

BRITAIN OPENS FIRE ON STEEL TRUST

Tells Delaware It Furnishes Funds for Republican Campaign.

IN GRASP OF CORPORATIONS

Two Speeches in Delaware Continue Assault on Republican Party. Will Probably Come to the Coast in October.

WILMINGTON, Del., Sept. 17.—Carrying his campaign in Delaware after a jump over today of 500 miles from Rochester, N. Y., William J. Bryan, Democratic candidate for President, twice addressed the Republican party for being, as he charged, in the grasp of the corporations and more particularly the steel trust, which, he for the first time openly announced, was furnishing the funds for the Republican party in the political contest now on, and also denounced the men who, he said, had sold their franchise in Delaware.

Delivers Two Speeches.
His first onslaught was delivered at Harrington, a town of 200 people, but whose population was augmented by thousands of others who had been attracted there by the presence of the Democratic leader. Tonight he repeated his utterances at Shell Pot Park, a place through which taxed the capacity of the place.

While in this city Mr. Bryan was the guest at dinner of Judge George Gray. Mr. Bryan will leave in the morning at 6:30 o'clock on his special over the Pennsylvania Railroad for New York, reaching there about 9 o'clock. He will spend the entire day conferring with his party leaders, concluding at night with a speech at Carnegie Hall on "Republican Tendencies."

May Come to Pacific Coast.
Mr. Bryan and National Chairman Mack will confer on plans for a speaking tour which will carry the candidate through the Middle West and possibly as far as the Pacific Coast. The tour will take up practically the entire month of October. It is the aim of the National Committee to have Mr. Bryan speak only in those cities where he has not spoken on previous trips.

"CARIBOU BILL" IS IN JAIL

Noted Alaskan Character Puts Bullet in Man's Shoulder.

SEATTLE, Wash., Sept. 17.—(Special.)—William Dettlerling, known all through the North as "Caribou Bill," is in jail at Fairbanks, charged with assault with intent to kill John C. Ridenour, according to word brought on the steamship Northwestern today.

Ridenour is in the hospital with a bullet through his shoulder. The shooting took place on August 25 on a claim on Dome Creek. Dettlerling and some men were working on a disputed claim, when Ridenour, a party of men came up and ordered them to stop work. They refused and Ridenour attempted to take their tools away from them.

Dettlerling thereupon sent a bullet through Ridenour's shoulder. Dettlerling was one of the discoverers of French Hill, Dawson, and also took a large amount of gold out of the placer diggings at Nome.

WHEAT CROP OF EUROPE

Smaller in Western Countries, Slightly Larger in Russia.

WASHINGTON, Sept. 17.—The European reports to the Department of Agriculture say that the wheat harvest over the greater part of Europe is nearly completed. The average point to a smaller harvest than last year in the United Kingdom, the Netherlands, Belgium, France, Italy and Portugal. Eastward of these countries a moderate increase in the yield is expected.

But while Russia probably will reap a slightly heavier crop of wheat than last year and a materially larger rice crop, there is no doubt that the results will be below the average, even after making liberal allowance for the report of Spring wheat. This will consequently be the third year of serious shortage.

MARYLAND IS FOR TAFT

He will be given a special train and a number of other prominent speakers will accompany him. He is in demand particularly in Iowa, Nebraska, South Dakota, Kansas and Missouri, but requests have been received that he be sent to practically every state in the Union.

THROUGH FROM THREE STATES

Immense Crowd Will Hear Taft at Cincinnati Tuesday.

CINCINNATI, Sept. 17.—Beside the excursion trains, filled with the personnel of the National League of Republican Clubs, which are scheduled to arrive here for the day and night, a large crowd is expected to assemble at the Taft headquarters today that the nearby towns of Ohio, Kentucky and Indiana would swell the throng. Among these will be clubs from Indianapolis, Columbus, Middletown and Hamilton. Every Republican club in this city has been formally invited to participate.

There will be a meeting in G. A. R. Hall in the daytime and an evening rally in Music Hall, at which Senator Foraker, presiding, will make an address and introduce Mr. Taft, the principal speaker of the meeting. Those in charge of the arrangements said it really would eclipse anything ever attempted in the city.

