Most of the speakers of National pron who will take the stump for Taft and Sherman will not be available until about October 1, and until then the campaigns in the doubtful states will be managed by local speakers. Senators Beverlige and Borah and Lestle M. Shaw, ex-Secretary of the Treasury, and perhaps Secretary Garfield, will probably be ready by October 15. A few speeches by these men will be made later. Vice-President Fairbanks and Speaker Cannon are expected to make political adginning October 1, and Senators Foraker, La Follette and Knox and Governor Hughes will start out the same week In addition to these, practically all members of Congress who will make up the volunteer speaking force have agreed to arrange their plans so as to speak constantly for the last month of the

Foraker Says There Has Been No Trouble to Patch Up.

CINCINNATI, Sept. 3 .- In an explanasive denial, Sepator Foraker today disposed of a story printed in the Toledo Times of this morning giving what purported to be an authorized statement from him. As soon as he reached his home the substance of the story was repeated to the Senator and the Senator at once made the following statement to the Associated Press:

The statement published in the Toledo Times as you represent it to me is grossly misleading. The only basts for any such statement that I can recall is this: As I was leaving the hotel to take the train for Cincinnati last evening, a gentleman introduced himself to me and told me he represented the Toledo Times and that the Associated Press was sending out a long story, some 2000 words as I now remember his statement, giving an account of an agreement that had been entered into as a basis for peace between Judge Taft and myself and he wanted me to give him my version of the story.

"I told him there had been no agree ment of any kind, neither made nor suggested; that there was no trouble between Judge Taft and myself; that the trouble so much talked about in the newspapers was manufactured; that I had not made, at any time, any request of Judge Taft and he had not made any of me; that we had met on the reviewing stand

B. Bradley, who opposed Governor Warner for the Republican nomination. The latest Free Press tabulation gives Warner 87,535; Bradley 87,217. It is now thought that nothing short

of the official canvass can determine the nomination and there is talk of recounts and of litigation to ensue be fore either side concedes the nomination to the other.
