

NEED EDUCATION ON WHITE PLAGUE

Koch Would Have Teachers Instruct Children in Hygiene.

HOW TO SECURE IMMUNITY

Inoculation of Guinea-Pigs With Tuberculous Germ Proves It Possible—Value of Treatment in Sanitariums.

WASHINGTON, Oct. 1.—"Of more importance than any other feature in the crusade against the scourge of the white plague is the campaign of education."

Teach Children Hygiene. Dr. Koch regretted that thus far most of the educational efforts in the campaign to stamp tuberculosis have been made quite unaided by adults.

SUITS UNDER SHERMAN LAW. Department of Justice Issues Statement of Actions Brought.

WASHINGTON, Oct. 1.—The Department of Justice has issued a revised statement giving in pamphlet form summaries of the record to date of all civil and criminal cases instituted by the United States under the Sherman Antitrust Law of July 2, 1890, and the act to regulate commerce approved February 4, 1887, as amended, including the Elkins act.

How to Produce Immunity. An important subject which created considerable discussion in the proceedings of the section of the "Promotion of Immunity" was "Immunity From Tuberculosis."

Result of Experiments. Immunity by inoculation with the living germs has been accomplished in a number of cases, principally in animals, but the authors declare that satisfactory immunity from tuberculosis has only been obtained experimentally by the use of living tuberculous material.

Treatment in Sanitarium. Section 3 was engaged in considering the value of treatment in sanitariums and the ultimate results.

LAW DECIDE ON FORAKER. (Continued From First Page.)

That which my employment was confined to the affairs of the company in Ohio, including its re-organization after the decision of our Supreme Court in favor of the trust, that it was ended long before the company had become in any way the subject of legislation by Congress or the subject of attacks of any kind in the United States Government and before any such legislation by Congress or any proceeding by the United States Government against the company was proposed or foreseen, and that such employment has never been renewed, although, as heretofore shown, again tendered and declined in 1886.

BLACKMAIL CASE MISTRIAL. Famous Case Affecting Benson and Perrin Trial Settled.

FLAGSTAFF, Ariz., Oct. 1.—One of the most noted criminal cases in the history of Arizona has just resulted in a mistrial here. The case was that of Territorial Justice C. P. Snell, of San Francisco, charged with sending a letter from San Francisco to Dr. E. B. Perrin, at Williams, Ariz., alleged to imply that Perrin ought to be prosecuted unless he should pay Snell a large sum of money for the delivery of certain documents in the possession of Snell.

NO PROBABILITY OF LEGISLATION. "When I was employed by the Standard Oil Company, there was no more knowledge or probability of that company being legislated about by Congress or proceeded against in the Federal courts so far as anybody was then aware, than there was and has been as to the other companies named at the time when I was respectively represented. If such were possibilities as to bar employment, then no member of Congress can safely act as attorney in any case, and every one should immediately close his law office. No such rule has ever heretofore obtained and

There is no reason why any such rule should obtain. All lawyers at least fully understand that, when a professional service has been rendered and has been paid for, all obligation ceases on both sides, and that no lawyer is bound by reason of a previous employment to show any favor at any subsequent time as attorney, as public official or otherwise, to any one who may have been his client.

Let Courts Decide. "Finally, if I committed any offense against the law, let somebody specifically point it out and proceed against me. The courts are open and, although they have been severely criticized, yet the people have confidence in them and will accept and be satisfied with their judgments. If there by any just basis for this reckless, wholesale defamation and attempted assassination of character, let it take some tangible, open and fair form of procedure, in which all interested can appear and be fully heard."

WANTS MONEY TO WAGE FIGHT. Haskell Makes Appeal to People of Oklahoma for Aid.

GUTHRIE, Okla., Oct. 1.—Governor Haskell has made a public appeal to the people of Oklahoma for money to aid him in overcoming his enemies, whom he declares are the enemies of the people. Governor Haskell's appeal says: "As for myself, I am not possessed of wealth, and receive no salary, but have enough for the expense of my family and myself. I am giving my entire time to the welfare of Oklahoma. I can make the fight against all these interests and in the support of the people. I not only want the moral but also some financial assistance of the people of Oklahoma. Postage, paper, labor and other items of expense can only be incurred when I have the means to meet them. I am standing firmly for honest government and against graft, greed and corporate oppression. I ask assistance, not large amounts, because a few thousand dollars will be a start for the fight, but I ask that the multitude weigh this matter and render such financial assistance as they deem proper."

Police Busy With Evidence. That the case is in good shape so far as the prosecution of Martin is concerned is the assurance given by Mr. Cameron. Since Martin surrendered himself to the police the work of collecting evidence has never been dropped and there is considerable accumulating evidence which will be given out until the trial, the police say.

