

CARGO OF BARLEY CLEARS FOR LEITH

Steamship Strathlyon Goes to Direct Port in Scotland With Full Load.

BIG SHIPMENTS FOR MONTH

Total Grain Exports for First Nine Days of September Exceed 500,000 Bushels—Three Steamers Ready to Load.

Grain shipments to foreign ports passed the half-million-bushel mark for the month of September to date yesterday.

The French bark Eugenie Faurel and the British steamship Broomont cleared on the first day of the month and the Strathlyon got away yesterday.

By the end of next week the million-bushel mark will have been passed.

The Cambrian King, Falls of Nith and Queen Amelle, all British steamships, are ready for cargo and will begin loading immediately.

COQUILLE JETTY IS COMPLETE

United States Engineers Officially Announce End of Operations.

Work on the Coquille River jetty has been completed. The contractors have delivered the last ton of rock and the engineers have officially announced that the project has been completed.

During the life of the last contract there was delivered and placed on the north jetty 3,000 tons of stone.

Major McIndoe has received authority from the department to expend the money subscribed by the people of Coos Bay for the operation of the dredge Oregon.

SHEDS LIGHT ON RAILROAD FIGHT

Cause of War With Hill Disclosed by Harriman While in Portland.

HISTORY OF BROKEN PACT

Northern Magnate Said to Have Declined to Enter Agreement for Exchange of Traffic in Northwest.

An unwritten chapter in the history of the fight in the Pacific Northwest between the Hill and Harriman lines was disclosed by Mr. Harriman himself during his reception at the Commercial Club last Saturday night.

In return for this concession, the Harriman people wanted the privilege of running their trains over the Northern Pacific tracks between Portland and the Puget Sound cities.

Proposed Exchange of Traffic. Mr. Harriman said this was the proposition he had made to the Hill interests.

Never Builds Useless Lines. Mr. Harriman is exceedingly practical in the construction and operation of railroads.

But superfluous railroads are regarded by him as a waste of money and a hindrance to the cardinal principle of his in railroading.

This move of the Hill people, of course, violated the much discussed "gentlemen's agreement" between the two magnates.

ONE OFFICE FOR HILL LINES Will Handle Ticket Business of North Bank Road.

It has been practically decided upon by the passenger department of the Spokane, Portland and Seattle Railway, the North Bank road, that tickets over the new line will be placed on sale at the office of the allied Hill lines in this city.

Every Grain of Grape-Nuts carries its quota of strength in health-giving, brain-building properties.

"There's a Reason"

on the new line will be on hand in both offices. It was suggested some time ago that the new line would not be likely to find it necessary to maintain a separate office for the sale of tickets.

Skinner Returns From Chicago. W. D. Skinner, assistant general freight agent for the Harriman lines in this territory, returned from Chicago yesterday after spending two months in conference with the road officials.

Seaside Will Be Terminus. After next Sunday Seaside trains on the Astoria and Columbia River Railroad will make Seaside the terminus instead of running to Holiday station.

Confers on Northern Rates. J. G. Glendinning, of Winnipeg, chief rate clerk in the passenger department of the Canadian Pacific, is in Portland conferring with local officials of the road in regard to the rate situation.

WANT PAY FOR DESIGNS Competing High School Architects Are Still Dissatisfied.

Architects Ernst Kroner and Kable & Kable are still dissatisfied with the action of the Board of Education in the award of the design for the Alhambra high school.

Good Fishing at Newport. Advice has just been received that silver and chinook salmon are being caught on trout in Yaquina Bay.

NURSE FOR SCHOOLS

Two Inspectors Also Provided For by Council.

\$900 FUND APPROPRIATED City Health Officer Pohl Declares Heavy Decrease in Mortality Among School Children Will Be Result.

Without a dissenting vote the City Council yesterday afternoon passed an ordinance appropriating \$900 to pay the salaries of two inspectors and one nurse to be employed by the Board of Health and to be assigned to duty exclusively in the public schools.

Architect Kroner and J. F. Kable, of the firm of Kable & Kable, contend that the Board of Education was bound by the terms of the programme entered into with Architect Somerville.

Dr. Pohl was asked to state the need for school inspectors and a nurse, and did so in a few words. He pointed out the fact that in many instances diphtheria and other infectious diseases are running in schools very lightly.

As one ozone for disinfection is likely soon to be produced in the home, Dr. Oliver Lodge gives warning that it should only be inhaled when properly diluted.
