Oakland made it three straight from Portland yesterday, winning a close game by the score of 3 to 2. The rain of the morning made the grounds wet, but despite the slippery diamond, only one error was made by the two teams Louckes and Garrett were the opposing slabsters, and the Californian had the better of it after the first inning, striking out six men to Garrett's three, and passing none. The Portland man passed two, one of whom made the winning

Patrick, Portland's new pitcher pitched the ninth inning, and made a good impression on the fans by his pretty delivery and swift ball. He retired the side in quick order, striking out two men and getting an assist to first on the other. The fans gave him a great reception, and hope to see him in action tomorrow.

## Raftery Makes First Run.

Raftery, for Portland, started the run-getting in the first inning by drivrun-getting in the first inning by driving a pretty three-bagger to right field,
after Casey had gotten a scratch single
and Johnson had dropped a Texas
leaguer over short. This was the last
for Portland, as Louckes held them to
three scattered singles for the rest of
the game, Danzig getting two and
Casey one.

Oakland evened up matters in the second with Fagan's two-bagger to left, Stattery's pass, La Longe's sacrifice and Lewis' single back of second. From then until the sixth it was nip and tuck, both sides going out in one, two, three order in the third. In the sixth Heitmuller, the first man up, walked, and was sacrificed to second by Eagan. Heltmuller took third on a fielder's choice of Slattery's grounder, and scored a minute later, when Garrett made the only error of the game in fumbling La Longe's bunt. After this there was no scoring, both sides going out in quick succession for the remain-ing three innings. Heitmuller stopped two files that

catching Casey attempting to steal.

CHICAGO. Aug. 27.—Chicago defeated New York 5 to 1 in the first of the crucial series of three games, the winning of which means much in the close pennant race. It was a hard hitting game in which Pfeister kept his hits well scattered, while Wiltse suffered the Chicagoans to bunch theirs.

Ground rules were necessary and two ans to bunch theirs.

Ground rules were necessary and two of Kling's hits, one an obvious triple and the other much resembling a home run, only went for two bases. The score:

Miss Bootless Is Only Favorite

Which Justifles Support. SEATTLE, Wash., Aug. 27.—(Special.) -On the slopplest track of the meeting. of the day before having been converted into four inches of mud, only one favorite, Miss Bootless, justified her support. Anna May in the first, Johnny Lyle in the third and King of the Mist in the fifth proving awful jokes as first choices. Fern L. met her fourth defeat in 11 races by running second to Toupee in the feature event of the day. Added weight and a poor ride by Harris proved her undoing. Abbey in the opening event and Kerry in the closing were the two good things that brought home the bacon. Results:

Fix furlongs.—Abbey won, Miss Fairbanks second. Anna May third; time, 1:14.4-5. Five and a haif furlongs.—Miss Bootless won, Friese second, Elpavo third; time, 1:08.4-5. ## **BIG BARNS READY**

Country Club Now in Position to Accept Stock.

TRACK ALSO IS FINISHED

More Than \$25,000 Has Been Spent in Preparing One of Best Racing Courses in Entire West.

Horse and cattle barns, eight in numper, were turned over to the Country Club and Livestock Association yesterday, so that from now on the men behind the first annual Pacific National Show will be in position to receive exhibits for the show to be held here the week of Sep-tember 21-26. There remains but a few days' work to be done on the other five barns, which are to house the sheep, swine and goats, so that by the end of next week the association will be ready to take care of all stock offered for display from then of all stock offered for display from their until the opening of the exposition.

The framework on the two extra racing stables to take care of the additional entries in the early and late closing events is already up and the structures will be finished not later than September 10. This

will give the association ten large tables, with a capacity of 300 head of speeders.

