

GATHER TO FIGHT AGAINST PLAGUE

Scientists From 30 Countries Meet in Tuberculosis Congress.

CORTELYOU OPENS SESSION

Eminent Battlers Against Great White Scourge Rally for More Earnest Campaign for Public Health.

WASHINGTON, Sept. 28.—Medical scientists representing every civilized nation, united today with their brothers in America in an effort to solve the problem of how best to cope with tuberculosis. The occasion was the official opening of the sixth triennial congress on tuberculosis.

The great auditorium of the new National Museum was filled with men who have consecrated their best talents to the study of tuberculosis, representatives of the sovereigns of foreign countries and high officials of government.

When Secretary of the Treasury Cortelyou, as the personal representative of the President of the United States, officially declared the congress open, there were seated on the platform such distinguished men as Dr. Robert Koch, discoverer of the tubercular bacilli; Dr. A. Calmette, of Paris; Dr. W. W. Phillips, Editor-in-Chief of the first tuberculosis dispensary; Dr. Simon von Unterberger, honorary physician to His Majesty's court of St. Petersburg, and many others.

When Dr. Koch arose to respond in behalf of the German government, there was a remarkable demonstration in his honor, men and women waving hats and handkerchiefs for nearly five minutes.

The official welcome on behalf of the United States Government was extended by Secretary Cortelyou. He said in part: "We are living in a day of great moral and material movements. It is a time of uplift, of widening vision, of deepening research of tubercular disease, of the days when the people of a state or a nation sat idly by and left to desultory investigation the study of evil, which gravely menaced the health of the numbers of people are passing away, and in their place we find concerted action, either under governmental inspiration or with governmental encouragement, which in many instances is enlarged into such potential international enlargements as this congress."

Many Make Responses.

Then followed the response of the official representatives of 30 foreign countries. When his name was called, Dr. Koch declared that the congress was of international interest in all that tends to the solution of the tubercular problem and that his government would watch with the keenest interest the deliberations of this congress. The tubercular situation in Germany has become distinctly favorable through the last three decades, the mortality from tuberculosis in Prussia having been reduced practically one-half.

"We are active in trying not only to maintain but enhance the dominion," said the speaker. "For a more thorough study of tuberculosis in all its aspects and in order to find new ways and means for effectually combating tuberculosis, the Robert Koch Stiftung has been created. All nations, he added, would be benefited by the work of that institution."

China is Represented.

Dr. Lee, the Chinese delegate, declared that notwithstanding tuberculosis has a strong hold upon his country, his government was doing little for the prevention of the disease. He expressed the hope that the next congress would be held in China.

Many Papers are Read.

The following papers and addresses were given: "The Action of Diffused Light upon Bacillus Tuberculosis," by John Weinzirtl, Address by Dr. Vincent Y. Bowditch, Papers by Francis H. Williams on X-Ray Examination in Pulmonary Tuberculosis. On the duration of the activity of infectious stage of tuberculosis by Mrs. Robert Wilson and Randle Rosenberger. By Meyer J. Sturmon on the Construction of Hospitals for Tuberculosis. By W. E. Casselbury on Tuberculosis of the Larynx. By Dr. Abraham Jacob on "Tuberculosis in Children. Etiology. Prevention and Treatment." Holgar Nordam on "Measures Against Human Tuberculosis in Denmark." By Linnaeus Edford Lafetra on "Tuberculosis in Infants." By Edgard F. Copeland on "The Relation of Infectious Diseases, Measles, Whooping Cough and Influenza to Tuberculosis in Childhood." By Dr. Patrickios on "The Campaign Against Tuberculosis in Greece."

BRYAN SPEAKS IN DAKOTAS

Democratic Candidate Starts on Campaign Tour.

BLAK POINT, S. D., Sept. 28.—Conducting one day's South Dakota today, W. J. Bryan poured volleys of criticism into the Republican platform, Mr. Taft and President Roosevelt. He covered a good deal of ground in the state and tonight stopped in Sioux City, Ia., whence he will leave in the morning for Rockland, Ill.

and thus show him the "same courtesy that you have shown me." "Mr. Taft is a candidate for the same office," he said, "and one of us will be elected. As no one can tell yet with certainty which will be elected, you had better tack up both alike, if you would be on the safe side."

TALKS ABOUT MANY ISSUES

Bryan Says Taft's Speeches Do Not Fit All Audiences.

