Astoria Train Schedule Changed.

Changes in time on the Astoria & Columbia River Railroad will go into effect Sunday. The new time card will be practically the same schedule as was in effect last Sunday. The night train will leave Portland at 6 o'clock, instead of 5:30 P. M., and the night train will probably be run through to Seaside on Saturday nights only. The dining service on the line will be discontinued during the winter months.

LAPHAM HAS MORE TO SAY

PASTOR WILL CONTINUE SENTENTIAL REMARKS SUNDAY.

Surprised That Dr. Brougner Became Personal, but Says There is Only One Brougner.

Rev. S. C. Lapham, pastor of the Second Baptist Church, who delivered a sermon Sunday morning on "The Mission and Message of the Church," was surprised Monday morning to find some slanders on his ranch near White Salmon. On his return Tuesday the fourth minister at the church, Lapham, said he was able to kindle in the slanders on his ranch, but was not disturbed. A number of letters commenting on his sermon were awaiting him, besides the newspaper comments. While he regards the contents of the letters as private, he said yesterday that they were commendatory in tone, and he has taken on the modern church methods.

That the sermon attracted wide attention is shown by the fact that while returning home on the train he heard comments on the sermon by a passenger.

"The position I took on the methods of the modern church," remarked Dr. Lapham yesterday, "is not altogether new. I have been informed that the pastor of the Euclid-avenue Church, where John D. Rockefeller attended night school, is denouncing these methods and in the East there is spreading a feeling that the church must get away from the modern methods of getting crowds or lose her influence and cease to be a factor in the salvation of men. I was surprised that Dr. Brougner should have become personal in his comments on the sermon. There is but one Dr. Brougner and one Bob Burdette and there are some others, each in a class by himself."

Next Sunday morning Dr. Lapham will speak on the social side of the church, and possibly make some remarks on the comments that his first sermon has called out.

ROCKEFELLER SAID TO PLAN GREAT DEVELOPMENT.

It is announced on authority that cannot be disclosed that the visit of William Rockefeller to the Pacific Northwest means very great development of the states of Oregon and Washington within the next few years. A man in close touch with the Rockefeller interest, and also with the St. Paul Railroad made the statement last night that Rockefeller himself will pour \$30,000,000 into the two states in the next two years. The huge sum will be used, it is stated, for the development of Oregon and Washington along lines yet largely neglected. The Oregonian's informant declined to go into details, but on account of his sources of information, his statements are considered reliable.

Further, it is stated that A. N. Ingersoll, of Tacoma, has made vice-president of the Pacific Coast interests of the C. M. & St. P. and that his appointment will be announced today.

SIGLER ARRANGING ROLLS

Preparing Assessment for County Board of Equalization.

County Assessor Sigler's force of deputies busy arranging the assessment rolls for 1938, which must be ready by the third Monday in October, at which time the Board of Equalization is to meet. There is much yet to be done, however, as the task is a huge one. Sufficient progress has been made to show that there has been a gain of 15 per cent in the personal property assessment list, however, since March 1, 1938.

The work already done by the Assessor's force shows that there has been a rapid increase in the city's population, as the large majority of the names on the personal property roll are householders, although there are also a large number of merchants who have personal property.

BANK BURGLARIES OF YEAR

Pinkerton Detective Agency Renders Annual Report on Losses.

The annual report of the Pinkerton Detective Agency to the American Bankers' Association, setting forth the losses to members of the association, as compared with thefts and burglaries committed upon non-members, has just been issued for the 12 months ending September 1, 1938. It shows where and how bank burglaries and losses from theft have been sustained throughout the United States during that period. Banks of members of the American Bankers' Association are guarded by the Pinkerton institutions are hunted down by the Pinkerton detectives. Banks that are not members of the association have not the protection of this detective agency.

During the past year one Oregon bank the Candy Bank & Trust Company, a member of the American Bankers' Association, was the scene of an attempted burglary, but the robbers got nothing for their pains. This occurred on April 9. No other Oregon bank has been attacked during the past year.

More proof that Lydia E. Pinkham's Vegetable Compound saves women from surgical operations.

