### LAUNCH TWO TUGS AT BANDON

Ocean-Going Vessels Will Be Used at Mouth of Coquille River.

Two ocean-going tugs were launched last week from Price's shipyard in this city. The first ing to be launched was the Kilkyam, belonging to the Coquille Mill & Tug Company, and will be used in this harbor. She will be towed to San Francisco Friday by the Elizabeth and her machinery installed and returned here in about 30 days.

The other boat, the Gleamer, was launched this morning and will also be taken to San Francisco and returned to Gardner where she will do BANDON, Or., Oct. 26.-(Special.) turned to Gardner where she will do

service on the Unpqua River.
The Kilkyam is 96 feet iong and 22 feet wide, while the Gleaner is 100 feet long and 22 feet wix inches wide.

feet long and II feet six inches wide.

Both new tugs are powerful boats and will be equipped with the most modern machinery known to navigation. They are among the finest boats on the Pacific Coast.

Each launching was winessed by a large number of people and the boat and factory whistles sounded their greetings.

BREAKWATER REACHES PORT

Coos Bay Liner Arrives From Marshfield Day Behind Time.

The steamship Breakwater, from Coes Bay, arrived up yesterday afternoon 24 hours late. The stramer was bar-bound at Coos for a day. The Breakwater was lying at Empire waiting for improved weather conditions when the steamship M. F. Plant started across the bar. In speak-ing of the accident by which the latter steamer lost her rudder. Captain Macdenmer lost her rudder. Car genn, of the Breakwater, said:

"When we arrived at Empire the bar was in bad shape. I notified the officers of my ship that we would not cross out.
The Plant left Empire as we were docking and Captain Burtis crossed out immediately. The vessel struck and lost
her rudder and the stern post was hadly twisted. The Brenkwater crossed out next day and I ran alongside the Plant and offered to tow the vessel in to Coos. low to Sen Francisco with the tug

Woodmen Very Indignant at Rabid Partisan Utterances of Official Organ.

POLITICS IS ESCHEWED

According to Bylaws "Pacific Woodman" Is Strictly Nonpartisan, but Current Number Is Strongly for Bryan,

Surprise was mingled with indignation among the members of the Woodmen of the World in this city yesterday after they had reviewed the contents of the October number of the Pacific Woodman, the official organ of the order, published the official organ of the order, published in San Francisco. The publication contained a formal indersement of the candidacy of William Jennings Bryan and an extended commendatory article on the candidacy of John Pattison. Democratic nomines for Governor of Washington. This pronounced stand politically on the part of the Woodman has thoroughly aroused local members of the order, who declare that the by-laws and constitution of their organization expressivy prohibit any participation by the official organ in subjects of a religious or a political nature.

The contents of the Woodman for this The contents of the Woodman for this month to which members of the order in this city especially take exception include on the first page an article under the caption, "What Democracy Means." Under this heading follow ten references to the Democratic National platform, including an indorsement of the candidacy of Pattison for Governor of Washington and the following formal indorsement of the candidacy of Bryan as "our" candidate in the following terms:

« "W. J. Bryan, the most progressive man of the age, our candidate for President."

Strong Indorsement of Pattison.

in addition to the short series of para-graphs in which both Bryan and Pat-tison are indorsed as the candidates of the Woodmen, there is a column article, including a pertrait of Pattison, in which the candidacy of the Democratic nomines for Governor of Washington is warmly commended. In addition to the short series of para-

This story appears under the caption, From Newsboy to Governor; John Pat-tison, of Colfax; An Inspiration to Every

Peor Boy."

As an introduction to the story appears the following paragraph: The following story of the life of John Pattison, of Colfax, candidate for Governo., was written by a prominent jurist of the

son, of Colfax, candidate for Governo.;
was written by a prominent jurist of the
state of Washington."

The Woodman is printed in San Francisco under direction of the board of
managers of the order. The editor of
the publication is M. T. Moses, past
head consul of the order, who is held
personally responsible for these unusual
utterances of the paper. The Woodman
is the official organ of the Woodman of
the World of the Pacific jurisdiction,
which embraces the following nine
states: Utah, Colorado, Nevada, idahe,
Washington, Oregon, California, Montans and Arizona. In those states the
order has a membership of about 100,000,
among whom the paper circulates.

No Chance for Retroaction.

No Chance for Retroaction.

Indignation among the members of the order in this city perhaps would not be so great but for the fact that the indorsement of the two Democrats is printed in the last issue of the paper before election-practically on the eve of election, and too late to permit of an explanation or a correction through the same avenue before the day of the election. Local Woodmen now propose to forward a protest directly to Head Consul Boak and copies are now being circulated among the members of the order in this city. A copy of this petition is as

Simpson, the dentist who was accused of the rearing for the various committees an pointed from a fraternal and not a political consideration." General New Yorks. Simpson were living, has sued first of the Pacific Woodman is apositived from a fraternal and not a political consideration." General No. 6, with a membership of the Pacific Woodman is supported from a fraternal and not a political consideration." General No. 6, with a membership of the Pacific Woodman is the original political and near-religions to the Pacific purphication of the order for the Pacific purphication of the order for the Pacific purphication is intended to be devoted solely to the best interests of the order. It is published monthly under the direction of the board of governore, at an expense per issue of about \$1500, including a salary of \$125 a fhouth. The contents of each issue are subject to review by Hend Consul I. I. Bonk, but it is a practical certainty that the official head of the order did not see the articles objected to or they would not have appeared. Of course, I do not know that there is anything which prohibits the paper from printing advertises are printed as pure reading matternation.

