Market Beginning to Show More Life.

### SOME ORDERS COMING IN

Prices Still Hang Around the 7-Cent Market-Dealings in Oats at the Board of Trade-Fresh Produce Active.

The hop market is beginning to show more signs of life. There are not many dealers in the market who are known to have orders, but a few are out looking for purchases. The prices being offered, however, are low, generally around I cents.

Risher. Wolf & Netter have done considerable business in the past law days, sesiderable business in the past two days, securing about 400 bales at 7 to 7% cents. Farmers are slow sellers at these prices and it is doubtful if many would let go now.

While there is more stir in the market, it cannot be called active in any sense of the word. It is exceedingly difficult to interest Eastern brewers in new hops, even at the very low prices now offered them. Harry L. Hart, who has returned from an extended Eastern trip, reports the Eastern brewery business very quiet. The brewers are well stocked with hops and appear totally indifferent when they are approached on the subject of new business. Mr. Hart believes that industrial conditions in the East and not prohibition are responsible for the falling off in the sales of beer

It is conceded on all hands that if an English demand for Oregon hops should open up, the market would quickly assum a different appearance. At the moment, however, this English demand is lacking and that there is no hope for an immediate revival in trade is indicated by the following London cablegram received yesterday by

Elaber, Wolf & Netter: "Market stagnant and sales difficult. Buyers are holding off expecting lower rate. Market continues in a very depressed state." Wells Brox, of this city, have the dis-linction of making the first shipment of new Oregon hops to the East. The lot comsed 102 bales and was from the Inde-

Butter Makers Getting Together. Butter Makers Getting Together.

The city creameries are grainally getting together on the higher butter price and there is again talk of a general advance in the near future.

Pouitry receipts were fairly large and the demand steady, hens generally moving at 12 cents and springs at 34 cents.

The egg market was exceedingly firm, with the lightest receipts of any day this year. Most business was done at \$2982% cents for the best.

TRADE NEARLY STAGNANT

Rumors as to Harriman's Health. Break in Westinghouse Flectric.

The professionals confined themselves to what they call "in and out" dealings. There were intervals of several minutes during the afternoon when no transaction was reported from the floor of the Stock Exchange, a condition of duliness rarely seen. The stagnant condition convinced the doubtral ones that the wealthy capitalists who were credited with responsibility for the activity of the Summer dealings were abstaining from dealing in stocks for the present. This fact constituted the nows of the market. Nothing else received much attention, nor was there anything, in fact, which seemed to merit it. Published reports that Harriman had been in consultation with a medical specialist were essed upon by the room traders in an attempt to make food for a speculative movement. The small effect produced was evidence of the lack of basis for reports of serious impairment of Mr. Harriman's health. That the sustaining force of the stock market during much of the past Summer has been centered in the powerful Harriman name there can be no doubt. Money rates were a shade firmer.

The surplus reserve of the banks remains

riman name there can be no doubt. Money rates were a shade firmer.

The surplus reserve of the banks remains at such unwieldy proportion as to leave no room for actual money market disturbances. The cool wave was still ignored in the grain markets and no was without effect on stocks. The break in Westinghouse Electric was due to the reservations which still obtrude on the proposed reorganization plan. Not place changes as shown at the end of the day are almost pegligible.

## SCADDING HAS BUSY WEEK

Episcopal Bishop Reviews Church Work in Southern Oregon.

COQUILLE, Or., Sept. 29.—(Special.)—Bishop Scadding of the Episcopal diocese of Oregon has been spending several weeks in visiting the Episcopal churches in Southern Oregon and in the Coast counties. He has placed two new clergymen at Grants Pass and Ashland, found much interest in building of a new stone. much interest in building of a new stone church at Medford, laid the cornerstone church at Medford, hid the cornerstone of a new church building in Gardiner, and preached here Sunday to large congregations both morning and evening. From here he goes to Bandon and Marshfield, and returns to Portland by stage to Drain.

Having received many requests from church members to make his head-

Having received many requests from church members to make his head-quarters for the Summer in the southern coast counties, Bishop Scadding has promised to give the matter careful consideration, and expects to spend three months next Summer assisting Rev. William Horsfall in developing the church's work, from Gardiner to Gold Beach; and from Roseburg to Ashiand in associate mission work.

The bishop addressed the State Normal School on the "Moral Responsibility of the Teacher"; and the Chamber of Commerce at Marshield on the "Need of Moral and Intellectual Development of Oregon Keeping Pace With the Commer-

Oregon Keeping Pace With the Commer-cial and Material." He expressed his in-terest and desire to co-operate in every good movement for the upbuilding of the

Thousand Ready to Bag "Chinas." ALBANY, Or., Sept. 28.—(Special.)—
About 50 hunters' licenses have been issued daily in Linn County the past week
and more than half a hundred were issued
this forenoon. The total issued today and
tomorrow will probably reach 300. Up to
noon today a total of 1655 licenses had

been issued in Linn County this year. Japanese Gets Hunter's License. ALBANY, Or., Sept. 29.—(Special.)—The first Japanese to secure a hunter's license in Linn County, and probably the first Oriental who ever secured such a permit in the state, is K. Oana, a laborer, employed in a Southern Pacific section gang at Goltra station on the Albany-Lebanon branch, who today secured license No.

Gravel for Drain's Streets. DRAIN, Or., Sept. 23,—(Special.)—The work of graveling the streets began this morning, with a large force of men and toams. The city expects to gravel all the principal streets. The county has graveled some of the more important roads leading into town.

Free Selling Breaks Wheat Prices at Chicago.

MARKET WEAK ALL DAY

World's Visible Supply Statement Shows Largest Increase Ever Recorded-Export Trade at the Decline.

CHICAGO, Sept. 28.—Sentiment in the wheat pit was very bearish all day and the market was under heavy selling pressure the greater part of the session. Influenced by declines at all the leading European markets the local market opened weak with prices off 16 % to 5 % c compared with yesterday's close. When the visible supply statement was given out later in the day it fully justified the early selling pressure, as it showed an increase of 11.400,000 bushels for the week, which is the largest gain ever recorded. Minneapolis reported an increase in stock of 1.250,000 bushels for the past three days. Cash grain prices at Minneapolis and Duluth were more than one cent below yesterday's close. Export business for the day was reported at 50 boat loads and prices gave promise of much larger business. The market failed to rally from its weakness and closed at about the bottom.

Corn was weak with prices off 3 % 5 to 1% c.

Onts were 10% c lower for the cash article. The market closed weak for futures and but firm for September.

Provisions were steady early in the day, but became weak or renewed liquidation of pork and closed lower at net losses of 7% Coto 35c. The leading futures ranged as follows:

Fourth Victim of Meningitis.

ALBANY, Or., Sept. 22.—(Special.)—The 6-months-old daughter of G. M. Glenn, of North Albany, Benton County, died this morning after two days' illness with spinal meningitis. A peculiar circumstance in connection with this death is that this baby is the fourth child of this family to die with spinal meningitis. This is the only case of this disease reported in this part of the state in many months.

Horse Hurt: Sues County.
