

"LEAGUE" IS NAME; "PARTY" IS BARRED

Hearst Organization Not Officially Recognized Under New Appellation.

IT CANNOT GO ON BALLOTS

Identical Situation Encountered in Three States Where Independents Wish to Conduct Heavy Operations.

BY LLOYD F. LONBERGAN, NEW YORK, Aug. 18.—(Special.)—

Those sterling patriots, Thomas L. Hisgen and John Temple Graves, have heard with mingled feelings of surprise and resignation, that they are running as the nominees of one party, and will be voted for as the candidates of another.

During the campaign, the virtues of the Independence party will be lauded to the skies. But the emblem of the new organization will be missing from the official ballot.

How Trouble Arose.—All the trouble was started by a coarse, brutal member of the Erie County Board of Elections, Dr. Auel, who is the Hearst boss in Buffalo.

So Dr. Auel was happy when he entered the office of the Election Commissioners.

"The Independence party?" said the Commissioners scornfully. "Never heard of it. You cannot hold primaries, and if you want to go on the ballot, election day, get busy with your own election."

"But we polled 19,000 votes in 1907," protested Dr. Auel.

"Who did?" said the doctor. "You see," he added, "the Independence League used to be the Municipal Ownership League, and now it is the Independence party," and he smiled, thinking his troubles were at an end.

"The Independence League has rights under the law," was the decision. "But there is no record of any Independence party."

And so it's Independence League. "We are going to use the Independence League name and emblem this year," he said. "The electors on it will be for Hisgen and Graves."

This decision was not reached until after long argument. Several leaders advocated getting on the ticket under the new name "by petition," but this would have involved the necessity of securing at least 100 names in each of the 16 counties of the state.

And so it's Independence League. "We are going to use the Independence League name and emblem this year," he said. "The electors on it will be for Hisgen and Graves."

Roosevelt Discusses New York Problem With Fasset.

DIVISION IN EMPIRE STATE

Fasset Says Party Splits Evenly on Hughes—President Pledges Filipinos More Power When Next Assembly Is Elected.

OSTER BAY, Aug. 18.—President Roosevelt had a number of callers at his home on Sagamore Hill yesterday and discussed a wide range of subjects with them, from Philippine Islands questions with Senator Manuel Queson, a prominent Filipino, to New York Police Department matters with ex-Chief John McCullough.

More Power to Filipinos. Speaking for himself of the candidacy of Governor Hughes for re-nomination, Mr. Fasset said:

"I find that there is large opposition to Governor Hughes in the state, and especially in my part of the state, on the part of a large element connected with the race-track gambling interests. I also have received strong protests from prominent railway men and voters of the laboring classes. As far as I can judge, though, the party seems pretty evenly divided as to those who are in favor and those who are against Governor Hughes' re-nomination."

They Believed in Hearst. "Mr. Hearst polled a great vote in 1905 and 1906 because many believed that he stood sincerely for the policies he had adopted," said Mr. Fasset.

Independence in 20 Years. Senator Queson says the President favors complete independence of the Philippines when they are able to assume self-government.

CONVICT'S CLEVER RUSE

ESCAPES IN MAKING HUNT FOR BRITANN BOY.

Leads Parents to Believe He Helped Kidnap Cecil, Is Taken to Mountains and Fleece.

WALLA WALLA, Wash., Aug. 18.—James Breen, the ex-convict who was recently granted a conditional pardon on his promise to restore Little Cecil Brittain, the child who so mysteriously disappeared near Tolgate, in the mountains near this city, July 15, 1906, made a successful getaway in the fastnesses of the mountains near Tolgate yesterday, while Mr. and Mrs. Brittain and Deputy Sheriff Butler, of Spokane, waited in an automobile near the road for him to return with the boy, as he had promised to do.

Several things connected with the alleged part Breen played in the kidnaping of the Brittain boy have appeared strange and now their significance is known. There is little doubt that the ex-convict watched his chance and escaped to his old horstesting "palace" the time when he either had to make good his promises or return to the penitentiary.

That his confession and alleged penitence were merely a "blind" to secure his liberty is now almost a certainty. Mr. and Mrs. Brittain are almost heartbroken with the failure of this rescue.

YELLOW PERIL IS REAL

Canadian Statesman Says America Has Cause to Fear.

MONTREAL, Aug. 18.—T. Hamer Greenwood, the most prominent Canadian in the British Parliament, and a member of the executive committee of the Liberal party of Great Britain, who is visiting Canada, predicts a conflict between Japan and America. He says: "Japan is preparing to restrict the overflow of her people into countries where they are not wanted, but it does not require a prophet to foresee that the feeling between these swarthy John Bulls of the Pacific and the white race of America may soon grow acute and may mean war. Just now Japan is having a struggle to make both ends meet in national finance and has cut down her navy and military programmes by large amounts."

Walla, Walla Man Dangerously Ill. Wound Bleeds Profusely.

WALLA WALLA, Wash., Aug. 18.—Suffering from the bite of a spider, inflicted early last Sunday morning, Moses Maskelyne lies in a dangerous condition at his home at 210 North Fourth street, in this city.

While sleeping in a tent Sunday morning, Mr. Maskelyne was awakened by the bite of a spider. Soon his face began to swell and a local was applied to draw out the poison. When the blood-sucker was taken away the flow of blood was not stanching and the assistance of a physician was necessary before this could be accomplished.

Although the injured man reeled easily last night, his condition is yet serious, but the attending physician believes he will recover without more difficulty, provided the wound is carefully attended to.