Nation, but without her saloon-smashing hatchet. Mr. Taft himself admitted Mrs. Nation to the spacious hall. "You know me," she declared without preliminaries.

The candidate admitted that from the public prints he knew who Mrs. Nation was.

"Well I have come here to have a discussion on the liquor question," was her next remark.

"You will have to excuse me from entering upon any discussion with you," was Mr. Taft's half smiling reply, whereupon Mrs. Nation began one of her characteristic speeches against the drink evil, not overlooking a condemnation of all those who did not go valiantly to the work of reform, as she believed it should be carried on.

Mr. Taft was modestly backing away and Mrs. Nation, seemingly somewhat tired with what she was doing, backed her way out of the door, and the interview was ended.

WILL NOT MEET AT BANQUET

Taft Finds That He Cannot Attend Dinner With Bryan.

CHICAGO, Sept. 17.—The contemplated meeting of Judge Taft and W. J. Bryan at a banquet here October 7 has fallen through, according to a statement made by Chairman Dixon, of the Republican Speakers' Bureau today.

Judge Taft, on September 25, will address the Independent Railwaysmen's Taft Club in Chicago, said Mr. Dixon, "but his itinerary will not allow his speaking at Chicago October 7."

It is said that it was Judge Taft's wish to speak at the banquet, but that the Speakers' Bureau was not officially consulted in making the arrangements.

Mr. Bryan, however, will attend the banquet.

SHERMAN'S SON IS BEATEN

NO MATCH FOR TRAVIS IN BIG GOLF TOURNAMENT.

Veteran Easily Defeats Young Man From Utica on Garden City Links.

GARDEN CITY, N. Y., Sept. 17.—After an unusually interesting day of golfing, there were four survivors out of a big field of 133 starters, when play closed today in the National amateur championship tournament of the United States Golf Association at the Garden City Club's links. Although the best players from North, South, West and East were among the entrants, the four men left in the running at the semi-final stage belong to clubs in the Metropolitan districts.

They are Jerome D. Travers, of Montclair, N. J., the present champion; Walter Travis, Garden City, a former holder of the title; Max H. Behr, of Morris County, N. J., and Fred Herreschoff, whose home is in Newark, N. J.

The four men defeated today were H. C. Fowner, Jr., of Pittsburgh, by Travers; Thomas K. Sherman, of Utica, son of the Republican Vice-Presidential candidate, by Travis; Thomas M. Claflin, of Weston, Mass., by Behr, and E. M. Byers, of Pittsburgh, who won the 1905 championship, by Herreschoff.

The four winners today will fight it out tomorrow until only two remain and the last survivors will meet on Saturday for the championship.

Travis ran away from Sherman on the homecoming journey, being 5 up at the turn. The Utican was unable to get anywhere near his opponent until the tenth, which he won in 4 to 5. He won the next two in 4 to 5 and 3 to 4, but Travis forged ahead again, and coming to the home green, Sherman was 3 down. Then Sherman overdrove the green, the ball rolling into the sand trap back of it, and he took nine shots to get it out, finally giving up the hole in disgust.

GET TEN MORE FISHERMEN

Game Warden Files Informations Against Gillnetters.

ASTORIA, Or., Sept. 17.—(Special.)—During last night W. A. Mack, Deputy Fish and Game Warden, caught 10 gillnetters fishing in what is known as the prohibited territory in the lower harbor. Informations were filed against them today and warrants for their arrest issued. Two of the men held Washington licenses, but the balance had licenses issued by the State of Oregon.

Some more gillnetters were arraigned in the Justice Court today on charges of violating the fishing law and were placed under bonds to appear before the Circuit Court grand jury. One of them has four charges of the same offense pending against him.

FALSE, SAYS PASTOR

Dr. F. Burgette Short Denies Report of Sermon.

CHARGE OF INACCURACY

Clergyman Declares He Did Not Predict the Destruction of Salt Lake City Within a Very Few Years.

The report, sent out from Cincinnati, that Dr. Francis Burgette Short, formerly pastor of the Taylor-street Methodist Church, likened Utah, and particularly Salt Lake City, to Sodom and Gomorrah, stirred up some feeling among the members of his congregation in Salt Lake. He is at present the pastor of the First Methodist Church, there.

