

FARMERS' COMPANY ACCUSED OF FRAUD

Judge Galloway Names Receiver for Grain Warehouse Firm at Albany.

GOLTRA MAKES CHARGE

Alleges Directors Sold Grain, Knowing Company Is Insolvent—Other Members of Firm Deny Any Criminal Intent by Action.

ALBANY, Or., Oct. 8.—(Special.)—On complaint of W. H. Goltra, who alleges fraud in the management of the Albany Farmers Company, Attorney S. M. Garland, of Lebanon, was appointed receiver for the firm today by Judge Galloway.

W. H. Goltra, who asked for a receiver for the Albany Farmers' Company, is a prominent capitalist and retired business man of Albany. The company is declared to be insolvent and fraud on the part of the directors is charged in that they are disposing of a large quantity of wheat and oats in the warehouses of the company should have on hand about 50,857 bushels of oats and about 22,631 bushels of wheat belonging to himself and other parties who have stored the grain in the company's warehouses, but that it has only about 25,000 bushels of oats and about 4000 bushels of wheat. The shortage of the company, it is alleged, is expected to reach at least \$25,000.

Insolvent, but Does Business.

The basis of the present action, according to the allegations in Goltra's complaint, is that the directors of the company are disposing of a part of the grain remaining in the company's possession to the credit of Goltra and other creditors. He alleges that the directors "with full knowledge of said insolvency of said corporation, have fraudulently disposed of the same and bought therewith a large portion of the oats so stored in said warehouses, of about 10,000 bushels, and are engaged in shipping the same to the various houses of the defendants, claiming to have sold the same to Westgate Brothers."

He asks for an injunction to prevent the directors from proceeding with this shipment, alleging that if the shipping continues he will not be able to receive his just proportion of the oats and wheat still contained in the company's possession.

Directors Deny Any Fraud.

The directors of the company, all of whom are made defendants in the present action, are S. J. Archibald, of Seaside; Philip Swank, of Tillamook; Alfred Blevins, of Astoria; John Denny, of John W. Frost, Albert Barnes and Thomas Froman, of Albany. They admit the insolvency of the company, but assert they are now endeavoring to have the best settlement possible for the creditors. Many of them will provide personal funds toward this end.

POSTAL RECEIPTS GROW

Business for Third Quarter at Vancouver Shows Big Increase.

VANCOUVER, Wash., Oct. 8.—(Special.)—The gross receipts for the quarter ending September 30, 1908, were \$498,323. The total receipts for the quarter ending June 30, 1908, were \$468,000. As the third quarter in the year is, as a general rule, the dulllest in the postoffice business, the increase of \$49,323 of the last quarter over the previous quarter indicates a greatly increased business in the last three months.

JACKRABBITS IN VALLEY

Bunnies From Sagebrush Invade Western Oregon.

SALEM, Or., Oct. 8.—(Special.)—From various sources reports have been received that jackrabbits of the kind common in Eastern Oregon are numerous this fall in the Willamette valley. As the Eastern Oregon rabbit has never been numerous enough in the valley to cause any fear of injury to crops it has been assumed that they would not thrive here, but the unusually large number which has been seen lately has led to the belief that they may prove to be a pest. The Eastern Oregon rabbit is larger than the species common in the valley.

ROSEBURG, Or., Oct. 8.—(Special.)—The Coos Bay-Roseburg stage was held up by a lone highwayman about half a mile outside the corporate limits of Roseburg and while on its way to this city to meet the northbound train at a few minutes before 11 o'clock Wednesday night. Seven passengers and two employees of the stage company were on the stage. Among the passengers were three Portland people. Two women passengers were not molested. The holdup occurred on a small eminence just outside of the city. The highwayman wore a white cloth mask. The robbers talked incessantly, but would not allow the passengers to get a good view of him. The defendants at this time are Billy Bogart and Dick Keegan. The jury was selected and the case stated to the jury this evening, so that the actual trial of the case will be taken up tomorrow morning and completed tomorrow afternoon. The prosecution will probably use the same witnesses and conduct its case along the same lines as in the conviction of Ben Morton on a similar charge yesterday.

Heard Loses \$110 Watch.

The trip from Coquille had been without incident until the passengers heard the driver's "Who!" Then a masked man stepped to the side of the stage and demanded that the three gentlemen in the rear seat get down and line up. He next ordered the extra driver down and then the two men from the second seat. The two women passengers were requested to look the other way. The bandit then proceeded to go through the pockets of his victims, keeping behind them all the time. When he had done with one he ordered him to get up. The driver was ordered to get up and the stage proceeded on its way. The driver was ordered to get up and the stage proceeded on its way.

This hope, however, was not realized, and the petition for vacation followed closely a movement on the part of the citizens of the town to incorporate.

OREGON CITY, Or., Oct. 8.—(Special.)—The old historic house that was the home of Dr. John McLoughlin, founder of Oregon City and father of Oregon, may be torn down for some time to come to pay the expense of moving the building off the lot where it now stands. Councilmen Logan, Betzel and Knapp have been appointed to examine the site and to report to the commission. These will try to arrange for the building to be moved, so that it may escape destruction.
