Says Conductor Had Provocation.

R. S. Hurd struck at the conductor on car No. 433 after Hurd had used profane language and tried to trip the conductor as he walked up the aisle, according to allegations made by the Portland Railway, Light & Power Company in its answer to Hurd's suit for \$5000 damages. He alleged that the conductor beat him on the head with a ticket punch. The fight oc-curred about 9 P. M. July 7, on a Mor-rison-street car near Fourth street.

Judge Gantenbein decided yesterday Judge Gantenbein decided yesterday morning that the city has no right to sell the lots of the Riverview Cemetery Association, which are now in its pos-session, to pay for a fill which the city made near the cemetery. After the Court had overruled the petition of the association for an injunction, Dep-uly City Attorney Grant said that the case would be appealed to the Supreme Court.

With the kickoff Saturday, the most ambitious vession vet attempted in the Pacific Northwest will be on. It is to run six months and comprise 45 games. There are six teams in the lengue, each of which is to play each other team three times, giving each club 15 games. League standing will club is games. League standing will be computed by points, a win counting two, a draw one. The six clubs are: Multnomah, which took up the game only this Fall, and will have in the field Saturday the first eleven that has ever represented the club; the Colum-bias, reorganized from last year's city league champions the Cricketers made league champions; the Cricketers, made up of members of followers of the Port-land Cricket Club; the Caledonians, an Albina eleven composed partly of men from the O. R. & N. carshops in that suburb; the Crescents, an unattached club just formed and composed princi-pally of ex-Scottleh and English players; and the O. R. N., made up from the clerical force of the O. R. & N. gen-eral offices in the Wells-Farge building. The captains are: Multnomah, Sim Bennett; Caledonians, N. Stevenson; O. R. & N., J. Hughes; Cricketers, J. J. Churchley; Columbias, Dr. F. A. Short; Churchley; Columbias, Dr. F. A. Short; Crescents, J. G. Kilpack. The clubs this year are independent organizations, handled so far as the members are concerned solely by their officens. The clubs as a whole, with reference to their league relationship, are governed by the newly-formed Portland Football Association. The old Portiand Association Football Club, to which all league players were supposed to belong last year has been dissolved. to belong has year has been dissolved. The new governing system is similar to that in vogue in the California Football Association and in the Northwestern Football Association on Puget Sound. The schedule of the entire season is not yet complete but it calls for Sat-urday and Sunday games most of the week-ends, with fixtures for Thanks-siving Christmas and other bolidays dogs giving, Christmas and other holidays. Multhomah, the Columbias and the Cricketers play only Saturday hall; the remaining teams play either Saturdays

Pig Sty or Cotton Field?

Since Biblical times, the hog has had the reputation of being a very uncleanly animal. How then can hog fat, from which lard is made, be clean and wholesome, and make healthful, digestible food? It simply cannot, and does not.

Now let us consider the ingredients of Cottolene-just pure, refined cotton seed oil, and the choicest of beef suet. Do they not appeal to you as preferable to the fat of the swine?

Cottolene is an absolutely pure product, and will make palatable, digestible, wholesome food. Cottolene is the best frying and shortening medium made today. If the best is none too good for you, ask your grocer for Cottolene, and do not let any prejudice stand in the way. The only way to know Cottolene is to test it yourself.

COTTOLENE is Guaranteed Your grocer is hereby au-money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and whole-some, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
