

RAY O' LIGHT SETS NEW COAST RECORD

Three-Year-Old Wins Chamber of Commerce Pace in 2:08 1-4.

MULES IN A MILE RACE

Buster Jones Captures the Three-Quarter Mile Running Race—Dr. Jones Takes Two-Year-Old Trotting Race.

Three splendid harness events, a three-quarter mile dash and a vaudeville attraction in which three pairs of mules were cajoled and whipped around the track were features of the racing programme at the Pacific National Show at the new grounds of the Country Club yesterday.

In the second race of the day the Pacific Coast record for 3-year-olds was broken by Ray o' Light, E. S. Train's crack colt with Searchlight blood in his veins.

It was a 3-year-old pace for the Chamber of Commerce purse and, as stated before, it was the fastest 3-year-old race ever run on a Western track. Ray o' Light won handily in two straight heats; time 2:08 1/4 and 2:09 1/4.

The third race, the big event of the day, with a field of 10, developed some sensational racing which is not adequately described by the three successive heats won by H. E. Rutherford's black horse, Monocrat, Doc Munday, an outsider, according to the dopsters, drove Monocrat a fearful pace for first money, and had the bay gelding stayed on his feet he might have been at the head of the procession instead of three successive second places.

In the running race, three-quarter mile dash, there was an exciting finish. Buster Jones winning by a nose from Melar, G. P. McNeal's bay mare that showed wonderful finishing powers. From a position far in the rear of the two leaders she showed a burst of speed in the stretch that sorely distressed the winner.

Mule Race Causes Mirth. In the mule race, the vaudeville stunt which caused a thousand cheers and unmitigated mirth, M. D. Wisdom's pair of galloping wonders won easily from H. C. Campbell's team. Dr. Emmett Drake, the third entry, was distanced simply for the reason that his team refused to heed the stinging commands of his whip and ambled along leisurely, trying once to pause and nibble at a bunch of grass that grew temptingly near the back stretch. It is whispered in the paddock that the race was a frame-up, though no official protest has been entered.

In the first race, 3-year-old trotting, two out of three, Dr. Jones took first money, although he was second in both heats. There were five entries, three of which were scratches. The first heat was easily won by Zomdel. Dr. Jones was second in the best. In the second the two took the world evenly and went to the half with Zomdel a length to the good. There the colt went off his feet and ran clear down the stretch and past

the wire. Dr. Jones was given the race, though finishing second, because Zomdel ran for half the distance. Time, 2:44 1/2.

Ray O'Light Wins Handily. In the 3-year-old pace, two in three, the sensational event of the day, Ray o' Light won handily from Morritz and Cora in straight heats. The rare finished second in the first heat, while Morritz took that position in the second heat. The second and third heats, accordingly, was shared evenly by the two. Time, 2:08 1/4 and 2:09 1/4.

Monocrat took first money in the third race in three successive heats. It was a 2:27 class trotting. He took the lead in the first heat and kept a good two lengths ahead of the field till the finish. Doc Munday, with a bad start, closed in on him toward the end, but failed to do better than take second place. The second heat was practically a repetition of the first, except that the Monday horse crowded close on the leader, allowing only half a length to intervene. Byron Corbett, a long bay, which had remained in the background, figured prominently in this heat, for he climbed from way back in the rear to third place at the finish.

The third heat showed Monocrat somewhat distressed, or Doc Munday wonderfully strong on the finish, for Monday crowded the leader closely until the stretch, when he went up in the air, and barely held second place from Byron Corbett. The time was 2:15 1/2, 2:18 1/2 and 2:14 1/2.

In the running race, three-quarters of a mile, with a field of four, Buster Jones repeated his performance of Monday and took first money. It was only by a head, however, and after a most exciting finish, for Melar made him awfully tired of the distance, and in the stretch closed a gap of at least six lengths, losing to Buster Jones only by a head. Birdie P finished third, and Mary Dunn fourth. Time, 1:13 1/2.

In addition to the second appearance of College Maid, the entries for today are as follows:

FRANKS PRESIDENT

Multnomah Club Member Head of P. N. A.

ELECTION HELD IN SEATTLE

Portland Delegates Refuse to Participate in Proceedings and Have Nothing to Offer in Explanation of Actions.

SEATTLE, Wash., Sept. 22.—(Special.)—Edgar Frank, of the Multnomah Club, of Portland, was elected president of the Pacific Northwest Association of the A. A. U. at a meeting of the board of governors held today at the Seattle Athletic Club.

The registration committee, whose duty it is to see that all athletes competing in meets under the auspices of the A. A. U. are properly registered, will consist of Morris Dunne, of Portland, chairman; Fred Blomberg, of Spokane, and Fred F. Carver, of the Seattle Club.

A determined effort will be made to have the championship games of the A. A. U. held in Seattle during the coming next year, and to provide for that contingency a games committee was named. This committee will have full charge of the games as far as the P. N. A. is concerned and takes out of the hand of the club under whose auspices they are held the management of the games.

D. G. Inverarity, of the Seattle Club, was named as chairman of this committee and the other members are W. M. Inglis, of the National Guard Association; T. G. McDonald, of the Public Schools Athletic League; R. W. Wilbur, of the Portland Rowing Club, and Fred Blomberg, of the Spokane Athletic Club.

PORTLANDERS FAIL TO ATTEND

Multnomah Delegates Refuse to Participate in Seattle Election. Without being represented at the Seattle meeting of the Pacific Northwest Amateur Athletic Association in Seattle last night, the Multnomah Amateur Athletic Club voted the principal officers for the ensuing year by that organization.

T. Morris Dunne, E. E. Morgan and Edgar E. Frank were delegated by the local club to represent it at the annual meeting at Seattle. Dunne and Morgan went to Seattle, but returned home without having been in session with the other Northwest representatives.

P. N. A., when informed last night of his selection for the office, said: "The action of the P. N. A. is only in accordance with precedent and I shall accept the office and do my utmost to promote the interests of the organization. I have not seen Mr. Morgan and therefore know nothing of the controversy, or dispute, if any such occurred, which led to his withdrawal from the meeting. As far as the Multnomah Club is concerned, we desire harmony in this organization and as far as we expect to have the A. A. U. games at Seattle next year, it would not be well for us to have a serious break in the organization at present. Aside from one member of the committee appointed by the P. N. A. to assume charge of the games, should they be held in Seattle, I have no objection to that committee. As to this man, I do not care to discuss him at present, for I believe that his standing can be determined without a dispute arising between the Multnomah Club and the other members of the association. As Seattle is to have the meet, it is no more than proper that Seattle men should have the larger representation on the committee which will have the planning of the meet. I wish to thank the members of the association for the honor conferred upon me and shall endeavor to perform the required duties to the best of my ability."
