MORE LIBERTY FOR WOMEN OF TURKEY

New Regime Favors, in Measure, Emancipation of Oppressed Weaker Sex.

REFORMS MAKE HEADWAY

Sultan Reduces Expenses in His Military Household—Officials Get Back—Favorites Forced to Disgorge.

CONSTANTINOPLE, Aug. 21.—The work of reform is making considerable progress. The standing of the Sultan's military household has been considerably cut down, the number of his aides-de-camp being reduced from 200 to 130. An irade has been issued ordering the imperial princes to restore to the government all the crown properties they obtained gratuitously through the Sultan's favor.

Arrears in the salaries in the military and civil administrations will be steadily taken over by the government, which has received further advances amounting to $1,750,000 for this purpose from the tobacco monopoly and the Ottoman Bank.

The regime already gives indications of favoring in a measure the emancipation of women, who will obtain greater freedom in the matters of dress, appearance in public and travel at home and abroad.

TURKEY SOON TO WITHDRAW

Agrees to Evacuate Positions Proven to Belong to Persia.

CONSTANTINOPLE, Aug. 21.—The difficulties between Persia and Turkey are about to be laid at rest. The grand vizier has promised to withdraw the Turkish troops from all positions that are incontestably Persian.

CARS COLLIDE NEAR OAKS

MORE THAN 100 PASSENGERS HAVE NARROW ESCAPE.

Estacada Train Runs Past Block Signal and Crashes Into Car From Oregon City.

Two vestibule cars were partly wrecked and the lives of more than 100 passengers endangered Thursday afternoon in a head-on collision between an inbound Oregon City car and an outbound Estacada train at a point near Spokane avenue, between The Oaks and the golf links on the O. W. P. line. Fortunately, no lives were lost and no one was injured, which is considered remarkable, in view of the fact that both the car and train were said to be going at high speed. The front vestibules were crushed by the impact and the cars were put out of commission. The passengers were badly shaken up and some delay was caused to the traffic on this line.

The Oregon City car was No. 1067 and was in charge of Motorman Hurd. There were about 20 passengers aboard. The Estacada train consisted of two cars, No. 48 and an open trailer, in charge of Motorman Wright, and contained about 100 passengers. The block signals were set not far from where the accident occurred for the passage of the Oregon City car.

Superintendent Fields, for the company, is instituting an investigation, and expects to fix the blame for the accident. It was not shown last night how Motorman Wright had happened to go by the signals intended to indicate the free passage of the Oregon City car.

A car from Portland and one from Milwaukie were rushed to the scene and took the belated passengers to their destinations. Late last night the damaged cars were removed from the track.

Both motormen escaped injury by stepping back into their cars after having set the brakes. Passengerse said that the motormen acted bravely after they saw that the crash was inevitable, and that, standing by the front door, cautioned everyone to remain seated and hold tightly to their seats. It was no doubt due to this advice that some serious accident was averted. The cars, it is said, were going at the rate of about 12 miles an hour when they came together.

FORAKER IS UNRUFFLED

Not Worried Over Slight From Ohio State Committee.

WASHINGTON, Aug. 21.—Senator Foraker, of Ohio, was in Washington today, after a vacation in Maine. After his arrival Senator Foraker found a dispatch from Frank H. Hitchcock, Republican National chairman, expressing regret that the Senator had not met the Republican leaders in New York and conveying the hope that when Mr. Foraker was in that city again they would meet.

The reporters desired an expression from the Senator relative to his non-participation in the opening of the Republican campaign at Youngstown, September 5, where Senator Beveridge, of Indiana, and Governor Hughes, of New York, are to sound the campaign keynote. The Senator expressed his views regarding the action of the state committee of Ohio in inviting him to attend the opening and his prospective attitude in the campaign.

