TO KILL GRANTS IS PLAN

MOVEMENT TO REVOKE RAILWAY FRANCHISE.

Special Committee Asks Opinion Regarding Power—Also About Status of Elevator Co.

Whether the City Council has the power under the laws to revoke any portion or all of the franchise held by the Portland Railway, Light & Power Company, is the question submitted to City Attorney Kavanagh yesterday morning by the special committee of Councilmen, named several months ago by Mayor Lane.
It is the desire of the committee to take away the grants belonging to this corporation, if it can be done, and upon the opinion of the City Attorney will depend the action that will follow. It is admitted that, if the opinion holds the Council has power to revoke, the committee will recommend and even urge that it be done.
The committee is composed of Councilmen Kellaher, Bushlight and Vaughn. They have expressed themselves at their various sessions as of the firm belief that the Portland Railway, Light & Power Company's attitude toward the city makes it necessary for the Council and all other official bodies in Portland, to meet the company on a "fighting basis," for they declare that the policy of the company is to wage war against the city. This, it is alleged, is shown by the fact that the company, through its officers, has refused to pay its portion of several big improvements, such as bridges, and has refused to lay certain kinds of material between its tracks.
Councilman Kellaher, chairman of the committee, said:
"The attitude of the railway company is such that the officials of Portland must do something to protect the city's interests. The corporation's officers have refused to share the expense of certain bridges and to lay certain kinds of materials between its tracks, and the general policy of the company seems to indicate that they want a fight. Now, it is up to us to see that the city gets its share and its rights in this matter, and we propose to do that. We will wait for the opinion of the City Attorney.
"The City Attorney is also asked to give an opinion as to the legal status of the Portland Hydraulic Elevator Company, controlled by the Portland Railway, Light & Power Company, and as to whether the Pacific Telephone & Telegraph Company can charge different rates to people in Portland, or whether it must levy one rate to all.

You can get these good things at all of Smith's markets, but when you come to Alder street you must pass up and everywhere, but dainty little tender milk-fattened Oregon Pigs, dressed in our own city abattoir. You will have to pass up the other markets and come to Smith's.
