

McKINLEY PICKED TAFT FOR CHAIR

Dead President Said, "Do This Work Well, Some Day You'll Be President."

PREDICTION YEARS AGO

Remarks of Martyred Executive Made at Time Taft Was Told of His Appointment as Governor of Philippines.

DAYTON, O., Oct. 22.—Senator John P. Dooliver, of Iowa, enacted the star role at a big political meeting in the Victoria Theater tonight. He delivered an address covering particularly the personal fitness of Judge Taft for the Presidency. The climax came when he told the story of how he had heard William McKinley, as President, shortly before his death, name Taft President. It was at that time that Judge Taft was on the Ohio bench that McKinley sent for him and told him that he proposed to appoint him Governor of the Philippines. Senator Dooliver said that at first Taft demurred and then McKinley delivered a lecture upon a man's duty to his country. "And now, Judge," said President McKinley to Taft, "I want to offer you a great opportunity to serve your race and your generation, and if you do as I want you to do, you will one day be President of the United States. For if you do this work well, the historian will write you down, not so much the President of his country as the father and builder of an independent nation away off yonder across the Pacific."

SUES DEAD WIFE'S DOCTOR

Demands \$10,000 for Performing Unauthorized Autopsy.

SPOKANE, Wash., Oct. 22.—(Special.)—The damage suit of Joseph Beaman against Dr. M. F. Setters was called this morning. Mrs. Beaman died at St. Luke's hospital following an operation by the defendant and her relatives, whom the latter called into the case. The plaintiff claims he was informed by the doctor that the operation was to be only a slight one and would not affect the patient's health, which was only slightly affected by her trouble. Plaintiff was present at the operation, saw the physicians were making a large incision in the body of the patient, begged them to desist and they forcibly ejected him. Soon after the patient died. At the undertaker's the plaintiff claims the doctors without his knowledge or consent, dissected the corpse. He is asking judgment of \$10,000.

HAD NO HAND IN BOYCOTT

Effort to Prove Labor Leaders' Connection With Trouble Fails.

CINCINNATI, O., Oct. 22.—Efforts were made today in depositions taken in this city to prove the alleged connection of Samuel Gompers, John Mitchell and other labor leaders of the American Federation of Labor, with a boycott against the Bacon, Stove & Range Company which has resulted in contempt charges against those labor leaders in the United States Courts of the District of Columbia. The witnesses examined were A. B. Grant, president, and Charles R. Atherton, secretary-treasurer of the National Metal Polishers, Buffers, Brass and Silverworkers Association and both denied that Gompers, Mitchell and other leaders, charged with contempt, had anything to do with influencing their action in having the stove company placed on the unfair list of the federation and in publishing that action broadcast in their trade journal.

The New York Times telegraphed a copy of the letter to its correspondent at Washington, with instructions to submit it to Colonel Reeve for verification. Its genuineness was positively affirmed by Colonel Reeve.

PUT BRANDENBURG IN JAIL

Democrats Take Extreme Action. Writer Says He Had Authority.

DAYTON, O., Oct. 22.—As he was boarding a train for New York City here this afternoon, Brandenburg was arrested by local detectives on the charge of forgery and grand larceny. A telegram from the New York City Police Department advised the local department to hold him. He is alleged to have sold to the New York Times a letter which he alleged to have been written by the late Grover Cleveland, in which the statesman predicted the election of Taft and which letter is now declared to have been a forgery. Brandenburg was locked up, as the amount of his bail was not fixed. In a statement issued tonight Brandenburg says he had the proper authority from Mrs. Cleveland and from Mr. Hastings, co-executor of the Cleveland estate, before he sold the article to the Times, and furthermore asks if it is reasonable to suppose that any sane man would falsify the utterances of an ex-President of the United States for \$200. At the time he was arrested he said he was on his way to New York City to give

District Attorney Jerome additional evidence. He says the arrest was made by those interested in offsetting Mr. Cleveland's utterances, the object being "to secure a dramatic climax just before the election."

Through his attorney, Brandenburg issued the following statement: "It appears that I am to be the Captain Dreyfus of the campaign of 1908. I have been peculiarly alone and am still alone in my fight and, though ready to welcome the great body of support which the facts warrant me, if it does not come, I shall go on alone. "The entire matter is all fitting nicely with Colonel Waterman's plan, announced before the article was published, that it must be discredited by any means. It remains to be seen if the American public is to be bulldozed on one hand while a vicarious on the other."

WILL DEMAND HEAVY BAIL

Jerome Sends Request, Though Prisoner Waives Requisition. NEW YORK, Oct. 22.—A telegram was received at headquarters tonight from Chief of Police P. J. Alaback, of Dayton, O., saying that Brandenburg had expressed his willingness to return to New York without regulation papers. Later another telegram was received that an effort would probably be made by friends of Brandenburg to obtain his release tomorrow on bail. Upon this second message the District Attorney's office requested the Dayton authorities to demand large bail. Detective Norman Fitzsimmons, of the District Attorney's office will leave for Dayton tomorrow to bring Brandenburg here.