"I don't know," said Senator Foraker, "what action the state committee took, except as I have been advised by the newspapers. I see by the morning papers that Chairman Williams says he mailed me an invitation last Saturday, but I have not received it. All I know, therefore, is that, according to the newspapers, I do not appear to be either needed or wanted at Youngstown, except to sit on the platform and listen to the speeches that are delivered by the orators chosen for that occasion. I would, of course, be glad to hear these speeches, but I can read them in the newspapers.

"The fact that I do not care to make any speeches in the circumstances, under the auspices of the state committee, will not necessarily interfere with my making speeches under other auspices. I find on my desk today a number of invitations to speak, some from Ohio and some from other localities. If I should see fit to accept any of these invitations, while I should certainly try to speak in such a way as to help the Republican cause, I feel that I shall still be at liberty to express my own views on important questions about which there probably will be more or less discussion during the progress of the campaign."

CASTRO'S FLAG INSULTED

MOB SURROUNDS CONSULATE IN ISLAND OF ARUBA.

Citizens of Dutch City Angered by Arrival of Venezuelan Coast-Guard Vessel.

WILLEMSTAD, Aug. 21.—The Dutch island of Aruba has furnished the latest incident in the existing difficulty between the Netherlands and Venezuela.

Five days ago a Venezuelan coastguard vessel arrived at Aruba for the purpose of taking away the Venezuelan Consul. As soon as the purpose of the visit became known the people of the island started a demonstration. They crowded around the residence of the Consul and wanted to haul down his flag. The Governor of the island appeared, however, and succeeded in putting an end to the discord.

The Consul refused to leave his post, saying illness made his going away impossible, and consequently the coastguard vessel sailed away with her mission unfilled.

EXCLUDE VENEZUELAN CARGO

Citizens of Curacoa Stone Brazilian Schooner in Harbor.

WASHINGTON, Aug. 21.—Official advices from American Consul Cheney have been received by the State Department concerning the reception at Curacao of the Brazilian schooner Maria Abagail on July 29, when the merchants of that island without exception joined in a boycott on the cargo of sugar and hat straw which had been loaded in Venezuela. The people of the island are very much in need of the articles, but the feeling ran so high against Castro and Venezuela that the merchants to a man refused to accept any of the goods. It was supposed that the Maria Abagail had loaded in Venezuela under a special permit, which had been denied three weeks before to merchants of Maracaibo.

The people of the town were not at all inclined under the circumstances to accept any produce from Venezuela. As soon as the arrival of the vessel was known a dozen merchants signed a letter and sent it to the captain and owner, who was on board the Maria Abagail, advising him not to enter the port. He persisted in entering, but no sooner had he appeared than stones began to fly and one policeman was hurt. A squad of soldiers was sent to guard the vessel at the pier. The people of the town appeared to doubt the captain's story that the cargo was his own and that President Castro had allowed its departure from Venezuela without a consideration.

The captain finally concluded to return to Maracaibo. He saluted the flag on Fort Amsterdam as he went out of the port, his salute being returned.

HOLLAND TO PLAY LONE HAND

Needs No Help From Other Powers in Venezuela.

THE HAGUE, Aug. 21.—The government of the Netherlands has no intention of giving out the terms of its reply to President Castro, of Venezuela, until it is delivered in Caracas through the German Minister there, who is watching Holland's interests in Venezuela.

The subject has been mooted by some politicians that other powers having claims against Venezuela will join Holland in an action against that country. This, however, does not meet with favor here and no such suggestion from any other power has officially reached The Hague.

The government of the Netherlands is confident of its ability to handle the situation single-handed, now that it has the sympathy and support of the United States.

PLAGUE CASES REPORTED

Three Have Developed at Points About San Francisco Bay.

ASTORIA, Or., Aug. 21.—(Special.)—Dr. Holt, the local quarantine officer, received notification today that during the past ten days three new cases of plague have developed at points about San Francisco Bay. The quarantine regulations applying to vessels hailing from San Francisco have been in force for about a year and the discovery of these new cases will mean that the regulations will continue for some time yet, in order to guard against a possibility of contagion being brought to this port.

