WILCOX TO BUILD **CONGRETE BLOCK**

Material Favored for Annex Now Under Way for Imperial Hotel.

STARTS ON FOURTH STREET

Three-Story Building at Ankeny May Later Be Made Six Stories if Tenant Desires-Big Stor-Age Plant Planned

Plans for the Wilcox building at Sev-Plans for the Wilcox building at Seventh and Stark, to be the annex of the Imperial Hotel, for which lease has been made to Philip Metschan, Jr., are being prepared by Whidden & Lewis. The work will require several weeks before being completed, as there are some points not yet decided upon by the owner and the leasee. Mr. Wilcox, it is understood, favors reinforced concrete construction, and as he was an interested listener of the remarks made by John B. Leonard on and as he was an interested listener of the remarks made by John B. Leonard on the subject hast Tuesday night at the Commercial Club, he is evidently giving the matter careful consideration. Mr. Leonard intimated that nine stories was considered the limit of safety in San Francisco for buildings of this character, though he did not say in as many words that structures might not go over that height and be perfectly strong. Already the Board of Trade and Couch buildings in this city bear witness of substantial concrete construction to over the initial concrete construction to over the ne-story San Francisco limit.

Work on excavation of the Fourth-street quarter block south of Ankeny was started last week for a building to be erected by El G. Crawford, of Vancouver, erected by El G. Crawford, of Vancouver, on part of the site occupied by the Dexter Stable, burned some time ago. Mc-Naughtor, Raymond & Lawrence are the srchitects of the building, which is to be of slow-burning mill construction, and present plans provide for a three-story building, though the walls are to be of sufficient strength to carry three additional stories. In fact, the building may be the full six stories under the present contracts in case a tenant comes forward ontracts, in case a tenant comes forward estring that sized building.

The Portland Mill & Fixture Company, recently burned out on East Morrison street, has taken temporary quarters with the Portland Pulley Company, 314 East Yamhill street. The new plant of the mill and fixture company in Sullvans Gulch will not be ready for about three months, though work will be prosecuted with all basts recently.

The Portland Gas Company is having The Portland Gas Company is naving erected a tank building at Front and Everett streets. The concrete building will be 25 feet high and have a diameter of 71 feet. Inside, an oil tank will be installed with a capacity of 15,000 barrels. The tank is intended to store crude petroleum used by the company in the manufacture of illuminating gas.

B. H. Lombard closed a deal last week for part of the Stewart donation land claim, located west of Council Crest. The consideration was about \$21,000.

Dan J. Moore, Mrs. Moore and their daughter, Miss Celeste, have incorporated the Moore Hotel Company, with a capital stock of \$50,000. The objects are to acquire real, personal and mixed property in Oregon or elsewhere; to erect hotels, cottages, etc.; conduct public amusaments and to build and operate all kinds of water craft.

Whitehouse & Honeyman announce that plans for the new High School at Albina will be ready for bids October 1.

will be ready for bids October 1.

Plans are being drawn for the building of the Portland Public Market & Cold Storage Company, to be erected on the Kiernan block, recently burned over at Pifth and Hoyt. Goodrich & Goodrich are the architects. The building is to be of reinforced concrete, 200x200 feet in dimension, and two stories in height. The cost is estimated at \$100,000.

Devlin & Firebaugh report the sale of lot 7, block 15, Albina Homestead Addi-tion, from Adam Yost to W. L. Eills, im-proved with a 7-room house, considera-tion \$300. The same firm reports the sale of a 20-acre Polk County stock farm, from C. S. Craton to Adam Yost, consideration \$500; also a ten-acre improved tract in the Hood River Valley from W. L. Ellis to C. 0. R. & N. Will Be Asked to Replace Portion of Old Wagon Road.

HOOD RIVER, Or., Sept. 27. - (Spe cial.-A preliminary examination of the route of the proposed auto road be-tween this city and Portland will be made as soon as a joint committee from the two counties can get to work. Great interest is centered here in the enterprise and it is stated that a number of local business men and fruitgrowers have offered to subscribe \$500 apiece toward constructing the road.

It is stated that, with the exception of one point, the building of the propoxed road would be comparatively The point referred to is at Shell Rock, between Hood River and Cascade Locks. It is said, however, that this can be made passable by going down to a solid foundation and building a retaining wall to keep back the sliding rock.

