BALDWIN AIRSHIP STANDS ALL TESTS

Government Board Recommends Its Purchase for Use of Army.

PRICE SLIGHTLY SHADED

WASHINGTON, Aug. 17.—The army airship board today decided that Captain Baldwin's dirigible balloon had met all conditions entitling him to the amount agreed upon for its purchase. The board calculated that the airship had maintained an average speed of 19.75 miles an hour while in the air two hours, one minute and 50 seconds, this speed being slightly more than the required minimum per cent of the maximum speed of 19.61 miles an hour. He will receive $5787.50, which is 15 per cent less than the amount he would have received had he reached a maximum speed of 20 miles.

PLOT TO DESTROY UNION

WOMAN SAYS SHE WAS FORCED TO SIGN CHARGES.

Alleged Conspiracy to Wreck Mine in New Light When Accuser Changes Her Story.

LOS ANGELES, Cal., Aug. 17.—The arrest by private detectives in this city yesterday of Fred Yockey, vice-president of Union No. 44, of the Western Federation of Miners at Randsburg, Cal., on the charge of conspiring to blow up the Yellow Astor gold mine with dynamite, may prove a boomerang.

Yockey was arrested, it is said, upon complaint of Mrs. Alice G. Clark, of this city, a detective working for the Hurst Detective Agency, which was retained by the Yellow Astor Mining Company to secure certain evidence. According to published stories, Mrs. Clark now charges that all of the accusations against Yockey are false and says that she was compelled to swear to them by Joe Coplan, another detective of the Hurst Company, who forced her to sign the statements at the muzzle of a pistol.

The whole plot, she avers, was an effort to break up the Miners' Union at Randsburg. Yockey was taken today to Randsburg, where the miners are said to be greatly incensed over his arrest.

"This whole plot would be ridiculous if it were not so infamous," declared Yockey. "I can clear myself in an hour at a preliminary examination, and have absolutely no fear of the outcome. The evidence trumped up against me is just like the evidence that was made to order for the prosecution of Moyer, Haywood and Pettibone. It is a parallel case exactly. There wasn't anything doing up in the Randsburg country, and some detectives simply worked out a plan to make business good.

"It is true that I was vice-president of the union, at Randsburg, but I resigned that office a short time ago and left the mines, intending to go to the oil fields."

Mrs. Clark met Yockey today at the office of his attorney. There she told again her story of the alleged plot to send Yockey to prison as Yockey had told it before her arrival.

HAINS AND ANNIS FRIENDS

(Continued From First Page.)

who witnessed the shooting of her husband, has been prostrated since the tragedy.

It is said she has several letters written by Captain Hains to her husband, threatening his life. One of these letters, it is said, was received by Mr. Annis the day before he was shot. The letter warned him, it is reported, that Captain Hains would shoot him on sight. Mrs. Annis says she does not believe Captain Hains intended to shoot her husband, but wanted to serve him with papers in a divorce proceeding. Mrs. Annis frequently entertained Mrs. Hains and several times Mrs. Hains was taken on automobile rides with Mrs. Annis and her husband.

Mrs. Hains Not to See Children.

General Hains is in New York, stopping at the Hotel Astor, so that he can be near his sons. He was asked today if he had seen his daughter-in-law and replied that he had not. He told of an arrangement which had been reported as existing, whereby Mrs. Hains could visit her children every two weeks, and stated emphatically that he would not permit her to take charge of the little ones unless his son, Captain Hains, agreed to let her have them. General Hains declined to discuss the shooting of Annis by his son, saying his lawyers had advised him not to talk about the case.

The District Attorney was interested when he learned that T. Jenkins Haines killed a man at Fortress Monroe, Va., 17 years ago and will secure a copy of the court proceedings during his trial. Ned Hannigan, the man Hains killed, was his best friend, and it is a striking coincidence that Hains shot him in a sailboat. On his trial Hains was acquitted.

While Mr. Annis was lying on the float of the Bayside Yacht Club, after he had been shot, Mr. Crockewell scribbled on an envelope these words:

"Shot by Captain Peter C. Hains, U. S. A., August 15."

This was handed to the dying man and in a firm hand he signed his name.

Hearing Adjourned One Week.

When the Hains brothers were taken to a police station at Long Island City this morning, their counsel, William C. Percy, asked for an adjournment of a week, and it was granted. Then the brothers, handcuffed to detectives, were taken through the streets to a trolley line five blocks away, followed by a big crowd.

Later the prisoners were taken to the Brooklyn police headquarters, a trip of 15 miles, in a patrol wagon and a photograph taken for the Bertillon system records.

District Attorney Darrin in the afternoon announced that he would convene a special grand jury in an effort to have an early indictment of the brothers. He says he expects to have them on trial by the middle of September. The Coroner's inquest has been set for Wednesday morning.

