

BEVERIDGE FLAYS BRYAN'S POLICIES

Points Out Fallacies in His Record.

SAYS THEY STILL HOLD TRUE

Indianan Is Greeted by 8500 at Armory.

WORDS CHEERED TO ECHO

Even if Elected, Democratic Nomi- nee Would Find Hands Tied in Upper House by Own Par- ty, Declares Senator.

Bombshell after bombshell of convincing facts was hurled into the Democratic camp last night by Senator Albert J. Beveridge, of Indiana, who addressed an audience of 8500 people at the Armory. Fully 4000 were turned away from the building being unable to find standing room. C. N. McArthur, secretary of the Republican State Central Committee, called the meeting to order and introduced Senator Beveridge as a "distinguished statesman, a leader of his party, and one of the greatest thinkers of the country."

Party of Many Changes.

Senator Beveridge vigorously assailed the Democratic party, its past history and the policies Bryan and his followers are now advocating. He criticized the Democrats as a party which proposed the next and insisted that there existed no demand for a change in administration at this time, from the fact that Taft is the Roosevelt policies personified.

The Senator pointed out that the fallacy of the different policies Bryan had advanced in the past had been demonstrated and alleged that the reforms in which the Nebraskaan was based his claim to the Presidency were equally unstable. Furthermore, it was asserted that if elected, Bryan would not be able to carry out any of his policies for the reason that he would be opposed by at least two-thirds of the Democratic members of the Senate.

Challenge Thrown to Opponents.

Senator Beveridge challenged the Democrats in the audience to suggest a single law, passed by Congress during the last seven years, for whose repeal they would ask. Tariff for revenue only was defined at considerable length and contrasted with the plan of tariff revision that has been proposed by the Republicans, consisting of a double tariff as a substitute for the straight protective tariff. He declared that Bryan's franchise plan, if enforced, would ruin the business of the country.

At the close of his address, Senator Beveridge shook hands with several hundred persons and was presented with a magnificent bouquet of roses in honor of his birthday.

Welcomed at Union Depot.

Senator Beveridge and party reached Portland in a special train over the Northern Pacific at 6:30 o'clock last night from Tacoma. He was received at the depot by a committee consisting of Senator Fulton, National Committeeman Ralph E. Williams, ex-State Senator C. W. Hodson, Judge C. U. Gastenbain and State Secretary C. N. McArthur. H. C. Nutt, general manager for the Northern Pacific in the Pacific Northwest, and A. D. Charlton, assistant general passenger agent for the same system, over whose road the Senator arrived, were also at the depot to extend a welcoming hand to the distinguished visitor.

Accompanied by the members of the committee, Senator Beveridge and his private secretary were immediately escorted to the Commercial Club where they remained until the hour of the rally at the Armory.

Senator Beveridge left for Southern Oregon and California at 1:30 o'clock this morning. The train will be stopped for 15 minutes at Grants and Medford while the Senator addresses audiences at the depot. Stops of 30 minutes will be made at Roseburg and Ashland for the same purpose. Secretary McArthur accompanied the Senator as far as Ashland and will return to Portland tomorrow morning.

Crowd Calls for Beveridge.

It was 8:30 o'clock when Senator Beveridge, accompanied by the members of the reception committee, entered the hall. Having waited for more than half an hour, the audience was not in a mood to listen to extended preliminary addresses and they repeatedly indicated a desire to hear the Indianan from the moment he entered the building. State Secretary McArthur, suffering from a bad cold, was not disposed to make any address, but was scarcely stepped to the front of the platform to introduce Senator Fulton, chairman of the evening, when he was greeted with cries for Beveridge. The same greeting met Senator Fulton, who, although he abbreviated his introductory remarks, was frequently interrupted with calls for the Eastern man.

Senator Fulton, however, was received with prolonged applause following his introduction by Secretary McArthur, one admirer from the gallery

Accident Occurs When Crowd Starts to Leave Hall, Which Is Packed With 5000 People.

JACKSON, Miss., Oct. 6.—(Special.)—When Booker T. Washington finished an address before an audience of 5000 here this afternoon the people jumped to their feet and started for the door. At that instant a 25-foot section of the gallery, which runs all around the building, gave

way and 40 or 50 people, among them Bishop Charles E. Galloway, was thrown to the floor, on the heads of the crowd or on benches. Fortunately, all the gallery did not come down at once. Thomas Helm, a retired banker, had his arm broken, and one negro woman suffered a dislocated hip. Scores of others were injured, but in a lesser degree. The stampede of the negroes was something terrific.

