SECT IS OPPOSED TO SUNDAY LAW

Infringement of Principles and Rights, Declare Seventh Day Adventists.

SPEAK AT MASS MEETING

Review History of Excise Legisla tion and Base their Arguments on Liberties Guaranteed by the Federal Constitution.

Contending that laws providing for the closing of stores on Sunday and for Sunclosing of stores on Sunday and for Sunday rest are out of harmony with the fundamental principies of the American Government, four speakers addressed a large mass meeting, held under the auspices of the Seventh Day Adventists at Womon of Woodcraft Hall last night. They were Elder A. J. Breed, field secretary of the National Religious Liberty Association; Edder Daniel Nettleton, Elder W. F. Martin and Elder E. E. Andruss, president of the Southern Callfornia conference of Seventh Day Adventists.

ventists.

In stating the position taken on this question by the church he represents, Eider Nettleton said:

We, as Seventh Day Adventists, believe and teach that our people should respect and obey the civil power, should pay their taxes, and otherwise he good, law-abiding citizens. We believe however, that every Sunday rest law is a religious law, not a civil law. We believe the state has no more right to legislate in the matter of faunday rest than it has in the matter of haptism, or prayer, or any other religious duty or ordinance. We believe that the state has no more right to compel a man to close his shop on Sunday than it has to compel him to be baptized by immersion, or pray three times a day.

Sunday Not Their Sabbath. Sunday Not Their Sabbath.

Sunday Not Their Sabbath.

Seventh Day Adventists do not beliave that Sunday is the Sabbath of the Lord, because he has eaid that "the seventh day is the Sabbath of the Lord the Sabbath we believe it would be just as wrong for the state to compel its citizens to observe it. We do not disobey the Sunday law and teach that it is wrong from a financial standpoint, or because it will moust o observe it. We do not disobey the Sunday law and teach that it is wrong from a financial standpoint, or because it will injure our business, but upon the principle lat it is an infringement on our constitutional and God-given rights, and were there a law to compel all men to keep Saurday, the true Sabbath of Jebuvah we would oppose the enactment and enforcement of such a law as strongly as we do the enactment and enforcement of such a law as strongly as we do the enactment and enforcement of the Sunday laws. We believe that all men have a right to worship or not to worship as they see fit. Men are responsible only to God in the matter of religion, and Sunday laws are religious laws. Although we are in the minority, we believe we are right, and we would 'Rather be right than President."

state should arouse themselves to see that there is more in the question than the sale of a 5-cent stick of candy Elder Martin, who was the first speak-a, called attention to the blue laws of the early American Colonies, and the manner in which the Baptists and Quakmanner in which the Baptists and Quak-ers were permouted because some of their fellow-citizens had brought with them from the Old World the idea that the civil government had the right to regu-late religious matters. He then called at-tention to the second paragraph of the Declaration of Independence and the first amendment to the United States Consti-tution, the first providing that liberty is man's inalienable right, and the latter that Congress shall make no law respect-ing an establishment of religion. He said ing an establishment of religion. He said Sunday laws are resigious laws, therefore unconstitutional. Neither the church nor the state, he said, has the right to inter-fore with each other.

Efforts Will Make Hypocrites,

he introduction into Congress in 1811 of the first petition regarding Sunday rost, which provided that the mails should not be delivered on that day, was referred to by Elder Breed. He then made the statement that at the present time every state in the Union except one, has some sort of Sunday rest law. But, he said, those who are endeavoring to compel everyone to go to church on Sunday, will make many persons hypocrites instead of

Elder Breed said that if the state has a right to say a man's boots shall not be blacked on Sunday, it has a right to say they shall not be blacked at all. "I re-gret," he said, "that the noble White Ribbon women have enlisted themselves in favor of Sunday legislation, probably not thinking of its results." The speaker stated that 18 Sunday rest bills are now stated that 10 Sunday rest bills are now

pending before Congress.

Elder Andruss told of the first recorded Sunday law, put into effect in 321 A. D. He said it was similar to the Oregon law, providing only for the closing of city shops. He then traced its operation down

shops. He then traced its operation down to the Dark Ages.

"The Sunday rest law is not a local affair, he said. "It is an international problem. Efforts have been made recently to put a bill of this nature through the House of Commons in England, but unsuccessfully. Agitation is also going on in Japan and China along the same line."