It is reported that Edward P. Kimball, organizer for the church of which Dr. Short is now pastor, and assistant pastor of the Mormon Tabernacle, went so far as to write out his resignation, but that he had it destroyed when told that in all probability the preacher had been misquoted.

As soon as the morning papers were out, September 7, the Monday after he preached his sermon in Cincinnati which has caused such a stir in the city founded by the Mormons, Dr. Short mailed to his wife a copy of the Cincinnati Commercial-Tribune, with a letter saying that it contained a true account of the service. Dr. Short is said to have told Mrs. Short in the letter that he did not predict that Salt Lake City would be destroyed in five years, and that he did not compare it with the cities which were burned because ten righteous persons could not be found in them. The report of the sermon sent to Mrs. Short is as follows:

Freeding letters today for his and all other Christian churches in Utah, and declaring his belief of great possibilities of that commonwealth. Rev. Francis Burgette Short, D. D., of the First Methodist Church of Salt Lake City, Utah, yesterday morning preached at the Walnut Hills M. E. Church a strong sermon on the Mormon problem.

Dr. Short also spoke at the St. Paul's Methodist Episcopal Church last night on the same subject.

Dr. Short is in Cincinnati seeking assistance for his church in paying off an indebtedness of \$200,000. He has been in this city for several days, after which he will visit several other cities. He does not expect to return to the west for several weeks.

In his sermon Dr. Short did not go into details concerning the Mormon religion, but declared that some of the practices and ceremonies of this sect rival the heathenisms of the east.

Dr. Short believes that the mass of the Mormon people at heart are as much opposed to polygamy as are the members of other religious bodies. Particularly is this true in the case of the younger generation, he said.

He most earnestly hopes that you agree with this view and will favor and aid his re-election. Mr. Rogers joins me most heartily in this expression to you.

With kind regards, I am, very sincerely yours, JOHN D. ARCHBOLD.

STANDARD AND FORAKER

(Continued From First Page.)

In fact he is a representative of the Standard Oil Company. The letter was written to Mr. A. B. Sibley and relates how Mr. Sibley told Mr. Roosevelt that he should be careful how he offended the Standard Oil and that he could not afford to depend merely upon the support of the people. This is the conclusion of the letter:

"For the first time in my life I told the President some plain, unpleasant, truths as to the situation politically, and that no man should win or deserve to win who depended upon the rabble rather than upon the conservative men of affairs."

"Anything you may desire here in my report, please advise. Sincerely yours, JOSEPH C. SIBLEY."

"You gentlemen, I, Mr. Hinson, all of us are the rabble; seekers after office cannot depend on us; they need the conservative citizens, those magnates of the great criminal trusts."

Mr. Hearst referred to a complaint in contempt which had been filed by ex-Artillery-General E. S. Monett in the Ohio Supreme Court alleging an attempt to influence his action in a suit against the Standard Oil Company, and which complaint was dismissed by Judge Charles A. Schaeck. Mr. Hearst followed by reading the following letter, which he said had been written by John D. Archbold to Mr. Foraker:

BEN SELLING LEADING CLOTHIER

My Dear Senator: You, of course, know of Judge Burgette's candidacy for re-election to the Supreme Court bench of Ohio. We understand that his re-election to the position would be in the line of usage as followed in such cases in Ohio and we feel very strongly that his eminent qualifications and great integrity entitle him to this further recognition.

We most earnestly hope that you agree with this view and will favor and aid his re-election. Mr. Rogers joins me most heartily in this expression to you.

With kind regards, I am, very sincerely yours, JOHN D. ARCHBOLD.

"Here is another and final letter, concluded Mr. Hearst; Don't Nominate Bennett."

26 Broadway, New York, March 29, 1902. My Dear Senator: We are surprised beyond measure to learn that Smith W. Bennett, brother-in-law of F. S. Monnett, recently Attorney-General of Ohio, is in the race for the Attorney-Generalship of Ohio on the Republican ticket.

Bennett was associated with Monnett in the case against us in Ohio and I would like to tell you something of our experiences and impressions of the man gained in that case. If you know him at all I am sure you will agree that his candidacy ought not to be seriously considered from any point of view.

