TO START TAFT CAMPAIGN SOON

Republicans Will Take Steps to Carry Oregon for Him.

STATE COMMITTEE MEETS

Chairman Cake Is Expected Home This Week, and Senator Bourne Will Also Arrive to Attend Saturday's Meeting.

This week promises to see definite steps taken towards organizing the Republican forces of Oregon for the Presidential campaign. W. M. Cake, chairman of the state central commmittee, who has been in the East for over two months, is expected to return daily. Another prospective arrival is United States Senator Bourne, who is scheduled to arrive the latter part of the week. And, besides, the members of the state central committee will assemble in Portland next Saturday in response to a call issued by Chairman Cake prior to his departure for the East.

Regardless of whether or not either Cake or Bourne puts in an appearance before Saturday, it is certain that at Saturday's meeting some plan will be devised for organizing the Republicans in the different counties for an aggressive campaign during the two months preceding the November election. Ralph E. Williams, of Dallas, National committeeman, and also member of the state central committee from Polk County, and the other members of the state committee are much displeased with the comatose state in which the party appears to be, and unless Cake returns and takes the situation in hand actively, the members of the state committee will take the initiative, establish headquarters and proceed with the vigorous work of the campaign, which they consider should have been started weeks ago.

Democrats Are Active.

In the meantime, with the chairman of the state committee 3000 miles away, leaving no one to look after the details of his position as the official head of the party, the different committeemen have been required to sit by and watch the Democrats build up one of the most complete organizations the opposition ever has maintained in the state. Not only are the officers of the Democratic State Central Committee and the Multnomah County organization of the party in harmony, but they are working overtime with a reckless disregard of union hours. They do not hesitate to predict that, through their united and organized efforts, and encouraged by the disaffection and inactivity of the Republicans, they will not only wipe out the Roosevelt majority of nearly 48,000, but accomplish the herculean task of annexing Oregon to the Democratic column in November.

Of course, this contention is regarded by Republicans as a morsel of Democratic humor, but nevertheless those of the Taft-Sherman camp, who would be laboring in the party's vineyard, insist that time is precious and that it is up to the party, through its state chairman, to see that its supremacy, as reflected in the majority for Roosevelt, is reasserted. But they concede that the lead cannot be retained by resting idly on their oars, leaving the field unobstructed to the opposition. Not only is the success of the ticket at stake, they aver, but Taft, being an advocate and the successor to the policies advanced by Roosevelt, failure to carry Oregon in November by the usual Republican majority would amount to a repudiation of those policies.

Awaiting Cake's Return.

Major J. P. Kennedy, chairman of the Multnomah County central committee, has taken no action towards securing headquarters and conducting a campaign in this county. He explained yesterday that, like the other party workers, he was patiently awaiting the return of Chairman Cake before outlining any programme. He agrees with the members of the state committee that the time for action has arrived and he is ready to assume the responsibility so far as the work in this county is concerned, but he is awaiting the pleasure of his chief.

If Chairman Cake returns before the state central committee meets Saturday, he will be called on by National Committeeman Williams and other men prominent in the party, and an understanding reached as to what his plans are. It will be demanded of him that, without further delay, he secure headquarters and enter into the active management of a campaign that will extend to every county in the state. Upon his reply will depend the subsequent action of the committee. Should Chairman Cake not return before the Saturday meeting, it is altogether problematical as to what action the committee will take when it meets Saturday. There are members of the committee who would unhesitatingly oust Cake and elect a more active chairman. More conservative members of the committee, however, advise less radical action and would prefer that such measures be reserved until Cake arrives and can be consulted. This programme is recommended in the interest of harmony, although some of the committeemen feel that the delinquency of the chairman himself has only served to create discord, and that he thereby has forfeited all claims to their consideration.

How Strong Is Bourne?

Just what part Senator Bourne will play in the meeting of the state committee is decidedly more uncertain. A majority of the commmittee unquestionably is hostile towards the Senator. This feeling was first manifested at its initial meeting last Spring, when the friends of Senator Fulton and Secretary Taft forced the Bourne-Cake contingent to swallow a resolution declaring for the nomination of Taft for the Presidency before the Fulton-Taft forces would consent to the election of Cake as state chairman. Cake's interest in his brother's candidacy for the Senate was the consideration that caused him to yield.