The funeral of Mr. Annis will be held tomorrow morning from his apartments in the Malvern, on Claremont avenue.

Will Leave Hains to Civil Power.

WASHINGTON, Aug. 17.—No official report thus far has been received by the War Department of the shooting of William E. Annis by Captain Hains. In the view of the law officers of the department nothing can be done respecting Captain Hains by the military authorities, as he is under duress by the civil authorities of New York.

NOTED WHIP WILL JUDGE

KRAMER, OF NEW YORK, TO ACT AT HORSE SHOW.

Seattle and Tacoma Will Be Well Represented Here at Society Event.

Samuel E. Kramer, the well-known whip of New York, will participate in the Portland Hunt Club meeting and will arrive here this morning to begin the preliminary work. He will act as assistant to President McGrath, and as he is an acknowledged authority on appointments of every kind, much interest centers in his engagement. He is the best four-in-hand driver in the United States. Exhibitions of his expert work will be included on the fine programme now being prepared. He was a blue ribbon winner at Madison Square for two consecutive seasons in the four-in-hand driving class, and last year carried off these honors at Durland. Some of Mr. Kramer's horses were included in the stable George Gould took to England with him on his last coaching trip.

Mr. Kramer has been in Seattle recently where his driving of the famous Treat and Considine pairs and teams excited admiration in sporting and society circles. His engagement as the Hunt Club President's assistant here is considered a notable acquisition.

Mr. McGrath returned yesterday from a tour of the Sound country and states that both Seattle and Tacoma will be well represented at the Portland Show. Spokane will send some noted horses also.

Attack Immigration Law.

WASHINGTON, Aug. 17.—The Oceanic and Mercantile Steamship Companies have appealed to the Supreme Court of the United States the cases which were decided against them in the Federal court of New York and in which are involved the question whether the Collector of Customs is justified in refusing clearance papers to vessels which refuse to pay penalties imposed upon them for bringing undesirable aliens into this country. This brings into consideration the constitutionality of the present immigration law insofar as it deals with this point.

Tomorrow and Thursday will positively be the last days for discount on East Side gas bills. Portland Gas Company.

BENSON'S ILLNESS SLIGHT

OREGON SECRETARY OF STATE ABLE TO ATTEND THEATER.

No Basis for Rumor That His Condition Is Alarming — Merely Under Weather.

SAN FRANCISCO, Aug. 17.—(Special.)—Secretary of State Benson, of Oregon, has been slightly under the weather for the past few days, but has not been seriously ill or confined to his rooms at the Hotel Audobon in this city. Several days ago, according to one report, Mr. Benson was not feeling well, but the last of the week he went to San Jose to visit relatives, and today returned to San Francisco.

Mr. Benson was at the theater this evening and did not return to the hotel until a late hour.

REPORT IS DENIED AT SALEM

Benson's Chief Clerk Says Secretary Is Not Seriously Ill.

SALEM, Or., Aug. 17.—(Special.)—The report which was published here today that Secretary of State Benson is dangerously ill at San Francisco and that his life is despaired of is given an unqualified denial by Chief Clerk S. A. Kozer, of the Secretary's office.

Mr. Kozer has been in constant communication with Mr. Benson during the latter's absence. Mr. Benson has been taking a vacation and at the same time has received treatment for a sore on his nose which has given him trouble for several months, though not apparently of a serious nature. Today Mr. Kozer wired Mr. Benson of the report published concerning his illness and received the following reply:

"The report that I am seriously ill or confined in a hospital is without any foundation. F. W. BENSON."

Mr. Kozer says that he expects Mr. Benson home in about a week.

Aguinaldo May Be Alderman.

SAN FRANCISCO, Aug. 17.—Arrivals on the transport Buford, which docked yesterday, say the natives of the Philippines group are more content with conditions at present than they have ever shown themselves since the American occupation took place. This, too, in spite of hard times as a result of the failure of the rice crop. The declaration that Aguinaldo, former insurgent leader, is seeking office in the City Council of Manila is believed by many Americans to be a good sign, as it indicates an interest on the part of the higher classes of the Filipinos in the present government that has never before been manifested.

Eager to Carry Roosevelt.

NEW YORK, Aug. 17.—Although it will be many months before President Roosevelt and his party start on their hunting trip to Africa, the question as to what route he will take is already agitating every big steamship line whose steamers leave this port. "The President's business," as the steamship men call it, is eagerly sought and the steamship lines are willing to go to almost any length to have the honor of transporting the President across the North Atlantic.

Kills Husband, Shoots Herself.