Jennings Favors Reprimand.

NEW YORK. Oct. 25.—James who bis father-in-law how as intered to the dentity who as laterable to the dentity who as laterable to the facts of the order of at the paper in the dentity, which bused in the house in which Mrs. Horner in the dentity, which brows that the official head of the order did not see the articles objected to or they would not have appeared. Of course, I do not know that there is anything which prohibits all volunteer, oblitical expressions as to political orfice at regular advertishing rates, but the articles inducting Bryan and Pattion are printed as pure reading matternation and the purpose of the various committees and the purpose that the order did not see that the order did not see that the order did not see that the official head of the order did not see the articles objected to or th

Jennings Favors Reprimand.

"There are two things that the Woodmen seek to keep out of their organization—religion and politice," said J. J. Jennings consul commander of Prospect Camp. No. 149, and president of the committee having in charge the management of the bead camp session of the Woodmen, which meets here in July, 1910. "Under its constitution and by-laws, neither has any place in the order, which nexists purely for fraternal purposes. The editor, who must be responsible for printing this partisan expression, should be reprimanded severely by the memberprinting this partisan expression, should be reprimanded severely by the member-ship of the order for thus seeking, through a fraternal publication, without any official authorization whatever, to advance the interests of any political party or the candidate of any party."

Woodworth Greatly Surprised.

"Probably no other Woodman in this "Probably no other Woodman in this jurisdiction was more surprised than I at the contents of the first page of this month's issue of the Pacific Woodman," said J. M. Woodworth, clerk of Multnomah Camp. No. 177. including a mombership of nearly 1300. "The Pattison and Bryan articles certainly were not the proper thing to be printed in a paper of the fraternal character of the Woodman. Undoubtedly the Woodman will take the matter up and register with the head officers of the order a vigorous protest against such tactics. The Woodman order always has refrained from a par-

ticipation in politics and religion and the action of the order's official publication is certainly a radical departure from its established policy."

"Most assuredly I do not approve of the partisan expressions contained in this month's issue of the Pacific Woodman." remarked L. N. Aumack, past consul of Prospect Camp. No. 140, "and I bave written to Head Consul Boak to that effect. The official organ of any fraternal order should be strictly non-partisan. The mere fact that Mr. Bryan is a member of the order is no reason why the paper should advocate his election. Besides, any discussion of religious or political subjects in the paper is strictly prohibited by the constitution and bylaws of the order." Less Than One Per Cent of Taxpayers Before Board.

EQUALIZATION WORK ENDS

Total Number of Complaints Against Valuations Fixed by Assessor Is 376. Out of 38,000 Persons Subject to Taxation.

When the County Board of Equalization closed its sessions yesterday after-noon the records showed that less than per cent of the 38,000 persons subject to lack of roads and consequent difficul- invation on the personal rolls had filed protests against their assessments. The total number of protests received was 376 as against 340 last year, but the total num-Marion County and the miners, a road

as against 340 last year, but the total number of personal statements received this year exceeded those of last year by more than 4000.

Quite a number of the protests were due to the assessor's inquiries into the standing of estates. The records of the probate court were searched, and the result was the placing of many persons upon the rolls. Subsequent investigation showed that the funds of the estates had been distributed, and the attorneys and administrators had neglected to file final accounts.

been particularly department of the work.

There are six companies doing developing work in the district. Otto Hansen has just ordered a compressed air drill to be used in development lines. The Gold Creek Mining & Milling Company, of Salem, will spend \$15.600 on its claim the coming season, which will be operated by water ministrators and neglected to the that accounts.

"The inattention of the parties in charge of these matters," said County Assessor Sigier after the adjournment of the Board, "caused us a great deal of trouble. If the affairs of estates had been closely looked after, my office, the County Court and the County Board of Equalization would not have to take up and consider the papers filed, and the parties involved would not have been compelled to appear before us here with a protest and again for adjustment or for cancellation of their assessment. Owing to these estate cases thany people will have to come before us again, and all this trouble to them would have been avoided if the attorneys had attended to the final details in the court." to erect and operate a 100-ton smelter as soon as the mines will supply him with 190 tons of ore a day, with the result that there is renewed activity. Manager Smith, of the Electric Mining & Milling Company, of Portland, will take charge of the company's plant and push operations. With the erection of a 100-ton smelter it is expected that the development of the mines in the district will be pushed with more activity than ever.