Since then, and following the defeat of H. M. Cake by Chamberlain in the June election, the relations between the members of the state committee and Cake and Bourne have been strained near to the breaking point.

Republicans Will Meet Tonight.

Arrangements have been made for a meeting tonight in Hunter's Hall, Sunnyside, for the purpose of organizing a Republican club. The meeting will be called to order by W. E. Williamson, chairman of the Second Congressional District. Republicans are invited to be present and participate in the proceedings.

COMPLEX STATUS OF SENATOR

H. D. Norton, Democrat, Pledged to Statement No. 1 Republicans.

A Democrat politically, an Independent by election, and pledged to the Republicans of his district to support for Senator the candidate that received the greatest number of votes in the June election—such, in brief, is the somewhat complex political pedigree of H. D. Norton, State Senator-elect from Josephine County. Mr. Norton is a lawyer, residing at Grants Pass, and was registered yesterday at the Imperial Hotel. He will be the only Independent member of the State Senate next January. There also will be an Independent member of the House of Representatives in the person of William J. Mariner, representing Sherman, Gilliam and Wheeler.

That Senator-elect Norton should be dubbed an "independent" was due to the fact that he was not a candidate in the primaries and for that reason did not earn his party designation. He explained yesterday that the Democrats of Josephine County did not nominate a candidate for State Senator in the April primary election when the Republicans named L. L. Jewell, ex-Representative from that county. Following the nominating election Mr. Norton was requested by his Democratic friends and some of the dissatisfied Republicans to become a candidate in opposition to the regular Republican nominee, Mr. Jewell.

"I am not much of a politician," said Mr. Norton yesterday, "but I finally yielded to the request of my friends and went into the contest although illness prevented me from taking a very active part in the campaign. Prior to the election I assured my Republican friends that, if elected, I should support for United States Senator the candidate that received the greatest number of votes in the June election. Although my Republican friends have not reminded me of my promise to them," commented the lawyer-Senator with a smile, "I have no intention of abandoning the pledge, which, as a Democrat, I feel I can keep very gracefully."

Mr. Norton is particularly interested in the subject of irrigation and believes that the irrigation laws of the state should be revised. He thinks the statutes should be amended and provision made for defining riparian rights and apportioning those rights equitably. The existing complicated condition respecting water rights in this state, he complains, is proving a serious handicap to irrigation projects in which the people of his county are greatly interested. Plans are now being outlined for irrigating six townships in Josephine County, and some changes in the present laws are considered necessary to insure the success of the undertaking. Mr. Norton may decide to propose some amendatory bill covering the objections in the present statutes when the Legislature convenes next January.

CHAIRMAN OF RECEPTION COMMITTEE PORTLAND HORSE SHOW.

J. Wesley Ladd.

J. Wesley Ladd, who has accepted the chairmanship of the entertainment and reception committee for the Hunt Club horse show, to be given in the Oriental building, Exposition grounds, October 15, 16 and 17. Mr. Ladd will devote his earnest efforts toward making this event a complete success, and it promises to be the most brilliant social and sporting event ever given in Portland. Many blooded horses are now owned here, and with exhibits which will be made by Seattle, Tacoma, Spokane, Victoria and Vancouver, B. C., and other neighboring cities, the show will compare favorably with those given at Madison Square and other Eastern points.

BIG MONEY IN FORESTS

Americans Fail to Grasp Opportunities for Profit.

OREGONIAN NEWS BUREAU, Washington, Aug. 30.—American forests, according to the experts of the Department of Agriculture, are capable of yielding more wood to the acre, if well handled, than the noted forests of Germany, many of which net their owners from $2.50 to $6, or more, per acre annually. Not only are the native forests richer in valuable timber trees, but American climate and soil conditions are more favorable. The trouble is not that trees do not grow fast enough, but that ignorance and carelessness have left American woodlands poorly stocked.

The German forester sees to it that his forest is uniform and dense. To grow a full crop of wood, as to grow a full crop of grass or corn, there must be a full stand. Next in importance is the rate of growth of the trees. The species most grown abroad are Norway spruce, Scotch pine and silver fir for soft woods, and beech and oak for hardwoods. In Germany forests of the first quality, Norway spruce attains in 60 years an average diameter of 9.4 inches.