Dr. N. Mosessohn, editor of the Jewish Tribune, and representing the Orthodox Jewish community was asked yesterday what he thought of the enforcement of the Sunday law. He said that as long as the Sunday law. He said that as long as it is on the statute book it should be enforced, but that no Sunday legislation is right. He said religion should not be forced upon men by the police. He does not believe in enforcing only a part of the law, that against the saloons, but thinks it should be enforced in whole, if at all. He believes it is unconstitutional and the property of the said that it will support the said that the saloons. at all. He believes it is unconstitutional and immoral, and that it will some day be repealed. Dr. Mosessohn thinks, how-ever, that there should be a law compell-ing every man to rest one day in seven, but he contends that the man should be left to choose the day.

WOULD HELP FALLEN WOMEN

Pastor Offers Church Aid to Those

That Reform. "Women and Reform" was the sub-ject of Dr. J. Whiteomb Brougher's Sermon at the White Temple last night. He said in part;

Sermon at the White Temple last night. He said in part:

I speak tonight under the auspices of the Woman's Christian Temperance Union. This organisation has directly and indirectly had something to do with the progress of moral reform in this country, and throughout the world since 1830. The W. C. T. U. saw, as everyone knows today, that one of the greatest curses to society is social drinking. Many a young man has taken his first step downward in the drink cannot be a moderate drinker. The reformed drunkard cannot be a moderate drinker. The reformed drunkard cannot be a moderate drinker, and no man will become a drunkard who does not take his first drink. I make the assertion without fear of centradiction that the social glass is doing more loday to start young men on the road to a drunkard's powerty, to a drunkard's grave, and a drunkard's helt than all the dives and the low saloons of the city put together.

A great many people believe that if it were not for the liquer business that many of the brothels would not exist. The salono is an indispensable ally of the social exist. We are facing a reform in our city along this line at the present time. I wish to announce that this church stands ready

to do everything in its power to help that young woman to live a pure and honorable life who has any desire whatever to do so. There are Christian homes that will be open to any of these girls if they really want a chance to start life over again. They can apply to my assistants or to me, and we will give them the same chance—yes, a better chance, to begin life over again than we would give to a man.

Recognizing the effect of the liquor business upon the home, the women came to see that if the men would not set them free from its awful curse they ought to have the right to cast the ballot against the injustions husiness. The W. C. T. U. therefore has always stood for law enforcement and political equality. While some good people have opposed the enfranchisement of woman, it is also a fact that every corrupt politician and liquor dealer in the country has been opposed to her voting.

GIVES EVIDENCES OF GOD.

Rev. Thomas E. Sherman Starts Series of Sermons.

In his lecture last night in St. Patrick's Church on "God Our Father," Rev. Thomas E Sherman, son of General W. T. Sherman, reviewed the evidences of the existence of God. He declared that the idea of the Creator can no more be separated from the universe than the idea of the watchmaker can be separated from the watchmaker can be separated from the watchmaker can be separated from the watch. He believed that the mystery of the loe crystal and the evolution of the bird from the egg could only be comprehended as the fulfillment of laws established by an all-wise Creator.

The proof of God's existence was fur-

ther exemplified by the nature and the Last night's lecture was the first of a series on "The Philosophy of Religion." The second lecture on "The Immortal Soul" will be given in St. Patrick's Church tonight. Tomorrow night's lecture will be on "Who Is Christ?" Other lectures will be as follows: Wednesday, September 30, "The Rock of Faith"; Thursday, October 1, "About the Bible"; Priday, October 2, "The Confessional."

My Fee for a Complete Cure in a Simple Ailment Is Only PAY AFTER I CURE YOU \$10.00

I want every weak man to thoroughly understand that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorder. tited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as SPERMATORRHOEA, LOST STRENGTH, VARICOCELE, HYDROCELE, GONORRHOEA, SYPHILIS, STRICTURE and "WEAKNESS" can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

The Scientific Treatment of Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is mere'y an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness." employ the only scientific and fully effective treatment for weakness, which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

EXAMINATION FREE

I offer not only FREE consultation and advice, but of every case that comes to me I will make careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 A. M. to 9 P. M. and Sundays from 10 to 1 only.

Men Cured Quickly For a Complete Cure in Any Simple

Uncomplicated Case.

FACTS FOR MEN

Many a bright and promising career has been blighted by neglected conditions and injurious habits before the age of knowledge and understanding, and many have been cut short by the unfortunate contracting of some special disease, which through neglect or improper treatment has completely undermined and shattered the physical strength and mental faculties. No greater mistake can be made than to consider lightly the first evidence of the introduction of any disease into your system or to neglect the first symptoms of weakened mind and impaired health caused by neglect, ignorance, dissipation, etc. Every week, debilitated, sick and discouraged man wishes to get well, atrong and vigorous. Perhaps he has treated for months without getting relief—thinks he cannot be cured. HE CAN—and it's just such men we are giad to see. Why? Because we invariably cure every curable case we accept for treatment. We will explain to you WHY you have not been relieved and cured.
