PRIEST DENIES HE IS STANDARD MAN

Only Defended Minority Interest Aided by Republican Leader.

DID NOT EXCUSE BRIBERY

St. Louis Lawyer Merely Compared Briber With Perjurer-Snyder's Other Lawyers Were Both Distinguished Republicans.

ST. LOUIS, Mo., Sept. 38.-Judge Henry ST LOUIS, Mo., Sept. 28.—Judge Henry S. Priest tonight save out a statement in reply to that portion of President Roosevelt's reply to W. J. Bryan in which reference is made to the St. Louis man as a trust attorney who is supporting Mr. Bryan for President.

Judge Priest begins by denying that he is an official of the Waters-Pierce Oil Company. He says that his firm was re-

Company. He says that his firm was re-tained by Henry Clay Pierce in 1904 to represent a minority interest in the de-fense of the company in a suit instituted against it by Attorney-General Hadley of this state, and that another attorney of the company was Mr. Nagel, the present Republican National Committeeman from Missouri. Judge Priest continues:

Did Not Palliate Bribery.

But it is added that I said. Bribery is a conventional offense. These words are taken from the middle of a sentence in an extemporaneous address to a jury, in which they acre used solely for the purpose of making a comparison between the defendant and the chief witness against him was a confessed perfurer and I made the statement quoted in comparing the two mon, for the purpose of putting their moral characters before the jury to be selighed by it in reaching a conclusion. A conventional offense is one defined by a legislative convention and is denominated maium prohibitum to distinguish it in characters from an oftense which is malum in se. I then condemned unqualifiedly and unequivocally both bribery and bring.

But, as it to add still further to the criticism of me, it is said that R. M. Sayder, in whose behalf I was spaaking, was a millionaire. It seems I am always thrown in very excellent company in both sides of the political line in my jegal engagements.

Republicans in Same Boat.

Mr. Soyder's regular attorney, Gardner three, is a very distinguished Republican d is at ryesent an enthusiastic supporter Judge Taft. Mr. Warner, the Republican nator from this state, was associated them in that case. It is the height of surdity to attempt to influence publication for or against either candidate by owing that this or the other attorney to represents a personal or exporate efficace is for or against him.

In his statement, Judge Pricat says that intends to vote for Bryan as he has

POLICE SEE SALOME DANCE

Sergeant Kay and Five Patrolmen Pass Upon its Alleged Immorality.

A difference of opinion seems to exist between the members of the Police Department of Portland and the Minicipal League relative to the celebrated Salome daine. Yesterday a delegation called upon Chief of Police Grimmacher and reported to him that a valigar and obscane dance was being danced nightly by Miss Nedra Lanscombe at the Lyric Theater, and the Chief decided to have the matter investigated. Sergeant Tom Kay and five members of the patrol force were sent by Captain Moore to witness the act and if Miss Larscombe's performance was as offensive as reported by the Municipal League, the officers were authorized to notify the theater manager to discontinue it in the future. The police evidently It in the future. The police evidently, found nothing wrong with the act, for the theater was not notified, and "nothing doing" was reported to the captain.