MAKE PAPER FROM CANE

New Industry on Point of Arising in Trinidad.

LONDON, Aug. 30.—(Special.)—A new industry, that of paper making, seems to be on the point of arising in Trinidad. A local manufacturer has produced paper from the fibre of cane megass and bamboo, and, according to Professor Carmody, who presented some specimens of the paper to the Trinidad Board of Agriculture, the future of the new industry is assured, as the demand for fibre is great, and Trinidad, according to the professor's calculation, ought to produce about 40,000 tons of fibre from the canes ground annually.

Paper made from bamboo fibre is said to retain its whiteness and to escape attack on the part of insects. Professor Carmody produced a copy of a papermakers' journal, printed on paper made in 1879, from fibre of bamboo, which showed no signs of yellowing, and was otherwise in a perfect state.

NEW TRACK OPENED

Horsemen Flock to Country Club's Fine Speedway.

WILL SOON BE FENCED IN

Directors Will Meet This Afternoon to Consider Many Urgent Matters in Big Race Meet and Stock Fair.

Amateur reinsmen and Hunt Club members flocked to the newly-completed mile track of the Country Club and Livestock Association yesterday in great numbers, and an unusually large Sunday crowd watched the informal sport for hours. Several dozen saddle horses and harness racers were given the opportunity to feel out the magnificent oval which, however, will soon be closed to all invaders.

This will be done as soon as the huge inclosure has been completely fenced in, and extra men will be put to work this week to close the quarter-mile gap in the high picket barricade. From then until the amusement park is opened for the first day's races of the North Pacific meet, Monday, September 21, the public will not be allowed to exercise horses on the track. This precaution is deemed necessary because the course is a new one and its builders want to keep working it down until it has reached the highest point of perfection for the formal races.

While the horse and cattle show barns are completed it has been decided not to receive any exhibits for the coming Pacific National show until the O. R. & N. has laid its spur and sidetracks inside the grounds, and applications for stalls in the barns are being received on that basis.

The directors of the Country Club will meet again this afternoon to decide whether or not official representation of the association shall be sent to Seattle to the horse show there and to the Western Washington fair which will hold both races and stock show next week. The directors have a number of knotty problems to untangle in relation to the transportation arrangements that are not moving along as speedily as has been desired. A full report will be asked for from the transportation committee to ascertain just what has been done so far and what definite figures are in the hands of the committee as to the number of passengers the railroad and street car companies can handle throughout the week with the additional service that has been promised.

Other matters regarding telephone, telegraph and mail service, arrangements for feature entertainment for the crowds, accommodations and shelter for the temporary population that will make its home at the grounds, and plans for the poultry show will all have to be considered today, as there will be only two more meetings of the directors from now until the big meet will be held.

Work was begun on the open bleachers Saturday and the crews at work on this structure the paddock, the extra stables, the fence, etc., will work overtime and Sunday until their contracts are finished.

M.) none; total rainfall since September 1, 1907, 40.34 inches; normal rainfall since September 1, 1907, 43.10 inches; deficiency, 4.76 inches. Total sunshine Aug. 29, 1908, 5 hours, 30 minutes; possible sunshine Aug. 29, 1908, 13 hours, 30 minutes. Barometer, (reduced to sea level) at 5 P. M., 30.23 inches.

WEATHER CONDITIONS.

The high barometer area that was off the North Pacific Coast Saturday evening has moved inland, producing a marked rise in pressure over the entire Northwest. The crest of high pressure extends from Western Washington southeastward over Southern Idaho and a low pressure area overlies the interior of California. It was raining this morning in Northeastern Washington, but the rain area has moved eastward into Montana and heavy thunderstorms have occured in that state during the day. There was heavy frost this morning in Northeastern Oregon and light frost in Southwestern Idaho, but the temperature has risen somewhat today over this district except in Southeastern Idaho, but continues below the seasonal average.

The indications are for fair weather Monday throughout the district. There will be light frost in extreme Eastern Oregon and Southern Idaho tonight, but it will be warmer in the afternoon over the district except along the coast.