HISGEN DEFIES OIL TRUST

Says He Will Cut Tariff on Petroleum if Elected.

PENFIELD, Conn., Aug. 21.—The Independence party opened the state campaign at Piney Ridge tonight, when Thomas L. Hisgen, the Presidential nominee, addressed an audience of 2000 persons.

"The greatest evil of the day is the rebate, and instead of fining them on a conviction, I would send them to jail," he declared. "If I am elected I will make Roosevelt's bluff good and reduce the duty on petroleum."

CLIPS OFF 4 HOURS

Lusitania Again Lowers Record for Crossing Atlantic.

SETS THREE NEW MARKS

Average Speed and Greatest Day's Run Figures Put Higher—Previous Performances Far Excelled by Big Cunarder.

NEW YORK, Aug. 21.—The Cunard liner Lusitania finished a sensational run across the Atlantic at 9:30 o'clock last night, and when the official figures for the trip became available after the liner had anchored outside the bar for the night, it developed that the big turbiner had not only lowered all records for the trans-Atlantic voyage by nearly four hours, but that she had also broken three other records.

The official timing of the Lusitania placed her off Daunt's Rock at 10:30 o'clock last Sunday. Steaming abreast of the lightship at 9:30 last night, she had made the passage in just four days and 15 hours. The best previous record, made by her November 8 last, was four days, 18 hours and 40 minutes, her new performance lowering the previous mark by 3 hours and 40 minutes.

On the whole trip of 2715 miles the Lusitania made an average speed of 25.65 knots an hour, a new record, the previous one being 25.01, made by her on her record trip last November. The third record broken is that for the greatest day's run—650 knots up to noon of August 17—in which she also set a new pace in steaming an average of 25.66 knots for the 24 hours.

The days' runs to the noon of each day, as given out tonight, were: Sunday, 21 knots; Monday, 650 knots; Tuesday, 631 knots; Wednesday, 623 knots; Thursday (to noon), 619 knots, and from noon today to 9:30 tonight, 246 knots.

HARRIMAN'S SPITE COSTLY

WELLS-FARGO COMPANY LOSES ALL ROCK ISLAND BUSINESS.

Annual Revenue of $4,700,000 Cut Off Because $2,000,000 Loan Was Refused.

NEW YORK, Aug. 21.—As a result of a loan of $2,000,000, made by the United States Express Company to the St. Louis & San Francisco Railroad, Wells-Fargo Company loses its contracts with all roads owned by the Rock Island Company, a business worth $4,700,000 a year, and its rival, the United States Express Company, gets the contract. E. H. Harriman's determination to punish the interests of Daniel G. Reid and the Moore Brothers, who control the Rock Island Company, was the underlying cause of Wells-Fargo losing the $4,700,000 in contracts. Mr. Harriman controls the Wells-Fargo Company, though his personal ownership of its stock is very small.

Two months ago men at the head of the Rock Island Company, which controls the San Francisco lines, went to the Wells-Fargo Company and asked for a loan of $2,000,000 for three years at 6 per cent. Officers of the express company were eager to make the loan, but word came to them to refuse it, the order originating in Mr. Harriman's office.

SOCKEYE SALMON PACK

Total for Pacific Coast for Season Estimated at 399,000 Cases.

SEATTLE, Wash., Aug. 21.—(Special.)—Pink salmon are not through running in Alaska and indeed in some districts have scarcely started. Fall salmon or cohoes have yet to run on Puget Sound and the Columbia River packing season will last for many weeks yet. The estimated British Columbia packs up to the 8th of August total 269,000 cases, which with a pack on Puget Sound of 130,000 cases, makes a total sockeye pack for the Pacific Coast of 399,000 cases.

