

The Prudential's Very Newest Idea

in Life Insurance A Monthly Income for Twenty Years or For Life

SUPPOSE your salary should permanently cease today by your death, what would your family do? What have you provided for them in its place? THE PRUDENTIAL has a new and perfect plan. Read this carefully. Say you are 30 years old; a monthly income of \$50 a month for your family for 20 years after your death, or \$12,000 in all to them, would cost you now only \$167.35 per year, or \$13.95 per month, during your life. Think of what your family could do with a check of \$50 sent them on the first of EVERY MONTH, EVERY YEAR for 20 years by The Prudential! If your wife should die within the 20 years the money would still go to your children or other heirs for the remainder of the 20 years. At slightly higher cost, the income could be made to continue for life. The checks will supply the money necessary to buy food, clothing, rent and education to those whom you now support. Send today for information of this wonderful new home-protecting policy.

BEVERAGE HERE TUESDAY

INDIANA SENATOR WILL BE FEATURE OF TAFT RALLY.

Meeting to Be Held at Armory—Senator Dolliver at Salem About October 17.

Two of the leading United States Senators are scheduled to make addresses in behalf of Taft and Sherman in Oregon in the near future. They are Senators Albert J. Beveridge, of Indiana, and John P. Dolliver, of Iowa.

Senator Beveridge will deliver an address at the Armory next Tuesday night, and elaborate preparations are being made for the event. Arrangements have been made for musical numbers to fill out the programme, and special excursions will be run to Portland to accommodate the people of Corvallis, Eugene, Salem, Roseburg, The Dalles and other places adjacent to Portland, who desire to hear the noted Indiana orator.

Senator Dolliver is scheduled to deliver his address at Salem on or about October 17, and the Capital City is making big preparations for this event. It is planned to make Senator Dolliver the address the biggest rally of the Presidential campaign in Oregon. Excursion trains from all parts of the state will run to Salem that day, and many of the foremost campaigners of Oregon will be on hand.

The Oregon Republican National Committee yesterday received half a ton of campaign literature which will be distributed as rapidly as possible.

Amusements

"The Girl of the Golden West." "The Girl of the Golden West" which has been packing the Burgalator to the doors all this week, is by far the greatest stock production ever seen in the Northwest. So great has been the demand for seats this week that Manager Baker has decided to repeat it all next week and seats may now be had for any performance.

"The Cat and the Fiddle." It has been a long time since Portland theater-goers have had an opportunity to see a big musical extravaganza such as "The Cat and the Fiddle," and the piece is delighting large audiences at every performance at the Baker this week.

"Uncle Josh" at the Star. "Uncle Josh Perkins," the latest comedy-drama, at the Star this week, has been accorded a gratifying reception wherever presented and is a worthy companion play to "Shore Acres" and the "Old Homestead."

"The Man of the Hour" Coming. The intensely interesting American drama "The Man of the Hour" will be the attraction at the Bellis Theater, Fourteenth and Washington streets, for three nights beginning next Thursday, October 8. A matinee will be given Saturday afternoon. There is without doubt the greatest play ever written on the political situation.

"Brown of Harvard" Coming. The well-known college play "Brown of Harvard" will be presented by the Baker Stock Company for the week following "The Girl of the Golden West," and elaborate preparations are now under way to give an exact production of it. The cast consists mostly of college boys.

"Four Corners of the Earth" Coming. "The Four Corners of the Earth," which Kilmit & Gazzalo brings to the Star Theater week of October 4, is a melodrama staged in an extraordinary manner. It shows that thousands of miles do not stand in the way of a true American who starts after anything.

"Tale of Spies" Sunday Matinee. The Baker will open next week with "The Tale of Spies," which is announced to positively open with the matinee Sunday. "Tale of Spies" is one of the best known and most popular of all musical comedies and contains more popular song hits than any other with the possible exception of "The Prince of Pilsen."

Rare Novelty at Pantages Next Week. The management of the Pantages theater takes much pleasure in announcing that the people of Corvallis, Eugene, Salem, Roseburg, The Dalles and other places adjacent to Portland, who desire to hear the noted Indiana orator.

Expert Cyclists. Hill and Stival, acknowledged among the foremost bicyclists, will come to the Grand Hotel as the principal feature, bringing the same act in which they played successfully throughout Europe and England. The Virians, who play music by shouting at bells, will be the special added attraction.

Grand Opera at Pantages. The grand opera, first presenting the Prison Scene from Faust, at the Pantages Theater this week, have a very pleasing singing act. The Heuman Trio, comely bicyclists, are entertaining from beginning to end. Great enthusiasm is aroused from the finale between two girls on a tandem and a man on a single wheel.