MITCHELL, S. D., Sept. 28.—Accompanied everywhere along the line of travel from Sioux Falls, William J. Bryan arrived here at 11:25 o'clock today. He was met at the station by an ovation and his ride through the streets to the hotel occasioned a big demonstration.

OPEN FAIR WITH WHISTLES

Umatilla District Exhibit Draws Large Crowd First Day.

PENDLETON, Or., Sept. 28.—(Special.)—With the ringing of bells and the blowing of whistles, the third annual fair of the Umatilla-Morrow County district was formally opened at 1:30 this afternoon. The weather is ideal and the crowds for both this afternoon and evening exceed by hundreds those of the first day and night of either of the preceding fairs.

The feature of the opening was the longest automobile parade ever seen in Eastern Oregon. Music was furnished by the De Caprio band. This was known as District Day and was participated in general by the people of both counties.

MEN INDICTED BY SCORES

Hundred Arrests for Violation of "Dry" Order Expected.

PENDLETON, Or., Sept. 28.—(Special.)—More than 100 indictments are believed to have been returned by the grand jury in this afternoon against men accused of having sold liquor in Umatilla County in defiance of the prohibition law which went into effect July 1.

NEW GUN AND EXPLOSIVE

Tests Being Made by Troops in California Camp.

CAMP ATASCADERO, Cal., Sept. 28.—Target practice with the three-inch field pieces of Captain A. U. Faulkner's battery occupied the day here. A new high power explosive was thoroughly tested and gave remarkably good results, breaking the shells charged with it into very fine pieces.

WILL FIGHT FREE LUMBER

Northwestern Manufacturers to Send Delegates to Congress.

HOQUIAM, Wash., Sept. 28.—(Special.)—E. O. McGlaughlin, of the Northwestern Lumber Company, and A. L. Faine, of the Hoquiam Lumber Company, have returned from the monthly meeting of the Pacific Coast Lumber Manufacturers Association at Seattle. It was decided to appoint a committee of five members to attend the tariff meeting in Washington, D. C., next month to fight the free admission of Canadian lumber products.

POWDER BLAST MANGLES

Hoquiam Laborer Injured by Explosion of Pan He Carries.

HOQUIAM, Wash., Sept. 28.—(Special.)—John Benson, a laborer on a public road, sustained injuries today that may result fatally. He was carrying a can of blasting powder when it exploded, causing fearful burns to his hands, face, neck, legs, back and groin.

USING RECALL IN LINCOLN

Row Over Road Matter Makes County Commissioner Unpopular.

TOLEDO, Or., Sept. 28.—(Special.)—Trouble over the contract and acceptance of the road by Commissioner John Fogarty has caused petitions to be circulated in the Southern part of Lincoln County asking that he be recalled at next election. The recall movement has been referred to the Attorney-General.

CROWDS WELCOME TAFT

(Continued From First Page.)

see why any intelligent man should hesitate how he should vote. The Republican party does not promise anything that it does not carry out. It promises laws that will give opportunity to the country for the most prosperous times; that will protect the industries that exist today; that for the farmers will continue to have a good market. Mr. Bryan has been before the people for the last 12 years as candidate of the party which was responsible for the Gorman-Wilson tariff, but that did everything less. Where are we now? It is said that the farmers are not treated under the protective tariff. You have had a protective tariff for 12 years. Do the farmers want to be treated any better than they have been during the past 12 years? Don't they know when they have a good thing? I hope they won't go of chasing that pot of gold that is supposed to be at the end of the rainbow.

CANBY INVITES GOVERNOR

Clackamas County Fair Busy Arranging Programme.

OREGON CITY, Or., Sept. 28.—(Special.)—Governor Chamberlain has been invited to deliver an address at the Clackamas County Fair next Saturday evening, when the three days' session will close at Canby. The northbound California flyer will stop at Canby and Oregon City Saturday night and the fair officials are

arranging a programme, which will embrace musical numbers. Mrs. Richard Clark Ganong will sing.

The special train for Oregon City day next Friday will leave Canby at 6:30 P. M. to bring the visitors home. The Southern Pacific Company has made a rate of 50 cents for the round trip between Oregon City and Canby during the

fair, which opens next Thursday morning. W. H. Council is directing the grader, steam roller and sprinkler at the fair grounds and the race-track will be in first-class condition.

The German population of the world is nearly 100,000,000.

The "Sole of Honor" in Selz Royal Blue shoe

The sole of honor is made of good oak-tanned leather; there's a tough, durable quality to oak bark tannage that you want in the wear, that other tannages don't have.
