Walter McCredle made a hero of himself by poking out a beautiful Texas leaguer over Zelder's head that scored the winning run. There were extra fielding stunts thrown in for good measure. Bassey made a wonderful catch of Williams' fly in the eighth when he ran straight for the left field fence and leaped high in the air and caught the ball. Johnson also made a grandstand play. He jumped into the air and knocked down Berry's drive that was tagged for two bases and threw him out at first.

Success of State Fair Is Regarded as Encouraging Indication by Promoters of Great Portland Livestock Show.

As one of the strongest drawing cards of the entire week of the Country Club harness races and Pacific National Livestock Show, the management committee will today invite the great trio of worldrecord Oregon athletes, Smithson, Gilbert and Kelly, to give an exhibition on some day of the meet which will be most mient to them. That the triumphant standard-bearers of Oregon's prowess in the lands across the sea will respond to the invitation is expected, though it will be necessary to ascertain on just what day of the week they will all be able to

Portland is regarded as the home of the great triumvirate, though their individual records may have been made at other places and under other colors. At the same time, the heroes of the hurdle, pole vanit and broad jump have been accorded more lavish honors, according to their own admissions, here in Portland than at any other place in the entire country—honors which they appreciated more than any other favors which have been bestowed upon them.

The commodious group of II livestock barns are now all in readiness to receive the first arrivals of show stock which will be laid down at the Country Club grounds tomorrow night or Sunday. Requisitions for space have been coming in all week and it is expected that by Sunday the stock barns will be well filled with some reserve space held back for the tardy entries which will be listed from remote points. There will not be a vacant foot of space in horse or cattle barns, and the demand for quarters in the sheep and swine barns is active enough to warrant the prediction that they will be filled to capacity.

The racing stables, ten in number, are completed and ready to house the vast field of contenders which will take part in the great trotting and pacing events. A goodly number of the \$50 entries which are expected will arrive either tomorrow night or Sunday and will be comfortably quartered by Sunday night. That there will be any number of records broken in the races held here is almost a certainty from the fact that more than half the number of horses which have so far competed in the race meets of the North Pacific Fair circuit have lowered their own marks and, in two notable cases, they have lowered all Pacific Coast records. Mona Wilkes, the star performer in the Rapid Transit 2:05 pace, on Saturday, September 25, has set a new mark for side-wheelers on the Coast with a record of 2:00%, while Berta Mac, the trotting marvel of the Coast, has lowered every track record where she has appeared and has given the Coast a mark of 2:08 for performers of her style. has given the Coast a mark of 2:08 for

Capron Out of Football.

MINNEAPOLIS, Minn., Sept. 17. — George Capron, famous drop-kicker, who has been charged with violating the conference rules, announced last night that he had resigned as captain of the Uni-versity of Minnesota football eleven and ver held that he would not play this season untunder any consideration. Capron admits he is ineligible to play, but says it is because he has a subject to make up in his studies at the university, and not because he has ever played professional football or baseball.