"NO GRAFT AT GORDON FALLS"

BONDS FOR SALE

RUN TEN YEARS—PAY SIX PER CENT INTEREST—REDEEMED IN U. S. GOLD COIN—INTEREST PAID EACH SIX MONTHS

Secured by the townsite of Gordon Falls—840 acres—including waterfalls capable of operating the mills and factories of an active and busy city. All funds derived from the sale of bonds will be carefully devoted to the erection of Woolen and Worsted Mills and the improvement of the townsite, so that the security behind the bonds is the large tract of land, worth half a million dollars, and the money itself that is received for the bonds.

STOCK FREE

WITH EACH \$100 BOND WE GIVE \$50 WORTH OF STOCK ABSOLUTELY FREE

At the end of 10 years the bonds are paid off—the buyer gets his money back—but the stock will share in the profits for an ever-a never-ending income provided for its owner. It will participate in the earnings of the mills, the factories, all rentals and income derived from the sale of power to other industries, so that it is not at all extravagant to predict that the stock will so largely add to the interest on the bonds that the investment will very likely return an income of as much as 12 to 15 or more per cent. With banks paying only 4 per cent on time deposits, it will readily be seen that Gordon Falls bonds surpass any financial investment now upon this market, or likely to be upon it for many days to come. If the profits derived from the operation of other textile mills be any criterion to judge by, then this most certainly is true.

PROFITS OF OTHER MILLS

The Pepperell Manufacturing Company, of Biddeford, Maine, started 9 years ago, is already paying 12 per cent in dividends and has a surplus of \$2,478,000. Its capital is \$2,550,000.

The Troy Cotton and Woolen Manufacturing Company, with a capital of \$1,000,000, has a surplus of \$474,398.

The Great Falls Manufacturing Company, with a capital of \$1,500,000, has a surplus of \$560,000.

The Union Manufacturing Company, Fall River, Mass., has for 25 years paid an average of 15 per cent dividends annually on its stock of \$1,200,000 and has a surplus of \$600,000.

The Spalding Mills, Griffin, Georgia, with a capital stock of \$200,000, pays 10 per cent annual dividends on its common stock, 6 per cent on its preferred and has net earnings of 22 per cent per annum.

One of the largest and most wonderful textile plants in the world is the Amoskeag Manufacturing Company. It pays regular annual dividends of 10 per cent besides fine extras on a capital of \$5,750,000, and has a surplus of \$2,729,651. It owns numerous mills, employs 6000 males and 7000 females; has 550,000 spindles, 20,000 looms, weaves 2,850,000 yards of cloth, and \$76,000 yards of worsted per week, uses 48,000,000 pounds of cotton per annum and 18,400,000 pounds of wool, burns 190,000 tons of coal a year, uses 60,000 gallons of oil per annum, and has a weekly payroll of \$14,000.

BANKS PAY FOUR PER CENT—WE PAY SIX, AND BONDHOLDERS SHARE IN THESE BIG PROFITS

In this company every bondholder is a stockholder and every stockholder a partner and voter in the company. He is part owner of this townsite, soon to be a city. He is part owner of the mills. He is part owner of the buildings now on the ground, and will own shares in others when erected. He will be part owner of all machinery, tools and equipment—of everything owned by the corporation.

A DELIGHTFUL CITY

Gordon Falls will be a delightful city. Surrounded by the most fascinating scenery in the world, and provided with water not surpassed on earth, with great mountains and canyons to the south and the lordly Columbia lavishing its northern border a distance of three miles, the town will forever nestle within an enchanting border of scenic and pleasurable luxury. It is destined to be the home of thousands of prosperous and happy people, and those now acquiring an interest in the place, by reason of ownership of bonds and stock, will see the day they will relate with pride that they had a hand in its incubation. Beauty and riches will be there entwined, and happiness and contentment will be their garlands.

THE PORTLAND TRUST COMPANY OF OREGON

Will issue all bonds and attend to their regularity. Mail remittances may be made direct to that old, reliable bank, or to this office, and will always have prompt and careful attention.

BONDS MAY BE PAID FOR ON TERMS OF \$10 DOWN AND \$10 PER MONTH, AND BONDHOLDERS HAVE PREFERENCE WHEN HELP IS HIRED
