PEOPLE'S INSTITUTE EXHIBIT.—There will be an exhibit by the public play more valuable for agriculture than for growth of timber or deposits of mineral. It will be retained by Postmaster J. W. Mills as the official custodian of the Federal building. It will then be made subject to entry.

Ponte, Green and Prager went big, as did "Have You Seen My Baby," by Marguerite La Ponte and chorus. Other musical numbers, which are introduced generously throughout the action of the piece, were warmly received. Notwithstanding the fact that the hot weather is over, The Oaks shows seem just as popular as ever and yesterday's audiences were unusually large.

"The School Girl" at The Oaks. PERRY JACKSON, wizard of the brush and pen, is responsible for the bunch of fun that will come up at The Oaks every night this week. Indeed, he is responsible for the whole show, for it is he who, by his letter, stages the performance. Not only stages the performance, but provides what comedy there is to this potpourri of really funny situations.
