDAY IN CHICAGO

### Chairman Hitchcock Has One Visitor, Mulvane From Kansas.

CHICAGO, Aug. 16.—Chairman Frank H. Hitchcock and other officers of the Republican National Committee spent a quiet Sunday. D. W. Mulvane, the member of the committee from Kansas, was the only political arrival. He will remain until tomorrow for a conference with Mr. Hitchcock and other prominent Republican leaders here.

General T. Coleman Dupont, director of the speakers' bureau, and George R. Sheldon, treasurer of the National committee, left for New York during the afternoon.

Perdue was struck over the head with this bludgeon and one of the spikes entered the coat sleeve, showing that it was possible that the victim put up a fight. There was no bullet found in the body, which was badly decomposed, although Johnson carried a borrowed weapon.

### Watched by Sheriff Stevens.

Sheriff Stevens and his force of deputies have been keeping watch on Johnson's movements for more than two weeks. The man has been in and out of the city, at first rooming at Harrison Court, Fifth and Harrison streets. After being there a short time he dropped from view, and was later found at the Salem Hotel. His wife was with him most of the time.

Sheriff Hancock was notified as soon as Johnson was located, and came to Portland Saturday night, arresting Johnson on a John Doe warrant. When taken into custody he was eating dinner in company with his wife. He offered no resistance and was taken on once to the Multnomah County Jail, where he was kept last night in the same cell in which George Blodgett was confined for a long time.

Sheriff Hancock refused last night to give his prisoner an opportunity to make a statement to the public. Sheriff Hancock said Johnson will be held until the grand jury sits and investigates the charge. In case the suspect is indicted he will be held for trial in the Circuit Court at Hillsboro.

THE DOCTOR says "drink beer" to the weak and the convalescent. To those who need strength—need a food and a tonic. If it is good for them, isn't it good for you?

The virtue of beer does not lie in the alcohol. There is only 3 1/2 per cent. of that.

It lies in the malted barley—a digested food. And in the hops—a tonic and an aid to sleep.

It lies, too, in the fact that the drinking of beer flushes the system of waste. So would water, of course, if one drank enough of it. But you don't drink water like beer.

When beer is pure there is nothing more healthful. And Schlitz beer is pure. It brings no after-effects, no biliousness.

But better go without beer than to drink the wrong beer. That is why the Doctor generally says "Drink Schlitz."
