BREWERS HOLD OFF

Postpone Their Hop Buying Until After Election.

MARKET QUIET BUT FIRM

German Crop Comes Down Short of the First Estimates—Light Trading in Local Grain Markets. Produce Is Firm.

The impression prevails in the hop market that no extended business can be looked for until after the election. There is an absence of Eastern orders at the present time and that the brewers are not in want of hops is shown by the instructions constantly being received to defer shipments of hops already bought. There is also a lack of foreign business, and as the speculators are idle, the Oregon market is exceedingly quiet. In spite of this, however, holders of choice hops are very firm in their views.

Although dull here, buying on a large scale continues in California, several thousand bales of Sonomas having been taken at 7¾ cents. The purchases of Yakimas by the Horst Company last week were close to 1300 bales.

Reports are being sent out from Independence and copied in valley papers of hop sales there at 10 cents. These transactions were made by a dealer who is said to have contracts with several growers to sell part of their crops to Eastern brewers on commission. These sales to brewers were probably made months ago and no more prove there is a 10-cent market at Independence than the taking in of 11-cent contracts at Portland proves there is an 11-cent market here. New hops of good quality are worth today from 7 to 8 cents in all the markets of the Pacific Coast.

Klaber, Wolf & Netter received the following cable from London yesterday:

"Market closed dull, with less inquiry."

The New York Journal of Commerce of October 14 reported sales of 300 to 600 bales of state hops at 11@12 cents to the grower.

Bernhard Bing, of Nuremburg, writes under date of September 20:

Hop-picking is now completed. The unfavorable weather we had during the picking has spoiled a great portion of our crop. Many hops remain unharvested, as growers are discouraged by the low prices prevailing. Under these circumstances our crop will fall short of estimate.

The yield of our green colored hop is relatively exceedingly short, and these grades are continually in strong demand and bring full rates. England is manifesting a good demand in the last few days for our second-class qualities. I am sure that still greater difference in prices between greenish and poor colored hops will result ere long.

WEAKER UNDERTONE IN WHEAT.

All the Local Grain Markets Are Quiet. Weekly Statistics.

The grain markets were all quiet yesterday. There was very little doing in wheat here or in the country and in view of the declines abroad and in the East, the undertone was inclined to be rather weak, though prices equal to those of last week were still quoted by the exporters.

There were no changes in the grain quotations at the Board of Trade.

The receipts for the 48 hours ending at 11 A. M. yesterday were 138 cars wheat, 9 cars oats, 15 cars barley, 1 car shorts, 1 car feed, 1 car meat, 2308 sacks flour, 23 cars hay.

FAIR DEMAND FOR FRESH FRUIT.

Onions and Potatoes Affected by Weakness at San Francisco.

The fruit trade was of fair volume yesterday, considering the weather. Most interest was in grapes, of which there was a good supply, and with a steady demand, former prices were maintained. The best Tokays sold up to $1.25. Eastern Concords continued in good demand at 37½@40 cents and local Concords moved at 15 cents. Peaches were dull and apples and pears in fair request.

Vegetables of all kinds were active. Cabbage and cauliflower is coming in more freely and gradually declining. A car of sweet potatoes arrived.

The onion market is weak, owing to the low prices prevailing in San Francisco. Potatoes are also affected in some degree by the weakness there.

KEEP BUTTER MOVING PROMPTLY

Conditions Not Right for Turning Out Best Quality.

There is still a spread of 1 cent in the prices of top grade creamery butter as quoted by the city creameries, and they show no disposition to get together. Local supplies are not heavy and this is inclined to keep the market firm, but at the same time there is some complaint of quality, as is to be expected at this time. For that reason it is deemed advisable to keep the butter moving promptly.

Eggs were firm, with Oregon ranch quoted at 37½@38 cents. Two cars of Eastern eggs arrived.

The poultry market was firm, with fancy hens in demand at 13 cents.

Stock Market in a Waiting Attitude.

EFFECT OF BALKAN AFFAIR

Sharp Loan Expansion of New York Banks Attracts Serious Attention—Funds Flow to Metropolis.

NEW YORK, Oct. 19.—There was another demonstration today of the resiliency of stock prices from the depressing influence of the European political outlook. The apathy of the speculation which prevailed today might be viewed as an expression of reigning apprehension of a failure of efforts for a peaceful settlement in the Near East. At all events, there was no market and the fact became obvious that the great financial powers were resting on their oars.

Incoming advices continue to show progress in business and undiminished confidence in a more active revival after the election. That the market speculation has waited on the event to the same extent as business operations are doing would seem to be a violent assumption. Taking stock of the situation, there are many indications of the long steps already taken in the speculation to anticipate the business revival. The prolonged advance in prices of securities is generally known from the records of the stock market made from week to week.

