That Tip-Top Feeling

That Tip-Top Feeling in the morning comes from starting the breakfast with H-O, the Oatmeal that is steam-cooked for three hours at the mill before you get it, making it wholesome, nourishing and easily digested.

It's the only cooked oatmeal sold—as different from ordinary "rolled oats" as cream is different from white-wash. Physicians prescribe it for delicate patients, and it's the delight of hearty folk who like a hot, wholesome, filling breakfast. Fifteen minutes' boiling prepares it for the table. Ask your grocer for H-O.

"I want some more."