Taggart May Lose Hotel

Appellate Court Rules Charter May Be Forfeited for Gambling.

INDIANAPOLIS, Oct. 6.—The Appellate Court today denied the petition of the French Lick Springs and West Baden Hotel companies for a rehearing on that court's ruling reversing a decision of Judge Buskirk, of the Orange County Circuit Court. The court holds that an action can be maintained against the hotel companies to forfeit their charter in connection with the charge that gambling exists on the hotel property. The Supreme Court today overruled Judge Buskirk, who quashed the indictments against persons charged with having visited gambling houses near French Lick, holding that the places where the gambling was alleged had not been sufficiently described. The cases existing will be brought to trial.

The hotel at French Lick Springs is known as the property of Thomas Taggart, ex-chairman of the Democratic national committee. It has long been known as a gamblers' paradise throughout the Middle West.

WRIGHT BREAKS RECORD

Flies With Passenger and Thus Secures \$100,000 Contract.

LE MANS, France, Oct. 6.—Wilbur Wright, who on Saturday last established a world's record for aeroplane flights, carrying a passenger, made a new record this afternoon when, under similar conditions, he remained in the air for an hour, 4 minutes and 26 seconds. His best previous record with a passenger was 55 minutes 37 seconds. Mr. Wright thus fulfills the conditions of the contract signed by him and Lazarus Weiller, representing a syndicate. The contract calls for the payment of Mr. Wright of \$100,000 by the syndicate, in return for which the syndicate secures the patent rights of the machine in France and the colonies. Mr. Weiller has already given an order to a French manufacturer for 50 aeroplanes on the Wright model.

ST. LOUIS, Oct. 6.—With a 12-hour demonstration of cordiality, political enthusiasm and intense interest, this city today and tonight furnished an appropriate climax to the Western campaign trip of William H. Taft, which ended here today.

The candidate spoke to an immense audience in the nearly finished Coliseum, from which as many were turned away as were admitted. He followed this with an open-air address, at Clayton, a suburb, and the county seat of St. Louis County, and then rushed to East St. Louis, where he addressed a large gathering of employes at the stockyards. The local afternoon papers estimated that fully 50,000 strangers came to the city just to say "Hello, Bill!" to the Ohioan.

Immense Throngs Greet Taft.

Certain it was that wherever he went or stayed Judge Taft was the center of immense crowds.

The line of march from the station to the Hotel Macdonald was through two crowds of people which blocked either side of the sidewalk and the street. A local reception committee of 400, in white caps and badges, headed by a detachment of mounted police and a band, preceded the carriage of the candidate. He was compelled to stand with his hat in his hand the entire distance of more than a mile, acknowledging the salutations of his admirers.

The plans for an orderly reception to the public at the Planter Hotel were upset by the crush of men and women who swept aside the guards at the door and pushed their way into the lobby and up the big staircase. Taft was to have stood at the head of the stairs and receive in single file those who wished to shake hands, but as soon as he stepped into the corridor he was beset by the throng, and despite his weight and the efforts of his personal assistants he was swept down the corridor 100 feet.

Ward, New York member of the National committee; Secretary Root, Secretary Cortelyou, Postmaster-General Meyer, Secretary Loeb and Assistant Secretary of State Bacon.

Secretary Loeb said later no statement would be given out relative to the conference. One of those who took part said, however, that a review of conditions showed that the general situation was very encouraging to the Republicans.

Tries to Shoot Over Victim's Head, but Bullet Goes Low.

CAMDEN, Wash., Oct. 6.—(Special.)—J. McGraw lies dead at his home tonight from a bullet fired by his best friend, Sam Ray, while firing a revolver in the air early this evening.

The two were going hunting, and McGraw hunted up his friend in one of the saloons. On seeing McGraw, Ray began firing his rifle in the air. Then pulling his revolver he started to empty this, too, into the air. One bullet, directed too low, struck McGraw in the stomach, and in three-quarters of an hour he was dead.

The coroner has been notified and Ray has given himself up to the police at Elk.

MUST PLAY AGAIN TO EARN PENNANT

Decision on National League Tie Game.

GIANTS MAY REFUSE TO PLAY

Possible Three Teams May Be Tied at Finish.

PITTSBURG REVIVES HOPE

Directors Reject Both Appeals and Open Way to Unprecedented Condition—New York Wins Again From Boston.

CINCINNATI, O., Oct. 6.—For the first time in the history of the National League clubs, a post-season game for the settlement of the championship, is announced for Thursday of this week, the tie game that arose over the last series in New York between the New York and Chicago clubs having brought a decision today from the National League directors to that effect.