Some attention has been paid, but more is being paid to the prodigious expansion of the loan item of the New York Clearing-House banks. The $1,338,433,300 shown as the weekly average for the item in the Saturday bank statement brings it to a new high record. The inference is written large in these figures that an enormous extension of credits has been centered in the financial and speculative center in New York. At the same time, the restoration of confidence on the part of interior banks has resulted in a reflux of funds to New York on a far larger scale than before the run on deposits of these banks which precipitated the crisis last Fall. The strength of the banking position, however, does not preclude the paying of serious attention to the swift loan expansion of the last few weeks, with contraction of reserves and prospect of further declines.

The neglect made prices vulnerable to some reaction from the opening level, although there was nothing like weakness at any time during the day.

Bonds were irregular. Total sales, par value, $2,866,000. United States bonds were unchanged on call.

WASHINGTON EGGS TOO HIGH FOR SEATTLE TRADE.

Fruit Prices Slightly Stiffer—Poultry Cleans Up at Firm Figures. Grain Is Quiet.

SEATTLE, Wash., Oct. 19.—(Special.)—Fruit prices were slightly stiffer today. October Krummel peaches sold at 65 cents. The only Crawfords and Elbertas on the market were small and none are bringing higher than 40 cents. Grapes are somewhat cheaper, Tokays going as low as 90 cents to $1.10. Pears are higher, with Eastern Washington Bartletts selling at $1.50 to $1.75.

Stocks of local eggs were much larger today, but prices held firm at 48 to 50 cents. The demand continues to fall off and the trade switches to the cheap Eastern eggs.

The poultry market has cleaned up in good shape and there is a slightly firmer tone in the smaller chicken market. Spring chickens weighing under three pounds are selling for 14 cents, but all Springs as well as hens weighing over that are only bringing 12 cents.

The dressed veal market is firmer and dealers are now paying 10 cents to the farmers for all medium weight veal.

There was little activity on the grain exchange and prices remained unchanged. The wheat receipts of the day were 51 cars.

WHEAT PIT NERVOUS

Wide Fluctuations in Prices at Chicago.

VERY WEAK AT THE CLOSE

Big Increase in the American Visible Supply One of the Causes of Depression—Weather News Bearish.

CHICAGO, Oct. 19.—The weakness in the wheat market late in the day followed a period marked by extreme nervousness, during which prices fluctuated over a range of about 1 cent. The market opened easy, owing to selling brought out by scattered rains in the Southwest and by an official forecast of general rains tonight over the entire Winter wheat belt. The market then rallied sharply on covering by shorts who were actuated by the relative strength of the New York market, which was due, it was said, to a good export demand. After another reaction on profit-taking, the market again became strong on buying based on a report from Argentina which claimed that the damage to the wheat crop there by the recent frosts was serious. During the last hour sentiment again became decidedly bearish and prices slumped off sharply under general selling. The chief reason for the final weakness was the figures on the visible supply of wheat in this country and Canada, which showed an increase of 4,840,000 bushels for the week compared with an increase of 602,000 bushels the corresponding time a year ago. Talk of a liberal movement of wheat to this market tomorrow from the Southwest brought out additional selling. The close was weak at almost the lowest point, with December at 98⅜@98½c and May at $1.01⅜@1.01⅝.

The feature of trade in corn was the active buying of December by shorts who were in fear that predicted rains would not only delay the movement, but would also impair the quality of the new crop. The market closed firm at net gains of ⅛c to ¼@⅜c, with December at 63⅞@64c; May closed at 62½c.

Oats were steady all day, but finally yielded to the weakness of wheat and closed at net losses of ⅛c to ⅜c. December closed at 48c and May at 50c.

Liberal receipts of live hogs caused considerable selling of provisions early in the session, which resulted in the moderate weakness. Later in the day, however, a firmer tone developed on buying by local traders. The market held firm the remainder of the day, final quotations showing net gains of 5c to 10c.

FEAR APATHY IN CLACKAMAS

Quiet Republican Campaign Will Make Light Vote.

OREGON CITY, Or., Oct. 19.—(Special.)—Apathy in a marked degree continues in Clackamas County over the Presidential campaign. Not a single Republican meeting has been held, and the only one scheduled is that of Judge Lowell, who will talk in Oregon City a few days before the end of the campaign.

Richard Pearson Hobson, Congressman from Alabama, will deliver an address in behalf of the Democratic National ticket in the Shiveley Theater next Weednesday night, and this is the first and only Democratic meeting in Clackamas.

J. D. Stevens held a street meeting last week for the Socialists, delivering an impassioned address on a street corner after failing to secure an audience in his hall.

Leading Republicans are exceedingly nervous over the probable result in Clackamas, and fear that Taft will carry the county by only a very narrow margin.

Wind Knocks Off Apples.

SALEM, Or., Oct. 19.—(Special.)—A heavy wind storm prevailed in the Willamette Valley last night, and some damage was done knocking many apples off the trees. Apple picking began a week ago, but owing to the rains, not much progress has been made. Many of the apple growers realize the need of wind breaks, such as a row of tall trees, to protect their fruit from the storms at this time of the year.