The steamship Dora arriving at Seward, August 15, brought information of Central Alaska, a district previously unheard from. The most important news is that the packs at Karluk and Uyak are virtually failures. Further information is that Chignik has been more successful, about 46,000 out of 90,000 cases being filled. A full pack has been up at Orca for some time. The shortage at Karluk and Uyak will offset the 50 per cent gain at Bristol Bay. The Bristol Bay pack as reported from reliable sources to the Alaska Packers' Association, totals 1,123,000 cases, as against 762,000 for 1907, 981,000 for 1906 and 1,091,000 for 1905.

AGED BISHOP STRICKEN

Rt. Rev. Bernard J. McQuaid Falls Ill at Banquet.

ROCHESTER, N. Y., Aug. 21.—At the close of a banquet with which the dedicatory exercises of the new Hall of Theology, at St. Bernard's Seminary, were concluded yesterday, Bishop Bernard J. McQuaid suddenly collapsed and it was feared that death was imminent. The exercises involved the celebration of the fourth anniversary of the bishop's episcopate and the 60th anniversary of his ordination to the priesthood.

After speaking for 15 minutes, the bishop became pale and leaned back in his chair. He became unconscious and the clergy, stunned by the shock, knelt in prayer. Dr. Simpson administered two hypodermic injections and lowered the prelate's head. He regained consciousness within a few minutes and slowly revived. At the house tonight Dr. Simpson said the aged priest was in no danger of death.

FAST SETS IN BEACH GAMES

Splendid Tennis Matches on Third Day at Breakers.

BREAKERS, Wash., Aug. 21.—(Special.)—The third day of the Breakers' Tennis Tournament brought out a number of very close and exciting matches. In the men's championship round the match between Rohr and Sheers proved to be the hardest fought event of the day, Rohr winning, 6-3, 6-7, 6-4.

In the men's handicap singles, the feature event was the match between L. R. Freeman, of California, and A. B. McAlpin, the latter winning, 3-6, 6-0, 6-1. He pulled out a victory by his hard driving game, making it impossible for the California champion to place his returns. The K. McAlpin-Goodwin match also furnished a surprise in McAlpin's win, 6-4, 0-6, 8-6.

In the men's doubles the match between Wilbur and S. Freeman vs. the Mersereau brothers was the star event. The former won, 9-7, 6-4. The match between Mrs. Cook and Miss Fording, in the ladies' singles was also a most exciting one, taking three sets to decide. Both ladies played in a most brilliant manner with a hard driving game. Miss Fording won out, 7-5, 3-6, 7-5.

The event in the mixed doubles, was the match between Mrs. Northrup and Mr. Andrews vs. Miss Fording and Mr. Godwin, which went to the former through their superior team work, 6-4, 5-7, 6-0.

ONE MAY GREET CHAMPIONS

Committee Considers Change in Plan for Welcoming Athletes.

Instead of sending a committee of three to New York to welcome Oregon's trio of world's champion athletes, it is now quite probable that only one man will go East to return the boys to Portland. At last night's meeting of the general committee some doubt arose as to the ability of Portland to raise $2000, for only a little over $1200 was reported actually subscribed. The committee in charge of the collection of the fund had a number of promises of assistance to volunteer, but as promises do not carry weight when the actual cash is required, a motion to reconsider the proposed sending of three men to New York was passed, and instead a committee consisting of Rev. A. A. Morrison, A. H. Devers and James F. Ewing was named to have charge of the selection of the delegate or delegates who will leave for New York Sunday night or Monday morning. This committee is to meet Saturday morning and make its selections.

In the meantime it is urged that all who desire to subscribe to this fund do so at once, for the time is limited and it is essential that this matter be settled immediately.

DAN KELLY AT EDINBURGH

Oregon Sprinters Help Irish Team to Beat Scots.