Great Interest in Trial. Wide interest attaches itself to the case because of Martin's connection with a wealthy New York family and the fact that he was a company commander in Cuba during the Spanish-American War and later a lieutenant in the regular service. Opinions differ among those familiar with the case as to his guilt or innocence.

UNITARIANS WILL MEET. North Pacific Conference at Hood River, October 7 and 8.

HOOD RIVER, Or., Oct. 1.—(Special.)—The North Pacific conference of the Unitarian Church will meet at Hood River Wednesday and Thursday, October 7 and 8.

TAKING FEW FISH AT COOS. Union Men and Packers Unable to Agree on Prices.

ASTORIA, Oct. 1.—(Special.)—A letter was received this morning by Secretary Rosenberg, of the United Fishermen of the Pacific, from W. H. Smith, secretary of the Coos Bay Fishermen's union, stating that the fishermen and canners at Coos Bay have been unable to reach an agreement regarding the price of fish to prevail during the season, and for that reason none of the union men are fishing, but a few men who went from the bay to the Columbia River are at work.

THREE BURIED IN RUINS. Firemen Killed and Burned When Building Collapses.

YOUNGSTOWN, O., Oct. 1.—Six firemen are in the hospital and three more are in the ruins of S. H. Knox & Co.'s store, which was burned to the ground tonight. The firemen were on the roof and third floor, when suddenly the whole interior of the structure gave away, carrying eight firemen to the basement.

LASKER KEEPS CHESS CHAMPIONSHIP. MUNICH, Oct. 1.—Emanuel Lasker, of New York, retains his title to chess champion of the world. Yesterday he won the sixteenth and last game in his contest against Dr. Tarrasch, of Nuremberg. Of the 16 games played, Tarrasch won three, and five games were drawn.

DREY IS GOING TO MARTIN TRIAL

District Attorney Positive Witness Will Testify at Wolff Murder Case.

HOPES FOR CONVICTION

Cameron Declares Prosecution Has Evidence in Good Shape and Police Say They Have Facts Not Yet Made Public.

Max Drey, missing witness, without whose testimony the state could hardly expect to convict Edward H. Martin of the brutal murder of Nathan Wolff, has been located. Not only that, but according to a statement made by the District Attorney's office, Drey is on his way to Portland this minute to testify at the murder trial, which is scheduled to open next Wednesday.

Beveridge Declares for Maximum and Minimum.

SPEAKS TO LARGE CROWD

Says Both Standpatters and Free-traders Are Wrong—Low Rate to Friendly Trade Relations, High to Unfriendly.

VALLEY CITY, N. D., Oct. 1.—Albert J. Beveridge, of Indiana, tonight was cordially acclaimed at a great political demonstration by townsmen and friends on his arrival from the East and during an address in the auditorium on the tariff.

Senator Beveridge said: America, the most modern of nations, should stand for the most modern methods and the most modern men. With a great revenue to be raised because we are a great Nation, with the greatest domestic trade today and the greatest foreign trade tomorrow, with factories and farms ready to capture the markets of the world, we cannot tolerate ancient tariff systems which all progressive peoples have abandoned.

Better Tariff Needed. Yet if we are not to yield the oceans of trade to rival nations; if we are to win and increase that prosperity which is the goal of our surplus abroad alone can bring, we must adopt the best tariff methods which the experience of the world affords.

UNITARIANS WILL MEET. North Pacific Conference at Hood River, October 7 and 8.

HOOD RIVER, Or., Oct. 1.—(Special.)—The North Pacific conference of the Unitarian Church will meet at Hood River Wednesday and Thursday, October 7 and 8.

Hart, Schaffner & Marx

Have made for us this season the best lot of clothes we ever offered. There are a lot of new fabrics and the new colors are as varied and attractive as ever. New models and new kinks in styles; you'll find just what suits you. In dark goods also; blue serges and black thibets and the like, we'll show you the right thing and at the right price.

FALL SUITS \$20 TO \$45 Sam'l Rosenblatt & Co. CORNER THIRD AND MORRISON STREETS

Mint Leach announced today that he would this week resume the purchase of silver for subsidiary coinage. He states that he expects to purchase about 125,000 ounces each week for an indefinite period. The first purchase may not be made until early next week. For several months prior to the late financial stringency, the demand for subsidiary coins was so active as to necessitate the operation of the mints to their full capacity. Mr. Leach expects a still stronger demand when the cotton crop begins to move, and the decision to purchase more silver is in anticipation of this demand.

FRIDAY SALES DAY Unusual Bargain Offerings
