New Book, "The Firing Line," By Chambers \$1.18

### CLUB COLORS ARE CHOSEN

### BLUE AND GOLD WILL RULE AT LIVESTOCK SHOW.

Entries Are Pouring In at Rate Sufficient to Make Show Great Success.

Blue and gold were the colors selected for the Country Club and Livestock Association yesterday by the special committee consisting of President S. G. Reed, Secretary G. A. Westgate and Chairman F. O. Downing, of the general management committee. Pennants of these colors will float from the livestock barns, from the racing stables, from the paddock, the grandstand, the bleachers, and will be worn by the entries in the various races.

Superintendent Fred Brooker put a force of men at work on the half mile warming-up track inside the one mile oval yesterday and he expects to have a fairly good "try-out" course for the contestants in the big race meet by the close of the North Pacific Fair circuit.

Entries in the Pacific National Livestock show, which will have its first representation here the week of September 21-26, are pouring into headquarters in the Hamilton building at a rate which will make the first local venture an unequalled success. The lists of livestock entries in the horse, cattle, sheep, swine and feature divisions now aggregate more than 2000 exhibits and the capacity of the various stock barns will be taxed to take care of those already offered. The horse and sheep stables are practically filled now, with two weeks time before the final entry lists will close.

Among the offerings of the past few days, which have not already been listed with the management, are the following: Hatley & Han, full-blooded and imported sheep, Oakland, Cal.

Kruse's Dairy Farm, Holsteins; T. W. Cochran, Clagstone horses, Brownsville; J. W. Clise, Willowmoor Farm, Seattle, will exhibit draft horses, standard bred horses and poultry; B. Han & Company, Portland, will exhibit imported Jersey; C. C. Boers, of Cornelius, will be here with a strong sheep entry; Paul Clagstone, of Clagstone, Idaho, will exhibit two carloads of Hereford cattle from his farm. Other entries received the past week are as follows:

R. W. Cary, of Salem, sheep; John Dimmick, of Hubbard, horses; G. A. Druser, Elberton, Wash., Red Fols cattle;

### JAMES IDESON, SILVERTON, BOTH DRAFT AND STANDARD BREED HORSES; JAMES RIDDELL, MONMOUTH, SHEEP AND ANGORA; W. B. HARRIS, JEFFERSON, AND W. A. JONES, OF GERVASIS, DUROC JERSEYS; HAWLEY & SON, MCCOY, WILL EXHIBIT COMPLETE ENTRY OF SHEEP.

A. D. Hudson, of Tangent, will be at fair with a complete entry of swine; J. G. S. Hubbs, of Hillsdale, with an exhibit of sheep; B. P. Inman, Junction City, Brown Swiss cattle; Keller & Pfeiler, Waterloo, swine; Grant Man, Cornelius, will exhibit the first lot of Pole Jerseys ever shown on the Pacific Coast, brought from Ohio by Mr. Man at considerable expense, where they were originated; W. O. Minar, Hesperon, with 20 head highest grade horses; Mrs. J. H. Glide, Fresno, Cal., with exhibit of Short-horns; W. O. Morrod, Rickreall, with Jerseys.

Schmidt Brothers, of Oregon City, and Harry West, of Scappoose, will bring new imported cattle, never before shown. Mr. West paid as high as \$1000 a head for his stock in the East. Schmidt Brothers will exhibit cattle and sheep brought from Waukesha, Wis.; P. A. Frakes will exhibit a herd of Herefords; the Hazelwood Farm, Spokane, will exhibit their Holsteins as will E. B. Marks, North Yakima; J. M. Shaver, of Forest Grove, will exhibit his herd of Aberdeen-Angus; Richard Watson, of Portland, George J. Wilhelm, and J. C. Sablin, of Harrisburg, and Staub Brothers, of Avoca, Neb., will exhibit some Galloway cattle never before shown at the state fair.

A. C. Ruby will exhibit a complete barn fitted out with draft horses. Ruby is a Multnomah County exhibitor. F. E. Alley, of Roseburg, will exhibit the largest bunch of standard bred horses ever shown on the Coast; Boedinghammer & Yanke will exhibit a fine string of draft horses; J. D. Gordon, of Dundee, will show draft horses as also will A. C. Thomas, of Stayton. The Willamette Valley Stock & Land Company, of Airlie, and E. Geer, of Corvallis, will exhibit fine herds of Herefords and Short-horns.

### FLAMES IMPERIL MEN

### LIVES ENDANGERED BY BLAZE IN MATTRESS FACTORY.

Department Has Difficult Work to Check Fire at Corner of Front and Davis.

Fire was discovered in the furniture and mattress factory of Peters & Roberts, southwest corner of Front and Davis streets, early yesterday morning. Before the department could arrive on the ground and get water on the fire, the three-story brick building and its contents were either destroyed or utterly ruined. The structure was filled with inflammable material, which the fire soon consumed. It created such heat that the walls of the building were rendered practically useless.