EDINBURGH, Aug. 21.—In the match yesterday between a team of Irish-American athletes and Scotland, the former won seven of the 11 points on the programme. Melvin W. Sheppard captured the half-mile, Lawson Robertson won the 100 yards, R. Cloughren the 220-yard dash, Harry Porter the high jump, J. C. Bacon the 120-yard hurdles, Daniel J. Kelly the running broad jump, and Lee J. Talbot the hammer-throw.

Jamieson, of Scotland, won the mile run, beating J. P. Sullivan and Harvey W. Cohen, of the Irish-American team. Young, of Scotland, captured the quarter-mile dash from J. B. Taylor by four yards; Nicholson, of Scotland, beat Talbot in the weight-putting event, and Duncan, of the local team, won the four-mile run, in which George V. Bonhag finished fourth.

No new records were made.

PARKER TALKS IN SEATTLE

Addresses 1800 Democrats at Coliseum Theater.

SEATTLE, Aug. 21.—Alton B. Parker spoke to an audience of about 1800 at the Coliseum last night. The meeting was held under the joint auspices of the King County Democratic Club and the Bryan Volunteers.

His speech dealt with issues of the National campaign and he devoted his principal attention to the evils of the great corporations, which he declares are fostered by the present high tariff. The remedy, Judge Parker declared, is in lowering the tariff wall, and this he doubted if the Republican party would do if continued in power another four years.

Judge Parker denounced the idea of Federal control of corporations as a remedy. He recommended a statute imposing a jail sentence upon corporation officers convicted of contributing money to a campaign fund.

Delancey Nicoll, of New York, followed Judge Parker in a short address.

BAR BRAIN-STORM DEFENSE

District Attorney Says Hains Trial Will Be Brief.

NEW YORK, Aug. 21.—District Attorney Darrin, of Queens County, who has charge of the prosecution of the Hains brothers in connection with the killing of William E. Annis, announced today that Queens County could not tolerate a great expenditure of money in trying the case and that there was no necessity for a long-drawn-out trial. Mr. Darrin continued:

"The trial of the Hains brothers will not be a repetition of the Harry Thaw case. To begin with, I do not think a Queens County jury will stand for a brainstorm defense. The application which I have sent to Governor Hughes, asking for a special grand jury, will, I expect, be granted, and that the Governor will name a jury to preside who will see that the Hains brothers have a fair and impartial trial, but at the same time with no unnecessary delays.

"I expect to be ready to try the case at the earliest date that can be fixed for the trial, which may be some time in October."

WINS GALLANT VICTORY

Major Nichols, U. S. A., Executes Brilliant Maneuvers.

TACOMA, Aug. 21.—Although his entire right wing was supposedly "butchered" by shrapnel, enfiladed perfectly from four powerful mountain guns, yet with his every hope centered on his enemy's unprotected right, Major Maury Nichols, Third Infantry, U. S. A., executed the most clever flank movement of the American Lake mock war at noon yesterday and trailed to the mastery of Stellacoom.

The "brown" army, under Major Rombert H. Noble, of the First Infantry, fought fiercely, but failed to find the right spot at the right time and lost what it had gained earlier in the game in trying to catch up with itself.

Officers on both sides are well satisfied with the battle.

After Suffering From Toothache for Three Weeks, Takes Poison.

SEATTLE, Wash., Aug. 21.—(Special.)—Cecelia Marcuson, 21 years old, after suffering from toothache for three weeks, drained a vial of carbolic acid and died an hour later. The girl had suffered a great deal and at times was despondent. Her two sisters, who were going to a dentist to have their own teeth treated, asked her to accompany them, but she declined. Not long afterward her mother found her in her room with the vial that had contained the acid lying beside her. Otto Eugenie Villais, of Lyons, France,

SPEAKER DISPLAYS IRE AT DISCUSSION ON BRIDGE.

Organization Will Hold Special Meeting to Consider Proposal of Changes in Plans.