For nearly two days and a large part of one night the directors listened to evidence and considered the matter in its various phases, and finally announced their decision late this afternoon. Chairman Ebbetts made a little speech before asking August Hermann to read the text of the decision, calling attention to the importance of the case and the care that had been taken to give proper consideration to all interested.

Both Appeals Turned Down.

Two protests were up for decision, on appeals from the ruling of President Pulliam. New York appealed from the decision sustaining the ruling of the umpires that a game played September 23 was a tie, and the second was an appeal by Chicago from the decision that it was not entitled to a forfeited game scored under the league constitution. In both cases the league president was sustained. It was held that the protest of Chicago in regard to the first game had prevented the playing of the second.

Three Teams May Tie.

After the decision was announced, Mr. Ebbetts was asked whether it was optional with the clubs about playing the game, or whether later developments in the way of a victory for Boston over New York in the present series, would affect the decision. He answered emphatically that the decision was mandatory, and that later conditions would be considered when they arose.

This decision makes possible a three-team tie. If New York loses tomorrow's game to Boston and defeats Chicago in the tie game, the per centage

OMAHA, Neb., Oct. 6.—(Special.)—Fifteen minutes after the office opened at midnight, Sunday, Blanca Cottrell and Florence Warshaw, Iowa school teachers, had edged their way through a crowd of 2000 men at O'Neill, Neb., and registered for a slice of the Rose Bud land. They

arrived at O'Neill a few minutes before midnight.

"Such a crowd of men I never saw in all my life before," said Miss Warshaw today. "There must have been 100 men to every woman. It looked as though it would be 12 hours before we could get to the front, but while the men were jostling and jostling one another we quietly slipped through the edge of the crowd, elbowing our way where necessary, and in a few minutes slipped into the line and finished our business."

CHILD DIES UNATTENDED

Death of La Rue Neal From Diphtheria Will Be Investigated.

LA RUE NEAL, 15-month-old son of Rev. T. T. Neal, pastor of the Church of God, 40 Hawthorne avenue, died without medical attendance yesterday from what is supposed to have been diphtheria. The child had been sick for about a week. The parents, relying on the efficacy of prayer, refused to call a doctor. Three years ago a child of this same family died from pneumonia, also without medical attention.

The coroner early this morning said he would investigate the circumstances surrounding the death of La Rue Neal and submit the facts to the District Attorney.

President Smith, of Mormon Church, Causes Political Sensation.

SALT LAKE CITY, Utah, Oct. 6.—In the closing hour of the general conference of the Mormon Church, President Smith put the seal of his approval on Utah's present representation in Congress, which consists of Senators Smoot and Sutherland and Representative Joseph Howell, all Republicans.

Because of the influence President Smith's utterances are supposed to have upon the Mormons, his words caused a sensation in political circles. Senator Smoot and Representative Howell are Mormons and Senator Sutherland is a non-Mormon.

Foreign Minister of New Kingdom Cause of Declaration—Turkey Protests to Powers, Which Will Hold Conference.

NEW YORK, Oct. 6.—M. Popoff, the Bulgarian Minister of Foreign Affairs, has sent a cable dispatch to the Associated Press giving an authoritative explanation of the Bulgarian situation, which is now absorbing the attention of Europe and the world at large. The dispatch is in reply to a cablegram requesting M. Popoff to send an official statement of the facts. His answer, dated today at the ancient capital of Bulgaria follows:

Envoy Slighted by Sultan.

"Tirnova, Bulgaria, Oct. 6.—Pursuant to the treaty of Berlin, Bulgaria has been a principality tributary of Turkey. Many years ago Bulgaria acquired the right to have diplomatic representatives accredited to all the great powers. She maintained such a representative at Constantinople. Until recently the diplomatic representative of Bulgaria to Turkey was invited, with the other members of the diplomatic corps in Constantinople, to all of the ceremonies, receptions and dinners. On the 12th of last September, the Sultan, during the anniversary of the Sultan's birthday, the Turkish minister of foreign affairs gave a dinner to the diplomatic corps, to which the diplomatic representative of Bulgaria was not invited. Steps were at once taken to secure an explanation of this neglect. The Turkish government replied that the Bulgarian representative had no right to expect an invitation to this diplomatic dinner, as Bulgaria was a vassal state of Turkey. There then followed a diplomatic conflict between Bulgaria and Turkey. Bulgaria considered that Turkey was not respecting the rights acquired by her, and she desired to defend her rights. This was the first incident of the kind.