Engineer Wells found that considerable development work has been done along practical and successful lines. There is plenty of water-power in the district for operating mills, furnishing electric lights and power

the final details in the court."

Then the Assessor turned about to receive a protest from the Hawthorne estate, which is incorporated. The estate was assessed at \$545,50 on 123 lots in Hawthorne Park and Park Addition, and asked that the figure be reduced to \$465,456. The properly was largely unimproved, the petition stated, and the assessment was unjust. The assessment on block A had been increased from \$55,460 in

WED, THEN PART AT ALTAR block A had been increased from 365,480 in 1997 to \$55,000 in 1995, and on block B from \$55,000 to \$75,000. The estate asked for a reduction of 10 per cent below the valua-tion of 1907, or an assessment not in ex-cess of the figure of that year. Discarded Woman Thrusts Child

CHICAGO. Oct. 26.—A dispatch to the Tribune from Fall River, Mass, says:

Like the climax in a drama was the revenge of a discarded woman at the wedding of her suitor and her rival here yesterday. The marriage of Charles J. Reagan, banker, and Miss Mary B. Chadwick was the social event of the season. The church was filled with friends. After the ceremony, the bride and members of the wedding march was played. A closely velled woman, clad in black, arose, picked up a 4-year-old boy and held him out to Mr. Reagan.

"Stop, Charles Reagan," she cried.

"Miss—Miss Sullivant" gasped Reagan, and its III give you an option on this property, she says, and its monthly rental is only \$150.

"Til give you an option on this property for one week at \$250 an arce, \$250 for the 13 acres and Lithink Livish Labora and the line of the says, and its monthly rental is only \$150.

for one week at \$250 an acre, \$250 for the 18 acres, and I think I might take an offer of \$2500 cash for the tract," ran the protest of the Ib x Land Company to the Board. The company has 18 acres in Mountain View Park Addition, assessed at \$2500. It says the land is covered with brush, abounds with ravines and is not susceptible to cultivation. It asks that the assessment be reduced to \$1500.

I Beigheder complains against his as-"Here he is. Here is your child. I've taken care of him for four years. Now you must take him—you and your The woman turned and walked out.
The bride fainted and friends were horrorstricken. Reagan stood alone in the church alsie, holding in his arms

the assessment be reduced to \$1300.

J. Beigbeder complains against his assessment of \$14,000 on lot 8, block 55, Couch Addition, and \$15,500 for improvements thereon. He says the improvements were partly destroyed by fire recently. He leaves the amount of reduction to the based. the baby who was crying for his mother. When the bride revived she returned to her home alone. Mr. Resgan left town last evening, refusing to make known his destination. He took

MOTHER-IN-LAW IN SUIT ELKS MAKING GREAT PLANS

> Committees on Arrangements for Trip to Grand Lodge Report.

Meetings of the various committees appointed to arrange for the big excursion of Elks to the Grand Lodge at Los Angeles next July were held at the Elks Club Sunday and progress of their work was discussed. It was reported that many reservations for Pullman accommodations had already been made and the various committees reported excellent progress.

Lennon, representing Beaver, explained to the court that they were not aware until late last week that the case had been set down for trial yesterday. The extending for 20 years, to lay water and gas mains in the vicinity of Lents, thus brought to recover \$171.75 for fruit delivered, but alleged to be unpaid for.

Suit to have an injunction issued restraining the County Commissioners from giving B. S. Kelsay a franchise, extending for 20 years, to lay water and gas mains in the vicinity of Lents, has been filed in the Circuit Court by Joseph H. Nash. He says that on May

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

I Cure the Cases That

Others Cannot Cure A bold statement, but just as true as it is bold. Not all cases that others fall to cure are curable by my methods, but fully ninety per cent of them are. The way to learn whether your case is curable is to consult me. I know exactly what can be done in every instance. I ought to know this, for I have done nothing else other than treat men's disenses for twenty-five years. If your case is curable I will treat you. If it isn't I will not.

In uncomplicated disorders my fee is

\$10.00

PAY ME WHEN I HAVE CURED YOU

Weakness

Functional weakness in men is in reality a comparatively simple allment, and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore a bsolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain cure yet devised.

Varicocele Varicoccle is a relaxation, knotting and twisting of the most vital blood vessels of the organic circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians research health. Most physicians research health to surgical operations and hospital treatment. I cure vari-

coccle in one week without opera-tion, pain or detention from busi-ness. My cures are absolutely per-manent and no ill effects whatever can follow my treatment.

Contracted Diseases
I have reduced the time required for curing contracted disorders shout one-haif. This is an important achievement. Hereplaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center, the prostate gland, can become involved. To many men it means the difference between perfect health and a lifetime of misery and functional weakness. My method is mine alone. My treatment is original in some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

The above, together with Or-My or the seasone. We before with Or-My or the seasone belief and thorough. Contracted Diseases

I state nothing in my announcements but the straight, aquare truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you like. My offices, comprising ten rooms, are the largest, most elegant and best equipped in the West.