LARGE PACK AT HOQUIAM Estimated 26,000 Cases of Salmon Will Be Put Up During Run.

HOQUIAM, Wash., Oct. 1.—(Special.)—Wong Kee, a thoroughly Americanized Chinaman who has had charge of the Hoquiam Packing Company's pack of salmon for the past four seasons, and who runs an extensive clothing business in Astoria, said to an Oregonian representative tonight that he had packed 26,000 cases of salmon this season for the Hoquiam Packing Company and expects the season to last at least seven weeks longer with an approximate pack of 26,000 cases.

GOOD PIANOS. What is the use of wearing a \$2 hat when \$3 will buy a \$5 hat? There isn't much connection between hats and pianos, and yet the buying principle is the same. What is the use of paying a good, round price for a cheap piano when you might have a good piano for the same money. Our peculiar position in the piano business of Portland puts us in a position to give more real piano value than any of the retail piano dealers on retail streets could give. Our \$225 piano is absolutely uncomparable for this money. Sold on monthly instalments of \$6 a month. Reed-French Pianos—Sixth and Burnside.

SUNDAY LID CASE IS LOST

C. C. PETERSON, CHARGED WITH BREAKING LAW, ACQUITTED.

Connecticut Law of 1830 Cited as Precedent—Cameron to Go Ahead With Prosecutions.

It is contended by the retail dealers that the prosecution is sure to fail of conviction even if the police, at the orders of the District Attorney, continue their methods of last Sunday. It was explained that District Attorney Cameron had led them to believe that there would be no arrests last Sunday and consequently there was not sufficient bail money on hand when the raids began. Next Sunday, however, it was stated, there will be ample funds and all dealers were urged to keep their places of business open.

CIGAR DEALERS ARE INDICTED Five Offenders Against Blue Laws Called to Account.

Five dealers in Sunday cigars were indicted by the grand jury yesterday morning for violation of the Sunday-closing statute. In three instances the cigar dealers also handle fruit and confectionery. Three are on or near Washington street, while two conduct their establishments on the East Side. The indictments are almost identical in each case, it being charged that the parties did "on the 27th day of September, in the City of Portland, in the County of Multnomah, and State of Oregon, then and there being, willfully and unlawfully keep open a store, for the purpose of labor and traffic on the 27th day of September, 1908, the same being the first day of the week, commonly called Sunday, or the Lord's day, and sell, store, not then and there being a theater, drugstore, undertaker's shop, doctor shop, livery stable, butcher shop or bakery, and same not being then and there a work of necessity or mercy."

Jury Hears Oregonian Editorial. Mr. Logan also read the leading editorial in yesterday's Oregonian, claiming, when objections were raised by the state, that it was a matter of public history. The reading of the editorial and of the blue laws of Connecticut were admitted by the court. The jury promptly found in favor of the defendant. Efforts to obtain a statement from the District Attorney last night as to what action would be taken with reference to the prosecution of the other cases were unsuccessful. It is said to be likely, however, that the other alleged violations of the Sunday-closing law will be submitted to the grand jury and, if indictments are returned, will be tried out immediately in the Circuit Court.

"We will begin a fight against the indictments tomorrow morning," said Mr. Logan last night. "We have won our first case and believe that there will be no difficulty whatever in acquitting all the others. We contended in the Municipal Court today that it was unjust to close billiard halls and permit theaters to run, or that one business could not be forced to close while another was permitted to remain open. As a matter of fact, we showed that Peterson was not conducting a billiard game, for he had only pool tables in his place. But the point we tried to bring out was that it is unjust and unfair to close one kind of business and permit another to remain open."

The jury that acquitted Peterson was composed of Elwood Miles, George DeWorth, W. T. Clemens, Joseph B. Beck and George Streeter.

FIND BIRDS VERY WILD

ILLEGAL HUNTING HAS MADE CHINAS ALERT. Thousand Sportsmen Open Season for Pheasants in Linn County. Some Good Killings Made. ALBANY, Or., Oct. 1.—(Special.)—A light rain which fell during last night made hunting conditions ideal on this, the first day of the open season for China pheasants. Today was clear and the rain had so cooled the atmosphere that it made hunting pleasant and yet the ground was not wet enough to be especially troublesome. Another beneficial effect of the light rain was that the dogs could get the scent of the birds much better. Hundreds of hunters took advantage of the first opportunity to hunt the birds legally and it is estimated that there was more than 1000 hunters in Linn County fields. The cannonading began at daylight and continued most of the day. In many places hunters found the birds very wild, indicating a great deal of illegal hunting. In these places hunters fared poorly.
