## SALVE FOR WOUNDS

Loan to Compensate Turkey for Her Losses.

## LET LOST PROVINCES GO

Britain Advises Acceptance of Accomplished Facts in Exchange for Financial Aid—Throw Sop to Small Nations.

LONDON, Oct. 13.—Foreign Secretary Grey and M. Iswolsky, the Russian Minister of Foreign Affairs, spent this morning in telegraphic correspondence with the capitals of Europe regarding the forthcoming conference of the powers to settle the Near Eastern question. In falling in with the proposal of M. Iswolsky, Great Britain will be quieted by the concurrence of Turkey. If Turkey takes Great Britain's advice, she will accept the independence of Bulgaria and the annexation of Bosnia and Herzegovina as accomplished facts and ask compensation. The report circulated today that the powers are considering handing over the Sanjak of Novi-Bazar in Turkey to Serbia, and the statement from Paris that Bulgaria has given Turkey three days to recognize her independence are not credited here. Pecuniary assistance is the principal method proposed for compensating Turkey, and it is not impossible that the subjects of the Sultan will be quieted by the guarantee of the Turkish loan which would set the new regime firmly in the saddle. King Edward recognizes also the moderation of Greece in withholding recognition of the Cretans after the proclamation of union, and he believes that the apparently successful effort of the Serbian government to fight against the rival elements in the country entitles it to consideration. Consequently these will be among the questions to be considered at the conference.

## WILL GO HOME TO FIGHT

Servians in America Prepare to Aid King Peter.

NEW YORK, Oct. 13.—Michael Zoonovitch's "army" of Servian "American volunteers," is slowly being organized. With Captain Leskovic, Sergeant Marko Radujevitch and other patriots, he is enlisting fellow-countrymen for service in the Balkans. In the event of Serbia going to war with the Austro-Hungarian empire, The recruits now number 12, ranging in age from 18 to 25 years. Zoonovitch says that the minute King Peter calls for troops the "army" will sail on the first steamer leaving New York for an Italian port. Captain Leskovic says that volunteers are being gathered in Pittsburgh, and Chicago also. Each volunteer, he says will pay his own way to Italy and the rest of his fare will be paid by the Servian government. They have already notified the ruler of Serbia that they are prepared to leave on a minute's notice.

CHICAGO, Oct. 13.—A meeting of 1200 Servian-Americans of Chicago was held here last night to protest against Austrian annexation of the principalities of Bosnia and Herzegovina. The meeting was presided over by John R. Pal-

andreh, editor of the United Servian, adopted resolutions declaring for the raising of funds and the assisting of men to go from this country to fight in their home country should threatened war become an actuality.

## DANGER POINT AGAIN SHIFTS

Bulgaria Now Center of Action in Balkans. PARIS, Oct. 13.—Advices received here this morning from French official sources indicate that the danger point in the Balkans has shifted back to Bulgaria. While there is no confirmation of the report that Bulgaria has delivered an ultimatum to Turkey regarding the recognition of her independence inside of three days, there is reason to believe that Bulgaria is determined to make a move if Turkey and the powers persist in their refusal to accept her independence as an accomplished fact. The danger of a declaration of war from Serbia is considered over for the present. The French government has decided to leave Serbia's demand for compensation from Austria-Hungary to the consideration of the powers. M. Stancloff, the diplomatic agent of Bulgaria in Paris, declared today that the situation in Bulgaria was grave and tense. "A rapid solution is necessary," he said. The agent said, however, he did not believe an ultimatum had been sent to Turkey. The Turkish Ambassador here, Naum Paasha, admits that Turkey is taking defensive military measures, but he reports that Turkey desires peace.

## BULGARIA SURE OF PEACE

But 120,000 Men Will Be Kept Under Arms. SOFIA, Oct. 13.—There is no cloud on the Bulgarian horizon," sums up the official view in Sofia of the events that have transpired since the proclamation of Bulgarian independence by Prince Ferdinand, October 5. The government is convinced that the chances of Europe will swing to a more favorable view of Bulgaria's action as soon as the danger of a general conflagration is over. The troops now under arms, including the reserves recently called out, reached a total of 120,000 men. They will be kept to the colors for another month, pending a settlement of the existing situation. The guards on the frontier have been given stringent instructions to keep well within the territory limits of the new kingdom and to avoid clashing with the Turks.

## MAY OVERTURN KING PETER

Belligerent Crown Prince of Serbia Is Popular Idol. VIENNA, Oct. 13.—The inflammatory speeches of Crown Prince George, of Serbia, who is inciting the people to war, while his father, King Peter, has observed an attitude of caution, causes considerable uneasiness in official circles in Belgrade, according to dispatches received here. There is less fear of war than of a dynastic crisis and an attempt to place the crown prince on the throne. The Servian premier has tried vainly to suppress the Crown Prince for it is feared that he may lead bands of volunteers against Bosnia or do something equally rash.

## UNRULY GREEKS ARRESTED

LA GRANDE, Or., Oct. 13.—(Special.)—Sheriff Childers returned tonight with a group of Greeks who took up arms against a contractor under whom they were working on the Walla-Walla extension. Republicans Have Brought 56 Out of 65 Proceedings Under Sherman Law—Democrats Lead in Labor Prosecutions.

WASHINGTON, Oct. 13.—Attorney-General Bonaparte has replied to a second letter from Joseph Daniels, chairman of the press bureau of the Democratic National Committee, at Chicago, in which he complains that in the Attorney-General's answer to his first inquiry as to trust prosecutions he had not differentiated between the prosecutions under the Sherman anti-trust law and those under other laws.

Answering the inquiry specifically, the Attorney-General stated that under the Sherman anti-trust law passed in 1890 there have been 65 proceedings in all, 34 under Republican and nine under Democratic administrations, 46 since Mr. Roosevelt became President in September, 1901, and 19 during the preceding 12 years.

Among the prosecutions of the Democratic administration, the Attorney-General says, is included resistance to the petition of Eugene V. Debs for a writ of habeas corpus. It is also asserted that four out of nine proceedings under Democratic rule were against labor organizations and their leaders, and that under Republican rule there have been in all three such proceedings out of 55.