Mrs. S. A. Williams, of Gardiner, Maine, writes:

"I was a great sufferer from female troubles, and Lydia E. Pinkham's Vegetable Compound restored me to health in three months, after my physician declared that an operation was absolutely necessary."

Mrs. Alvina Sperring, of 154 Cleybourne Ave., Chicago, Ill., writes:

"I suffered from female troubles, a tumor and much inflammation. Two of the best doctors in Chicago decided that an operation was necessary to save my life. Lydia E. Pinkham's Vegetable Compound entirely cured me without an operation."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has grided thousands to health.

out the whole country is, according to the report, very unequally divided between members of the association and non-members. The total number of members attacked is 17, while non-members numbering 72 suffered deprivations, amounting to \$17,043.25. The amount stolen from members during the year is \$1989.26.

The biggest bank burglary during the year was committed on the Farmers & Manufacturers Bank, Rich Hill, Mo., on February 12, when \$2,000 was secured by thieves. This institution was not a member of the association.

During the past year the Pinkerton Company has issued bulletins to association members containing 48 photographs of professional criminals and 158 general warnings of their operations.

I Offer Strength to Every Man

By "strength" I mean vigor, vim and the ability to perform all the duties and enjoy all the pleasures of life.

If you are weak, you not only endure all the physical tortures of the disease, but you suffer from the constant nervous that your strength is gradually but surely waning away.

The horrors of this thought increase as your weakness grows. It has been correctly estimated that one man in every four is afflicted with some form of vital weakness, this weakness taps the very fountain source of life. It is ever persistent, drawing continually on the resources of bodily strength, until the victim becomes a total wreck or, happily, avails himself of the CERTAIN CURE I offer.

My treatment is his only hope. It is to me one of the most pathetic of thoughts that there are thousands of afflicted men, suffering all the ravages of weakness, who may never hear of the hope I offer in my treatment, and must therefore continue to suffer on in utter despair until the end. Then you who know of my treatment, will you, too, continue to suffer when I offer you a positive and lasting cure? Know that my treatment, and the certain cure assured you in its application, it is up to you to avail yourself of it and once more enjoy the full vigor of health.

My Fee for \$10.00 in Any Uncomplicated Case a Cure Is.. \$10.00

I Will Guarantee a Cure and You Need Not Pay Until You Are Well

Why Other Doctors Do Not Cure

I want you to notice in particular how allent other specialists are on the subject of Men's WEAKNESS. They pass the subject over because they can offer no positive cure for it. Those who do undertake to treat it resort to powerful drugs, elastic belts or some other mechanical trap, which, instead of curing, only aggravate the ailment.

Nearly every day I am called upon to treat cases that other specialists or family physicians have treated and failed to cure. In nearly every instance the treatments they have received at the hands of unskilled medical men. But I guarantee to cure every man whose case I accept for treatment. I make it a strict rule to treat no incurable cases, and I am always willing to wait for my fee until a cure is effected.

Ninety-nine cases in a hundred are curable. The incurable cases are those that have been neglected or experimented upon by some incompetent doctor. Don't wait until your case is beyond hope. Come to me while a cure is certain.

What Weakness Is

I discovered many years ago that weakness, so called, is merely an inflamed and congested condition of the prostate gland; that when this important gland is thus diseased, the result is a tremendous loss of energy, which, sooner or later, involves all the vital processes, weakens the heart, impairs the stomach, kidneys and liver, vitiates the digestive functions, depletes the nervous system and eventually wrecks both mind and body.

As soon as I made this discovery I set to work to devise a treatment that would cure weakness and restore the system to its former buoyancy and vital power. After years of untiring effort and a greater expenditure of time and money, I perfected the successful treatment I employ today.

Why My Treatment Cures

There are several reasons why my treatment never fails to cure weakness in men. The method I use is direct and positive, the medicine being applied locally. Its effects, so administered, are almost immediate, since it is at once absorbed by the tissues, which are thus stimulated to healthy action, throwing off the poisonous secretions, overcoming inflammation and congestion and clearing the blood vessels and capillaries so that they can supply nutrition to the affected region. Come to my office today or at the earliest possible moment. It will cost you nothing to talk the matter over with me. I will give you expert