At the meeting of the Brooklyn Republican and Improvement Club Thursday evening the bridge question was again discussed until a late hour, and this time much personal feeling was shown. After M. G. Griffin had reported the action of the United East Side Push Club favoring rebuilding on the present location, A. Van Hommissen made a vigorous attack on the federated clubs, declaring they are controlled by certain interests. He said he was present at the last meeting when action was taken and that the East Side was not represented.

M. G. Griffin spoke against the indorsement of the plans on the ground that Portland could not and would not vote additional bonds for such an expensive bridge. He said the city at present is carrying all the bonded indebtedness it should carry.

The Rev. Father Greggory spoke for the plans. He expressed the opinion that the Brooklyn Club had better withdraw its connection from the federation. At the close of his remarks he tendered his resignation as a delegate to the federated clubs.

The motion to indorse the bridge plans submitted was amended to the effect that the club hold a special meeting next Thursday night to consider the plans. The secretary was instructed to invite some civil engineers to attend and present their views. Invitations will be sent to the Sellwood, Kenilworth, Sunnyside and South Portland clubs to send delegates to this meeting.

A resolution was passed declaring it the sense of the Brooklyn Republican and Improvement Club that the city should take immediate steps to secure Hawthorne Park as a public park. It was ordered that the park committee be instructed to ask that the city's vacant ground on Powell and Milwaukie streets, now used as a dumping ground for the water committee, be cleared and made into a public park.

CONTESTS FOR MILLIONS

Daughter of Millionaire Attacks Will Favoring Stepmother.

NEW YORK, Aug. 21.—Through her counsel, Alexander Simpson, of Jersey City, Eugenie Villais, of Lyons, France, has filed a petition with Surrogate John P. Egan in the Hudson County, New Jersey, Orphans' Court, asking that the will of the late Etienne Givernaud, the owner of silk mills in North Bergen, be set aside. The petitioner is the daughter of Givernaud by his first wife. Mr. Givarnaud died at his home in North Bergen on July 12 last, leaving the bulk of an estate valued at nearly $2,000,000 to his second wife, who was formerly a pretty mill hand and was employed in one of Givernaud's silk mills.

The petitioner was cut off in the will with $2000. She asserts that her father was of unsound mind at the time he made his will; that he had been a paralytic and suffered from locomotor ataxia for 20 years previous to his death and that undue influence was used on him in the making of his will.

NEW YORK, Aug. 21.—John Clark, of San Francisco, and John Cuthbirth, of Fort Worth, Tex., who arrived as steerage passengers on the Campania from Liverpool today, and are stopping at the Catholic mission, have appealed for aid in reaching their homes. Clark says he was shanghaied in San Francisco March 3, while wearing the uniform of the United States Navy on the British steamer Stratdon, bound from San Francisco to ports in Japan. He says that because he refused to work he was handed to the authorities at Singapore and imprisoned for 21 days. If his story is true, interesting complications may result.

GUARDIAN IS SOUGHT

SONS OF JOSEPH MEYERS FILE PETITION AT SALEM.

Move to Have Charges of Insanity Against Their Father Dismissed.

SALEM, Or., Aug. 21.—(Special.)—Alleging mental incapacity and susceptibility to the wiles and charms of certain persons, a petition was filed in the Marion County Court yesterday noon by Henry W. and Milton L. Meyers, asking that Lot L. Pearce, a prominent business man of this city, be appointed guardian of the person and estate of their father, Joseph Meyers. The petition for guardianship was made through Attorney Charles L. McNary by the sons, and at the same time a motion was filed with County Judge Webster, of Multnomah County, asking for a dismissal of the charges of insanity which had been entered against the aged father in Portland. In the petition it is alleged:

"That said Joseph Meyers is incapable of conducting, managing and preserving his own affairs on account of mental unsoundness, caused by advancing years, which wholly incapacitates him from conducting his own affairs and preserving his said estate, and of mental impairment which renders him liable to become a victim of his own folly or of the fraud of others, and especially pliable in the hands of designing persons to the extent that his property is liable to total dissipation, to his own irreparable injury."