The blaze was discovered by Patrolmen Rupert and Gill, who turned in an alarm. A second and general alarm was then sounded, bringing to the scene trucks 1 to 6 from the West side, and 7 and 12 from the East side. Engine 1 and the fire-boat George H. Williams got streams on the fire from buildings across Front street. After a stubborn fight the flames were extinguished, but not before the stock and machinery of the establishment were either destroyed or irretrievably damaged.

Adjoining the burned building west on Davis street is the New Western lodging-house, the occupants of which made a hasty escape. No damage was done there, a fire wall protecting the house. The burned-out firm saved most of the records from the office and some of the office furniture, though they are in a damaged condition from the effects of water. Machinery was engaged yesterday afternoon in cutting away the door of the vault, where valuable papers and books were kept. The value of the building is \$20,000, with \$25,000 insurance; that of the contents at \$50,000, with \$40,000 insurance.

The greatest damage was done the south end of the building, in which the office and salesroom were located. From reports made by those early on the scene, the inference is ventured that the fire started in a portion of the building where electric wires were cut off at closing time. Mr. Roberts, of the firm, concludes the fire started from spontaneous combustion. He announces resump-

### ANNEXATION PLAN HALTED

### Residents of St. John and Mount Scott in Quandary.

Unless a writ of mandamus shall be secured against County Clerk Fields to compel him to place on the ballot at the November election the annexation question, the residents of St. John and Mount Scott districts will have no opportunity to vote upon it.

Mr. Fields decided yesterday, after looking into the law on the subject that it will not permit him to place a petition on the ballot except at a general election. It is provided by the city charter that annexation may be voted on at a general election, and by article 2 section 14, of the Oregon Constitution, in cases where shall be held biennially in June.

Although a petition was circulated in the Mount Scott district that a vote be taken on the annexation question at the November election, and a large number of signatures were secured, it looks now as though the district will be obliged to remain outside the city until the election of 1910, unless the city charter should be amended so as to provide for a vote upon this issue at the city election next Spring.

### Work of Juvenile Court.

During August 46 children were brought into the Juvenile Court. Of these cases, 15 were dismissed, 14 with warning, and one for lack of sufficient evidence. Three were committed to the Boys' and Girls' Aid Society, six to other charitable institutions, and one to the House of the Good Shepherd. Six were placed on probation, in 18 cases the charge was larceny, and in one case murder.

Geologists say that New York City is as unlikely to be disturbed by an earthquake as any place on the globe.

### KILLED BY ELECTRIC WIRE

### BOY ELECTROCUTED WHILE LEANING FROM WINDOW.

Employee of Candy Company Receives Fatal Shock While Talking to Friend on Street Below.

Placing his hand on a live wire outside the third floor of the Aldon Candy Company's building at Twelfth and Gileson streets yesterday, John Bates, a 16-year-old boy, suffered intense agony for a few moments before being killed. The wire was heavily charged and the boy lived only a few moments after coming in contact with it.

The boy was leaning from the window of the third floor near a fire-escape. A live wire was in close proximity. He was talking with another boy, who was on the street below, and in leaning from the window placed his hand upon the wire. He died before aid could reach him.

An inquest will be held by Coroner Norden today and he will make a thorough investigation of the affair. He will endeavor to ascertain the responsibility of having live wires so close to the fire-escape. The lad had been working for the company for only a few weeks.

### NOTTINGHAM FIGHTS CITY

### Asks Court for Injunction in Dispute Over His Building.

Arrested upon the complaint of the city officials because he erected a wooden building on East Second street, between Stark and Washington streets, within the fire limits, although the City Council had passed an ordinance permitting him to do so, C. W. Nottingham has taken the matter into the State Circuit Court. C. W. Nottingham & Co. filed the suit through their attorney against the City of Portland yesterday, asking that an injunction issue from the court compelling the city to desist from prosecuting Nottingham, and from tearing down the building. This it is said, the city officials threaten to do.

### BRETHREN STILL AT WAR

### Records of Spiritualists Won in Suit in Circuit Court.

Through a technicality, Harry Yanckwich and J. E. Trigg have obtained possession of the books and records of the State Spiritualist Association in time for the annual convention, which is to be held in Women of Woodcraft hall next Sunday.

Judge Gantenben, in the Circuit Court yesterday morning, decided that the decedent of Attorney Ralph Dunway to the complaint of Yanckwich was not well founded. He also denied a motion made by Mr. Dunway to have an affidavit made by Yanckwich for the delivery of the books.

Each Attorney Dunway filed a redeficiency bond for his client, Mrs. Sophia Seip, who still claims to be an officer of the State Association, he could have recovered the goods. He also denied a motion made by Mr. Dunway in another way.

Judge Gantenben, in rendering his decision, said that this case is only an illustration of the fact that religious con-

ventions are the most hotly-contested of all classes of litigation, although they might seem to involve only small matters. He referred to the fact, which has been already mentioned by counsel, that this case had been before every Circuit Judge, and thought that the sooner it comes to trial on its merits the better.

Bankrupt stock of the P. C. Trunk & Bag Co. now on sale at Harz's Trunk Co., 112 1/2 St.