CHICAGO, Aug. 17.—Mrs. Mary Cassidy, while temporarily insane oday shot and killed her husband, John Cassidy, and then shot herself through the body. UTICA'S GALA TIME

Celebration at Sherman Notification Today.

MANY NOTED SPEAKERS

Taft's Running Mate to Have Vice-Presidential Salute and Parade. Will Entertain Committee at Luncheon.

UTICA, N. Y., Aug. 17.—Representative James S. Sherman at noon tomorrow will be formally notified of his nomination for the Vice-Presidency at the Chicago convention last June, and the final ceremonies of officially placing the Republican National ticket before the people will have been completed. The notification will be made the occasion of a general holiday and the residents of the city, irrespective of politics, have been invited and are expected to take part in the tribute to a fellow townsman. It is predicted that many thousands of visitors will be in the city.

Threatening weather has caused an alternative programme to be arranged for the ceremonies. With fair weather Mr. Sherman will accept the nomination tendered him from a flag-draped stand in front of his home in Genesee street. In the event of rain the notification will take place in the Majestic Theater.

Rain Makes Bunting Limp.

Heavy showers today took much of the crispness out of the elaborate decorations that are everywhere in evidence. Genesee street, especially in down town sections to the Sherman residence, is a mass of waving color. There is a promise of clear weather tomorrow.

Several of the notification committee appointed at the convention arrived in the city today and an advance guard of visitors was also in evidence. Mr. Sherman received the committeemen during the afternoon. Tomorrow he will entertain them at luncheon in his home here after the exercises and in the evening will again be their host at dinner at the Yahnundasis Golf Club.

The day will begin with a Vice-Presidential salute of 19 guns fired at 7 o'clock in the morning. Then will follow a parade of the city police and fire departments, and at 11 o'clock the members of the notification committee will be escorted either to the Sherman residence or the theater, acording to the weather. A combined band of 110 pieces gathered from neighboring cities will be at the head of the column of automobiles.

Galaxy of Orators.

Secretary Root, who will arrive tomorrow, will be one of the distinguished guests at the notification ceremonies and will make a brief address.

In addition to the addresses of Senator Julius C. Burrows, chairman of the notification committee, and Mr. Sherman, there will be remarks by President W. M. Stryker, of Hamilton College, from which the Vice-Presidential candidate was graduated; by Mayor Thomas Wheeler and by Charles S. Symonds, chairman of the local reception committee.

The later afternoon will be given over to field sports, races, baseball, etc., at Utica Park, and in the evening there will be band concerts down town and an electrical illumination of the principal streets.

INDIAN ALARMS GUESTS

Belligerent South American Creates Disturbance at Tavern.

A South American Indian, who has been employed at Claremont Tavern on the Linnton road for the past several months, ran amuck at that caravansary yesterday, and brandishing a butcher knife threatened to kill all the attaches.

After considerable excitement, in which guests and employes participated, the Indian, who refuses to give his name, was subdued. His weapon was taken from him and he was pushed into an ice chest and securely locked there until the arrival of Deputy Sheriffs Beatty and Jones. The liquor-crazed man was nearly in a state of collapse when taken out of his prison, but was soon revived, whereupon he began a stronger fight than ever. He was finally subdued and taken to the County Jail.

Drowns in Russian River.

MONTE RIO, Cal., Aug. 17.—William H. Horn, said to be an employe of the American Can Company, and formerly a professor in the Kansas State University, was drowned while swimming in the Russian River, near this place, yesterday in the sight of a number of people who were unable to aid him, as he sank without warning in the middle of the stream. Several hours later the body was recovered by Captain Meadows, of the launch Sonoma. It is thought that Horn was seized with an attack of cramps.

Darlow Quits Union Pacific.

OMAHA, Neb., Aug. 17.—Alfred Darlow, advertising agent of the Union Pacific, has presented his resignation, effective September 1, by which time he will have completed 20 years of service with the company. He leaves the railroad field to devote his entire time to personal business. Mr. Darlow is one of the most prominent and widely-known railroad advertising men in the United States and has perhaps the most extensive acquaintance among newspaper men and publishers.

Nevada Banker Arraigned.

GOLDFIELD, Nev., Aug. 17.—Thomas B. Rickey, former president of the State Bank & Trust Company, which has been wrecked, was arraigned before Judge Langan today on two indictments charging him with embezzlement. The indictments accuse him of receiving deposits on October 11, 1907, knowing that the institution was insolvent. He was given until August 22 to plead. Rickey seemed to be disinterested in the proceedings.

WASHINGTON, Aug. 17.—The President sent a cablegram of congratulation to Emperor Francis Joseph, of Austria-Hungary, today, the occasion being the birthday of the Emperor, which is tomorrow. The message was in the usual form, expressing the President's wishes for the happiness of the Emperor and for the prosperity of his country.
