Real French Long Kid Gloves Reg. \$3.50 - \$4 Vals. \$1.98

Lipman, Wolfe & Co. offer again the greatest sale of long Kid Gloves ever held in Portland; 8, 10, 12 and 16-button lengths; every pair is genuine French kid, perfect quality new gloves. In this lot are no lambskin gloves, so-called kid; no seconds and no soiled gloves, such as some stores are accustomed to use in glove sales in order to meet price competition. Every pair is of the quality you buy regularly at \$3.50 and \$4.00 a pair.

Only Black and White, Which Accounts for the Low Price

Every pair of these genuine French Kid Gloves was made at Grenoble, France, by one of the leading kid glove makers of the world, but we are not able to state the name of the manufacturer, because it would hurt his regular business, and because he is represented in Portland by an exclusive agency. His large Portland representatives were not able to purchase the immense quantity of fine kid gloves in this sale lot, although the price was extremely low, on account of their hopeless overstock of gloves of all kinds. So the maker turned to Lipman, Wolfe & Co. to dispose in Portland the largest shipment of real French Kid Gloves at the lowest prices known in twenty years.

Every size is represented, as well as every length that is desirable for Fall wear—8, 10, 12 and 16-button. Every pair new and perfect, every pair genuine French kid, none soiled. Extra salespeople to wait on you. None C. O. D., no telephone orders, none reserved, none sold to dealers. We will fit any pair any day after the sale. Four thousand pairs of real French Kid Gloves, long lengths, regular \$3.50 and \$4.00 values. Today is the last day of this great sale at **\$1.98**

CHICAGO, Oct. 9.—Chicago day, the annual anniversary of the great fire of 1871, was fitly celebrated today by the formal opening of the new \$5,000,000 county building. Mayor Busse issued a proclamation yesterday, in which the Council issued an order declaring this a holiday. City offices were closed.

Reviews Client's Record.

The arguments of counsel were brief, Mr. Latimer for Colonel Stewart, contenting himself with a review of his client's service, which he said had been the subject of much favorable comment, the only criticism being by General Grant, who said that Colonel Stewart was an able and efficient officer, but that his "efficiency was marred by a longer record."

OVER 100 STYLES AND SIZES—PRICES LOWEST

AMERICAN Cash Registers are the best ever put on the market, and much lower in prices than those supplied by any other company, without exception. All our cash registers are strictly high grade, in solid bronze cases, with all necessary safety devices and latest improvements and fully guaranteed for two (2) years.

Our large line includes detail-adding registers, total-adding registers, sales-record printing registers, special-transaction and clerk's-initial registers, multiple-counter registers and cost-and-selling-price registers.

Before the American Cash Register Company entered the market the storekeepers of this country had to pay anywhere from \$25 to \$150 more for a cash register than the cost of production warranted.

Our improved registers have been sustained by the United States Patent Office, upheld by the highest courts of the land and backed by the loyal recommendation of thousands of storekeepers throughout the country.

We Can Save You From One-Third to One-Half the Money Our Rivals Charge You for Cash Registers. The day of fancy prices for cash registers is past. Storekeepers will gladly pay for protection, but they will not pay tribute to the demands of a would-be monopoly.

In Chicago alone 150 American registers are being sold monthly, in many cases replacing electrically-operated machines of other makes. San Francisco has thousands of satisfied users. Before purchasing a Cash Register it will pay you to investigate. Call or address