Going toward Portland from Hood Going toward Portland from Hood River the present wagon road ends at Vionto. At this point a number of years ago the railroad appropriated the wagon road, on which it laid its tracks and which it still uses as its roadbed until nearing the town of Cascade Locks. It is stated that the rail-road company was allowed to take the public highway, which was part of The Dalles-Sandy state road, with the Dalles-Sandy state road, with the understanding that it was to replace it understanding that It was to replace it with another road. This it has never done, and an effort will be made to discover if any such agreement existed, and, if it does, to ask the co-eperation of the railroad in building the new road through this difficult part of the route.

The part of the road to be built by Hood River County would extend from Viente to the Multonmah County line

Hood River County would extend from Viento to the Multnomah County line which is a short distance above Benneville and to miles from Portland. It is stated by Engineer Cannon that Multnomah County already has a road by which it can reach Bridal Veil, 25 miles from Portland. From there to Tanner's Creek, a distance of seven miles, an entirely new road would have to be built, which would connect with the old state road, 5 miles below Bonneville.

In all Hood River County would have about 25 miles of road to build, repair or restore and Multnomah about 15. about 25 miles of read to build, or restore and Multnomah about 15.

WAGNER TO FILE CHARGES

IRATE CAPTAIN ON WAY TO SAN FRANCISCO.

Says Had Two Tugs Stood By, Star of Bengal Would Have Been Saved.

En route to San Francisco, where he will prefer charges against Captain F. Farrar, master of the tug Hattle Gage, and Captain P. Hamilton, commanding the tug Kayak, Captain Nicholas Wagthe tug Kayak, Captain Nicholas wag-ner, of the wrecked ship Star of Bengal, was in Portland for several hours yes-terday. He visited a number of friends and left for the south last night. The Star of Bengal, carrying 138 sall-

and left for the south last light.

The Star of Bengal, carrying 138 sallors and workingmen from the Wrangel cannery of the Alaska Packers' Association, was driven ashore and dashed to pleces on the rocks of Helm Point, half a mile from the south end of Coronation Island, 10 miles from Wrangel, at an early hour last Sunday morning.

Captain Wagner is still bruised and limps considerably as a result of injuries he sustained in the frightful disaster. He is emphatic in his accusations of cowardice against the captains of the two tugs, and his journey to San Francisco is to prefer formal charges, Captain wagner declared that he has abundant evidence to sustain his charges. Captain Wagner declared that had the tugs not deserted his ship not a single life would have been lept off the rocks and saved, he said, had the two tugs done their he said, had the two tugs done their

Captain Wagner, aside from his grief Captain Wagner, aside from his grief at the loss of his men and ship, is also bemoaning the loss of a violin which was said to be 250 years old. It had been his constant companion for years during his career on the ses, and its loss, though all his personal possessions were also lost, is most keenly felt.

"In exactly 5s minutes from the time the ship struck, she went to pleces and sent 123 people into the waters to battle for their lives," he said. "Before them was a dangerous mass of rocks and a fierce gale was blowing. Practically all

NEW TODAY. CAPITOL HILL

The choice of them all with 5-cent car fare on the best carline running in and out of the city. The Oregon Electric Railway runs through the center of Capitol Hill for more than haif mile; every lot cleared, sightly and level, no stone or gravel, the richest kind of soil. The lots in Capitol Hill nre all full size, 50x100 feet, no Jim Crow 25-foot lot. Capitol Hill in call full size, 50x100 feet, no Jim Crow 25-foot lot. Capitol Hill in sonly ten minutes ride from the business center of this city, inside the city limits, on the West Side, in Portland proper, you can ride to and from Capitol Hill in a palace car. We have a nice little depot on the ground; you can also walk from the depot plastform on sidewalk through the tract for more than a mile. Every lot is a beauty, and the price, that is so low we are schamed to mention it, \$200, \$250 and \$350 per lot. The terms, any kind of terms you want, from \$5 up monthly. Title to all of Capitol Hill is perfect. If you don't want to you need not call at our office, take the car at Front and Jefferson streets, ride to Capitol Hill and look it over for yourself. If you call at the office we will pay your fare. This is the cheapest inside property and the most desirable ever offered at the above low prices before in Portland for twenty years. Another statement we here make and that is that you can build your home in Capitol Hill and from your front porch see more people passing through it daily from now until the end of time that any other residence portion of Portland, and that's what gives value to real property and not hot aff. Capitol Hill has two railroads running through it, and the best carriage and automobile road from the city to every lot in the tract.