J. Q. A. HURLBURT IS DEAD

WAS EX-COUNTY SURVEYOR AND WELL-KNOWN ENGINEER.

Old Soldier and Long-Time Resident of Portland Passes Away on East Side.

John Q. A. Hurlburt, ex-County Surveyor and railroad engineer, died yesterday morning at 3 o'clock at the home of his daughter, Mrs. Waldemar Seton, on the Milwaukie road. He had been sick for some time. The funeral will be held at Gresham on the arrival of the special car, which leaves Portland at 1 o'clock Saturday afternoon. Mr. Hurlburt was born December 13, 1823, in Munceytown, then an Indian village of Canada, and in 1844 he removed with his parents to the Indian Territory, now comprising Kansas and Oklahoma, where he became an expert in the Indian ways and language. Until 12 years of age, Mr. Hurlburt was not inside of a schoolhouse, but he was proficient in the English language. In 1855 he joined a surveying party, and in 1862 enlisted in the Union Army as a member of Company K, Thirty-sixth Iowa Volunteer Infantry and was mustered out in 1865 as captain.

Mr. Hurlburt was wounded and taken prisoner at Mark's Mill, Ark., and was paroled and sent home. On his recovery he served as quartermaster. At the close of the war Mr. Hurlburt entered the employ of the Burlington & Missouri River Railroad continuing until 1870, when he came to Oregon to assist in the building of the Ore-

gon & California Railway, where he remained till 1871. Following this he did considerable work for the O. R. & N., and Northern Pacific railways. Mr. Hurlburt was elected County Surveyor in 1888, 1900 and 1902. He was a member of Fairview Lodge No. 52, A. F. & A. M. His wife to whom he was married in 1857, died one year ago. They had nine children, the following surviving: Thomas M., ex-City Surveyor of Portland; Deady, John and George, of Portland; Mrs. Isabella Hill, of Spokane, Wash.; and Mrs. Waldemar Seton, of Portland. Mr. Hurlburt's health has been failing since the death of his wife.

USES TAXICAB TO ESCAPE

DIAMOND THIEF SHOTS JEWELER AND FLEES FAST.

Grabs Gems and Runs, Wounding Pursuer—Confederate Chauffeur Carries Him to Safety.

NEW YORK, Oct. 22.—An audacious robbery and possible murder occurred here tonight. Maurice Tannenholz, a Lexington-avenue jeweler, was shot by an unknown man, who has posed as a "friend" of Constant A. Andrews, president of this city, and had stolen two diamond earrings. The robber escaped in a taxicab and the jeweler was removed dying to a hospital. He has three bullet wounds in the abdomen. Tannenholz was presented by the man with a letter purporting to be from Mr. Andrews, introducing the bearer as George H. Leopold, an old personal friend, who had \$2000 to invest in diamonds. Tannenholz showed Leopold a tray of diamonds. The stranger selected the garnets and then suddenly ran from the store. Tannenholz and two clerks pursued and the former soon grabbed him by the shoulder. Then the robber fired at Tannenholz and sprang into the taxicab. The chauffeur was undoubtedly a confederate, for he sent it flying down the street, and it had disappeared long before the police reached the scene.

BLOCKED BY SNOW

Canadian and Great Northern Trains Stopped.

STORM STILL AT HEIGHT

Began Tuesday Night and Fills Roads With Great Drifts—Traffic Between East and West Ceases Completely.

WINNIPEG, Man., Oct. 22.—One of the worst snow storms that ever occurred in the West is now at its height and has completely demoralized the service of both the Canadian Pacific and the Great Northern Railroads. The storm started night before last and has continued with unabating vigor.

Ten inches of snow has already fallen, accompanied by a hard gale. Snow has blown into the railway cuts and in many cases is over ten feet deep. Snowplows are clearing the Canadian Pacific tracks, but little progress can be made until the snow ceases to fall. The expresses from Vancouver and other Western points are completely stalled and westbound trains are held up. No trains from the East have reached the city today, and it is uncertain when they will get through.

The Canadian Northern train from Edmonton ran into a snow drift near Ilay, a short distance east of Vermilion, and stuck there. Efforts to back the train failed, and finally another train was sent to pull it out.

ST. PAUL, Oct. 22.—Blizzards and heavy snowstorms in Montana yesterday, where 15 feet of snow drifted in some places, wrought havoc with the passenger train schedule on the Pacific Coast extension of the St. Paul road, and train No. 106, from the West, which was due in St. Paul at 8:10 A. M. today, was over five hours late.

