No One to Be Allowed to Vote for Republican Senatorial Nominee Unless He Votes Straight Party Ticket for Legislature.

DES MOINES, Iowa, Aug. 25 .- (Spe cial.)-An extra session of the Thirty second General Assembly, for the pur pose of amending the primary law to al low a primary vote on United States Senator at the November election and the adoption of a harmony programme which may unite the factions of the Re publican party are the net results of the peace conference held here today.

Tonight the Governor issued an official call for an extra session to convene Monday, August 31. In bringing about the result Senator Dolliver was perhaps the leading spirit, and the standpatters secured the indorsement of their programme, except the matter of opposition to an extra session.

Keep Out Democrats.

Senator Dolliver proposed an amendnent that at the November election the names of Republican candidates for United States Senator be printed at the bottom of the Republican ticket, and no vote for United States Senator would be counted unless the ballot showed the voter had voted the straight Repub lican ticket from the Republican nomi nee for President to and including no nees for the Legislature. He took this proposition to the meeting of the Con gressional delegation this morning and got the unanimous approval of it. Again he took it to the conference of stand patter Republicans.

Standpatters Agree to Plans.

In the meantime ex-Congressman Walter I. Smith, of Council Bluffs, had presented practically the same proposition to the standpatters and after discussion was decided that such a proposition accepted in case the Governor determ ined to call an extra session. Compares Platform of Two Parties and Insists Democrats Offer Only Remedy for Nation's Economic Ills.

INDIANAPOLIS, Aug. 25. - John Worth Kern, Democratic candidate for Vice-President, was notified formally today of his nomination. The meeting was held in the elaborately decorated Coliseum at the fair grounds, and was attended by many thousands of people regardless of party, attracted by the distinguished speakers on the programme

Ten traction lines and 14 railroads brought the people on regular and spe-cial trains. Five hundred cars transported the crowd from the city to the fair grounds and back. The Coliseum recently built of brick and steel accommodates 15,000 people, and arrangements were made early in the day to hold overflow meetings if necessary.

Bell Officially Notifies Kern. The programme for the day included

uncheon at the hotel, after which the official party was driven to the State Fair Grounds in automobiles, Mr. Bryan, Mr. Kern and Chairman Bell, of the notification committee, riding together. Thomas T. Taggart, National committeeman from Indiana, was selected to call the meeting to order. He immediately handed the gavel to Chairnan Mack, who at once introduced Theodore Bell, chairman of the notification committee, who told Mr. Kern that he had been selected to go on the National ticket with Mr. Bryan,

Mr. Kern, in his speech of acceptance, devoted some time to the question, "Shall the People Rule?" He deprecated what he claimed is excessive power in the hands of the Speaker of the House of Representatives and denled that the people have ruled, because, he said, their will had not been given effect. He cited the demand for a reduction in the tariff on white paper and wood pulp and the failure of the Babcock tariff bill of 1902.

Says Rule of People Is Thwarted. Mr. Kern charged that there is

power within the Republican party determined that the people shall not rule, which power has manifested itself whenever effort has been made to check the destructive work of unlawful combinations; reduce the tariff or equalize burdens by legislation. The Democratic party, he said, would draw a sharp line between the lawful busi-ness, lawfully conducted, and unlawful