Track Ready for Try-Outs. Superintendent Fred Brooker of the club notified the directors yesterday afternoon that the race track, the most expensive course in the West, was completed and rendy for try-outs. The track was con-structed at an expenditure of more than \$25,000, has taken a whole year to con-struct, and is, according to the opinion of experts, the most perfect piece of engi-neering work of its kind ever done in the West. More than 65,000 yards of earth were moved in excavations and fills in order to make a course so that every inch
of the circuit would be visible from the
grandstand and bleachers. At places the
cuts ran fully 30 feet, and at others the
fills are of even greater depth.
The franchise granting the O. R. & N.
Campany, the right to extend a spur from

Company the right to extend a spur from its main line into the tract, to put up a station and temporary side-tracks to take care of the crowds during the races was accepted by General Manager O'Brien yes-terday. The progress of this feature of he transportation system was delayed 10 lays because Mayor Lane refused to sign the franchise, so nothing could be done after its passage until today. The rail-road company will lay down its rails and other material within the next few days and expects to have its tracks laid within the next fortnight.

Prepare to Lay Track.

Orders have been isued by the Portland Railway. Light & Power Company for the asembling of material for the loop from the Rose City Park line to the main en-rance of the Country Club grounds and work on this extension will be under way by the first of the month.

Surveys for the new streets to be opened up to provide short cuts for automobiles and pleasure vehicles from West Avenue to the entrance to the grounds have been made and the contractors will put a gang of men to work next week so as to have he thoroughfare ready for traffic before he race meet opens. Secretary C. B. Yandell, of the Seattle

Chamber of Commerce, visited the Coun-try Club tract yesterday, and he will use his best efforts to arrange the programme for the 160 Scattle business men who are to be Portland's guests during the race meet, so that they may accept the invita-tion of the club and remain over for the races on Wednesday, September 23, on which one of the best cards of the week will be run off.

Aberdeen 15; Seattle 1.

SEATTLE, Wash., Aug. 27.—(Special.)—The visitors pounded Anderson all over the lot today and won as they pleased. There wasn't a bright spot in all of Seattle's play, and the one lone tally made by the locals was Bennett's high fly over the fence in the sixth. Pernoll had them completely tamed the rest of the time. Aberdeen gathered six hits and two runs in the first three innings, but in the fourth abandoned all mercy and belted Anderson from one end of the batting order to the oth-Anderson obligingly hit a man in the ribs and threw in a couple of wild pitches for luck during the inning. NORTH END DENIZENS IN FED-ERAL COURT.

Jeanne Monot, Allen, Gives Testimony Against Armand Fercot and Henriette Van Draes.

Armand Fercot and Henriette Van Armand Fercot and Reinfields van Draes, charged with harboring an alien girl for immoral purposes, were brought before Commissioner Cannon, of the United States Court yesterday morning for examination. The Government is represented by District Attorney McCourt as trial lawyer, and the district story of the Court of Parhour is supposed to the Court of Parhour in the Court of Parhour is supposed to the Court of Parhour in th

torney McCourt as trial lawyer, and Immigration Inspector Barbour is supplying the evidence against the defendants. They are defended by Dan J. Malarkey and B. Scabrook. Arguments in the case will begin this afternoon at 2 o'clock.

Jeanne Monot, the prosecuting witness, who has been held at the House of the Good Shepherd since her arrest, was placed on the witness stand at 10:15 o'clock. Through an interpreter she gave the information that she was 26 years of age and had followed her unlawful profession for a long time. 26 years of age and had followed her unlawful profession for a long time. She is a native of Paris and came to the United States four years ago, going to Omaina. She was, however, later apprehended by the Federal authorities and deported to France. A few weeks later she returned to this country comand deported to France. A lew weeks later she returned to this country coming direct to Portland. She was given a home by her countryman, Fercot, and remained 22 months there, paying the man and Madam Van Draes \$25 weekly. The defense while not denying that the Monot woman occupied a disorderly place at 60½ Fourth street, and that she leased it from Fercot, will base its case on the fact that Fercot and the Van Draes woman were not responsible for her actions in the rooms and that the defendants were not cognizant of her business and did not abet it in any way. It will be shown by the Government, however, that Fercot made a husiness of sub-leasing rooms to undesirable women, knowing that they were to be used for unlawful purposes. As the immigration law of July 1, 1997, prohibits that practice when the grantee is an alien woman, the Federal officials have no doubt that

the defendants will be convicted. The the divorced wife of Judge Hawley, of penalty for the offense is a fine not ex-ceeding \$500 or Imprisonment for not edge Judge Hawley, who was married