VICTORIA BECOMES BRIDE

DUCHESS OF HOLSTEIN MARRIES KAISER'S FOURTH SON.

Ceremony Followed by Reception and Old-Fashioned Dance, Attended by 2000 Guests.

BERLIN, Oct. 22.—Duchess Alexandra Victoria of Schleswig-Holstein, daughter of Prince Frederick, Duke of Schleswig-Holstein, was married in the chapel of the imperial palace at 5 o'clock this afternoon to Prince August William of Prussia, fourth son of Emperor William. The ceremony was witnessed by the members of the imperial family and some 50 Princes and Princesses of the minor German royal households. The Chancellor of the Empire, Prince von Bismarck, as well as the other high state functionaries, the members of the Diplomatic Corps, including Dr. Hill, the American Ambassador, and the members of the Empire's staff with their wives, together with about 800 guests, were present.

After the supper the wedding guests took part in a "fast" dance, an old custom that has been moderated by the Emperor and the Empress. The newly wedded pair promenaded around the White Hall, attended by ten lackeys bearing tall candles, while the bride cut her garters in several places and distributed them to her bridesmaids. Prince August and his bride will spend their honeymoon at Hohenzollern.

Today also was the birthday of the Empress.

After the Emperor had taken leave of the newly married couple, the Stettin railroad station, whence they departed on their honeymoon, an automobile in which His Majesty and his three sons, Ethel, Dalmar and Oscar, were returning to the palace ran over a woman. The Princes sprang out and assisted the injured woman to another motor car and she was transported to a hospital. However, it was long known she was suffering from concussion of the brain.

ELKS LODGE HOLDS JINKS

Portland's Antlered Herd Makes Merry Until Early Morn.

If you happen to meet a man with a smile as bright as his eyes, but with a smile as cunning as his lips, you'll know the reason. He was out last night, had the time of his life and all because he attended the stag social given by the Portland Lodge of Elks. After all there is lots of loose, happy fun in this way-worn old world, and a great deal of it was on tap in the handsome lodge room. To begin with there was Judge Robert C. Morrow, who was master of the fun making, and in the language of the street poet, "he delivered the goods."

The big lodge room was crowded with eager stags when Judge Morrow began naming his committee to serve the apples, cider, buttermilk and sandwiches, and the audience was just as hungry as thirsty, and each entertainer, as the fun progressed, was received with a real ovation. It was long after midnight before the happy gathering broke up.

KILL MUNICIPAL FRANCHISE

RATE STRIKE IN CLEVELAND MAY BE RENEWED.

Majority of Citizens Vote Against City—Service Has Been Unsatisfactory.

CLEVELAND, O., Oct. 22.—The franchise under which the Municipal Traction Company is operating the local street railway lines on a 3-cent fare basis, the result of consolidation of all the lines of the city, was defeated by a majority of 53 in the referendum vote here today. The total vote cast was more than 7,000.

The defeat of the franchise may mean that the railway property will revert to its original owners and that the old rate of fare strike which lasted seven years, will be renewed. The only alternative will be for the City Council at once to grant a new franchise which will save the property to the Municipal Traction Company. It is stated by unopinioned observers that the franchise was defeated not so much on the issue involved as upon the general dissatisfaction of the public with the service given by the operating company, which was greatly curtailed in order to place the property on a paying basis at the lower rate of fare.

DRAGGED FROM OBSCURITY

New French Minister of Marine Knows Nothing of Ships.

PARIS, Oct. 22.—(Special.)—The new Minister of Marine, Alfred Picard, had been forgotten by most Parisians since the expiration of his term, which he was chief commissioner. Long noted for high administrative capacity, he was, though not more than 44 years of age, generally considered to have finished his career since he had received the highest honors due to a man of his particular talents. None of his occupations had anything to do with the sea, but he has long been known as a successful practical railway man, as well as a writer of unusual strength on the subject of railways in general. However, it is interesting in the Marine Department, some of Premier Clemenceau's colleagues object to M. Picard's lack of experience in the navy, but it is almost certain that he will be accepted. Little sympathy is expressed anywhere for M. Thomson, the retiring Minister of Marine.

At Aparri, where a thrilling rescue of a hundred natives was effected through the heroism of Lieutenant Robert Clark, Lieutenant Trovay and Postmaster Foss, the survivors say that 300 residents of the submerged fishing village which is located some distance below Aparri were swept away and drowned.

LONG BEACH, Cal., Oct. 22.—The 15 members of the crew of the American ship Aryan, who were arrested today charged with assault and battery on Second Mate Leonard, pleaded guilty in the Justice Court and were fined \$3 each and sentenced to 30 days in jail. The sentence of imprisonment was suspended. The plea was a compromise with Captain Whittier of the Aryan, who agreed to pay off the crew tomorrow and give them papers of discharge in accordance with their demand.
