MANILA, Oct. 5 .- The Atlantic battleship fleet safely outrode a hurricans which swept Manila Bay for 12 hours and did much damage ashore,

Typhoon signals were displayed early Sunday morning, but the storm broke over the bay suddenly and unexpectedly at noon. It was impossible to hoist the cutters and launches belonging to the fleet because of the danger of smashing them against the steel sides of the battleships, and the little craft were sent scurrying inside the breakwater into the Pasig River, where they remained all night. The storm quickly increased in intensity and the torrential rains shut in the ships.

President Failleres, Premier Clemenceau

This was transmitted to the President yesterday by Count Khevunuiler-Metsch, the Austrian Ambassador, and is understood to be identical with letters which have reasswitted to other chiefs of state, notifring them of Austria's intention, in view of the change in the situation in the Helkans, to "tighten the bonds which units Bosnia and Herzegovina, with Aus-It is proposed to act cautiously in this

PASSES STOLEN

Charles Thairkill and J. P. Monahan Accused of Forging Railroad Officials' Names to Passes and Selling Them to Scalpers.

SAN FRANCISCO, Oct. 4 .- (Special.) .SAN FRANCISCO, Oct. 4.—(Special.)— Charles Thairkill and J. P. Monahan, former clerks in railroad offices in Port-land, were arrested today on telegraphic advices from that city, charging them with the theft of blank railroad passes and the forgery of names of officials. The arrest was made by Detectives George Mulcahey and Thomas Murphy at Turk and Taylor streets this afternoon.

Thairkill and Monshan are exceedingly well-dressed young men, and, according to their statements, have been employed in railroad circles throughout the North-

west recently. For some weeks railroad detectives have been engaged in trying to trace a number of forged passes that have come to light in the Northwest, and it is believed that the two men have

operated extensively.

When searched at the police station two blank Southern Pacific and two blank Oregon Railroad & Navigation Company's passes were found on them. They admitted coming to San Francisco on passes which they had stolen and forged, but deny that they have been guilty of

other offenses.

According to detectives, somebody has recently been doing a large business in forged passes. Those passes were sold to ticket scalpers, who disposed of them to travelers. The forgeries have been good enough to defy detection until the passes were returned to the general offices of the roads. Thairkill and Monahan have agreed to return to Portland without extradition. When arrested they had but a small sum of money on them.

When questioned about the case last night. Captain of Detectives Baty stated that he was not familiar enough with the details to make any state-ment, and that he did not recollect which officers had been assigned to the case at the time the complaint was made.
