Same Quantity Will Be Marketed as Last Year.

CONDITION NOW IS FAIR

Result of the Investigations of President Fanno, of the Growers' Association-Report by Sections.

President A. J. Fanno, of the Confederated careful investigation of onion crop conditions in this state. He has been over all rowing acctions, has talked with the growers and personally examined the growbe marketed will be about the same as last Taking the big crop of 1906 as a basis for comparison, he finds the condition of the present crop to be about T1 per cent. while the crop of 1907 was 79 per cent com with that of the preceding year, as shown by the following table:

sction. Acres. onnelius . 25 harwood . 140 Kondburn . 50 dilwankis . 22 hasverion . 43 Cedar Mills . 56 Caston . 15 tion fion 1908, 1907, 61 2-3 110 75 90 83 1-3 100 75 90 54 65 75 46 66 19 54 45

espect," said Mr. Fanno yesterday, vards showing remarkably good results it ne part of the field, while in other parts th ntons are doing poorly. In the hard ground here will be scarcely any crop, while the he onions were drowned out. On the whole, however, the conditions are fair.

"The acreage this year is a little large than last year, 505 acres, compared with 490 scree in onione a year ago, and 500 acres m Though the percentage of condition bered that in 1967 there were 105 acres contracted for seed, the output of which did not ome on the market, whereas only 43 acres contracted for seed this year.

Two years ago, when we had our largest p, the association marketed 250 cars and ast year 286 cars, so it will be seen that the narketable cusput this year will be about

We are getting statistics from other states and will soon be able to figure on the pros-We know, however, that Walla Walla will planted principally the early varieties and will have a smaller crop of the late onlone which come into competition with Oregons.
"Our association has become stronger than ever, as growers all through the Valley have found that it mays to co-operate. The higher-prices paid last season for association onions

### BUTTER SITUATION UNCHANGED.

Advance at Scattle Has as Yet Had No

Effect Here.

The advance of the Scattle butter market to 32 cents has as yet had no effect on the local market, which is weak because of the pressure of supplies. All of the city creamantes, however, are not long on butter, and this complicates the situation. The advance in the North, however, effers promise of relief in local conditions before long.

Cheese is quoted steady at former prices, but there was a countderable supply still on hand and buyers, especially the large retailers, were slow to take hold. Prices quoted showed but little change from the large, where were little change from the large, where were slow to take hold. Interior, 164, 62 (165; filestra, 166; pecana, 166; per pound do large pround to 165; plants, 165; pla

quoted showed but little change from the The egg market was about steady. Fresh

Oregon eggs were not plentiful, but there was a good supply of storage and Eastern stock.

### STRONG DEMAND FOR PEACHES. Prices Hold Up Well as Becelpts Are Not

Excessive,
Peaches are the feature of the fruit market at present. The demand yesterday was very active and the large purchases by grocers earnest. Receipts were not as heavy as might be expected, aggregating only 2500 boxes, and prices were very steady, ranging from 45 to 85 cents, the latter for fancy Ashland and

bringing \$1.50 and ordinary varieties selling from 85 cents up. The cantaloupes that came in were of good quality and they moved quite freely at \$1.50g1.75 for chuice lots. Ripe pears are scarce and firm up to \$1.25, but green stock is abundant. Some fresh fige were received and quoted at \$1 per hox.

Coffee and Sugar.

Tone of Speculation Shows

Feeling of Distrust.

LESSENED

Absence of the Usual Inquiry From the Interior for Funds for Crop-Moving Purposes Causes Uneasiness.

NEW YORK, Sept 2.—The tone of speculation in stocks today showed a degree of distrust and hesitation. The feeling was hased on the heights to which prices have been carried already and found expression in refraining from further buying and bidding up of stocks, more than in any active sitempts to get them lower. The leason of punishment administered to the bears last month is too fresh in mind yet to have lost its intimidating effect. The redundant state of the money market, while constituting the mainstay of the particular position on the long side of stocks, is itself a matter for suspicion of lagging commodity and merchandine markets.

The absence of the usual seasonable demand from the interior for funds is the subject of growing remarks. New York exchange fold lass week to 35 cegs discount and this was suppused to pertend the coming movement of funds from New York to interior markets for the crop movement and the Fall retail distribution. Now the exchange at Calcago has risen to nar or a small discount again. There is some trace of an inward currency movement discerning in the subtreasury operations at New York we have correspondents from interior banks for payment to the Government of internal revenue obligations. Money on call a limost a drug on the market and the scanty supplies of commercial paper are eagerly sought for investment. The railroad mortgage market is affected in the same way.

London and Berlin were reported large buyers of stocks here today, and this was the important factor in the carry strength

road mortgage market is affected in the same way.

London and Berlin were reported large buyers of stocks here today, and this was the important factor in the early strength of the market. The price of copper was marked down at the New York Metal Exchange, and this, with the poor showing in the annual report of the American Smelting & Refining Company, made the copper shares vulnerable to pressure. The increasing exclusiveness in the demand for Hafriman stocks, with the neglect of the general list, was a source of dissatisfaction to those long on stocks. American Smelting broke with some violence and the whole list soid off. Remmants of the advances were left in the strongest stocks.

Bonds were irregular. Total sales, par value, \$5,512,000. United States bends were unchanged on call.

## PORTLAND LIVESTOCK MARKET.

Prices Current Locally on Cattle, Sheep and

Hogs.

Livestock prices, on the whole, were well
maintained yesterday. Cattle, however, were
somewhat slower as a result of the increase
in receipts this week. The damand was
steady for good stock, and most that came
in was of this quality. Receipts for the day
were 240 cattle, 1210 sheep and 555 hogs.

The following prices were current on livestock in the local market yesterday:

CATTLE-Best atcers, \$3.75644; medium,
\$3.2663.50; common, \$323.25; cows, best,

Chicago Speculators Replacing Lines Recently Sold.

SENTIMENT IS BULLISH

Ruling Out of Velvet Chaff at Duluth and Minneapolis Adds Much Strength to the Situation. Finetuations in Corn.

CHICAGO, Sept. 2.-Wheat was strong all CHICAGO. Sept. 2.—Wheat was strong all day and the volume of business was larger than for some time past. Much builledness was manifested by professionals, many of whom replaced lines recently sold out. An announcement to the effect that the Duluth and Minneapolis exchanges had decided that "velvet chaff wheat" must be carried in a sephrate grade and cannot be applied on contract caused considerable comment on the floor of the exchange here and was largely responsible for the atrength of the local marresponsible for the strength of the local mar this year, and the rilling out of this variety will cut down materially the amount of con-tract supplies at those two grain centers. The decision caused sharp advances at the two Northwestern markets. Other factors that helped to create buillish sentiment were urgent demand for cash wheat at Minneapolls by elevators and mills and large sales of flour at that point. During the day the September delivery, which opened at 98½c to 97c, advanced to 98½c, while December, which opened at 98½c to 98½c, sold up to 97½c. May sold at \$1.01½. The market reacted considerably late in the day because of realizing sales, but closed firm, with September at 97%c and December at 96%c. helped to create builtsh sentiment were urgent

New high records for all deliveries of corn for the season were made today as a suit of active buying by shorts, the September option selling at 80c. The market slumped severely late in the session, owing to heavy realizing sales, the September delivery show-ing the greatest loss and selling off to 78%;c The market closed weak 14c to 4c lower. Final prices on September were at 78% 278c was strong all day. The close was firm, with prices 14c to 15c higher. Provisions were strong throughout the en-

tire session, owing to active buying by pack-ing interests. At the close prices were from 59714 to 30 cents higher compared with the Portland
