FLAMES EAT OUT RAWHIDE'S HEART

Nevada Mining Town Almost Destroyed by Sudden Conflagration.

RELIEF AVERTS FAMINE

All Supplies Burnt, but Neighboring Towns Rush Food and Clothing. Loss on Buildings Alone Is \$750,000.

RAWHIDE, Nev., Sept. 4.—A fire that started this morning at 9:30 in Dr. Garner's office, a veritable freetramp, spread with lightning-like rapidity and, despite the vigorous efforts of the fire department and 500 miner volunteers, eight blocks, comprising all the business section of the town, were a mass of flames. The fire-fighters soon discovered their efforts were of no avail against the fire, so they began dynamiting adjacent buildings. Over a ton and a half of dynamite was used. At 11 o'clock the total area was a mass of ashes and smoldering embers.

Dynamite Spreads Flames.
Among the first buildings to go was Collins hardware store, which contained two tons of dynamite, that exploded with terrific force, hurling burning planks and boards a great distance and setting fire to numerous buildings immediately adjacent. This catastrophe led the firemen to fight the flames with dynamite, which prompt action saved the outlying portions of the town. A strong wind was blowing, which swept the flames southward across Rawhide avenue and east across Nevada street.

The buildings destroyed will alone result in a financial loss of \$750,000, with no insurance. The contents of the buildings are a complete loss and will swell the total to considerably more. Many people were slightly injured, and debris, but none are reported seriously hurt.

Many acts of heroism were enacted and, were it not for the cool-headed ones among the anxious fire-fighters, several fatalities would have resulted. Frenzied men, whose fortunes were going up in flame, rushed madly forward in their attempts to save their belongings, and would have perished had not restraining bands detained them.

"Have Money, but No Grub."
A famine was feared, as all the supply houses and grocery stores were wiped out. Dispatches sent to Reno said:

"We have lots of money, but no grub." Acting on these messages, a subscription list was started and in a few minutes over \$5000 was raised and a relief train started from Reno at 4 o'clock, containing thousands of pounds of food and bedding. The train will arrive in a few hours and relieve the seriousness of the situation. All the mining towns of the state came to the assistance of the Rawhide sufferers with cash contributions. The San Francisco Mining Exchange at once sent a contribution of \$500.

A partial list of the heaviest losers follows: First Bank of Rawhide, Bank of Rawhide, Press-Times building, Mizpah Mercantile Company, Nevada Meat Market, the Northern (Tex Rickard's), E. E. Mix & Co., Nevada Club, Downer Hotel, Kelly's dancehall. The losses on the above aggregate over \$100,000.

of six buildings, and plans were well under way for a reconstruction of the town before the ashes were thoroughly cool. Rawhide is a typical mining town, and up to two years ago had a population of about 8000. Since the excitement of first discoveries abated, however, the population has rapidly decreased, and there are now probably 3000 people in the camp. The buildings are mostly small and scattered, though there are a few substantial structures. Among these were the Rawhide Hotel, Hotel Dormon, the Bank of Rawhide, the Moss building and Tex Rickard's building.

TONOPAH PROMPT WITH AID

Rushes Supplies to Rawhide by Train and Automobile.
TONOPAH, Nev., Sept. 4.—When the news was received here this afternoon that the town of Rawhide had been almost completely burned and had sent out a call for aid, the fire alarm sounded and immediately called a large number of citizens to the center of the city, where they were addressed by Key Pittman and J. S. Daveler. Subscriptions to a relief fund were called for, and \$5000 was raised within 30 minutes.

Fifteen automobiles were soon loaded on a freight train, placed at the disposal of the citizens by the Tonopah & Goldfield Railroad, which will convey the automobiles and a big lot of supplies to Mina, where the provisions and clothing will be placed in the automobiles and rushed to Rawhide, a distance of 40 miles.

WILL OPERATE ON OTIS

Aged Los Angeles Publisher to Yield to Surgeon's Knife.

BALTIMORE, Md., Sept. 4.—General Harrison Gray Otis, publisher of the Los Angeles Times, is at the Johns Hopkins Hospital here for the purpose of undergoing a slight surgical operation, which, it was said at the hospital today, probably would not be performed until tomorrow.

Mr. Otis is 72 years old, and came here from Los Angeles, where he has been ill for some time. No apprehension is felt as to the outcome. The operation, while serious, is not considered a critical one.

LOS ANGELES, Sept. 4.—General Harrison Gray Otis, who is in a Baltimore hospital, had been ill at his home in this city for some time. His condition failing to improve during the past few weeks, an operation was finally decided upon. It was thought best to have the operation performed at the Johns Hopkins Hospital by an eminent specialist. He left Los Angeles for Baltimore and a telegram received from him yesterday stated that he had arrived without having sustained any injurious effects from the trip.
