FIGHT AGAINST VICE

W. C. T. U. Demands Single Standard of Morals.

ASSAIL OTHER FEATURES

Struggle for More Extensive Prohibition and Equal Suffrage to Be Carried on Vigorously in the Future.

DENVER, Colo., Oct. 26.—The sessions of the 25th annual convention of the W. C. T. U. were given over today to the adoption of reports and resolutions. The resolutions, marking an unflinching belief in total abstinence from the use of alcoholic liquors and pledge yielding effort in extending this belief. They declare that prohibition is the only means of wiping out effectually the traffic in intoxicating liquors, and demand a prohibitional constitutional amendment providing for prohibition.

Work for Equal Suffrage.

A continuation of the agitation of the enactment of the law that will give women equal suffrage with men, is pledged. The resolution further insists upon a single standard of morals for men and women, and demands that the so-called white slave traffic, as well as the system, "known as the segregation and finding of vice." Demand is made that those who rent property for vice purposes be ostracized by society, as well as punished by law.

Regret is expressed for "the continual inaction by Congress on the distasteful bill," which was designed to protect prohibition territory against the encroachment of the liquor traffic through interstate commerce, and demand is made that the issuance of internal revenue tax receipts in all prohibition territories be discontinued.

The Legislatures of the various states are asked to memorialize Congress to secure prohibition for the District of Columbia. Demands are made for a National commission to investigate the effects of the liquor traffic upon moral and industrial affairs of the nation, and for an amendment to the National Constitution prohibiting polygamy in all sections under the jurisdiction of the United States.

Object to Flag Use.

The resolution protests against the use of the National flag as an emblem by the "Personal Liberty League" because this league "stands for the abolition" of the National flag, and advocates the reading of the Bible without comment in the public schools; indorses the juvenile court, and criticizes the license system in the Panama zone.

In her report on franchisees, Miss Maude McIlvain Sanders, of Colorado, states that 19 states are planning a suffrage campaign for the coming year. The most encouraging reports, she said, were coming from California, Ohio, Nebraska, Indiana, Maine, New Jersey and West Virginia.

Miss Lucile Sewell, of Massachusetts, superintendent of the National Flower Mission, reported that during the year 1,277,746 bouquets had been distributed. By resolution, November 3 was named as a day of special thanksgiving for past victories and earnest prayers for the success of prohibition November 3.

HANG THREE ON SAME DAY

Murderers of Three Women Will Suffer Death.

BELLEVILLE, Wash., Oct. 26.—(Special.)—Jim Jenkins, the negro found guilty Saturday night in Chief Justice Hughes' court at New York, of the murder of the atrocious murder of Mrs. Mary Morrison last summer, will be hanged December 3. On this date two other executions are scheduled to take place, both for murder of women.

CASTRO READY TO FIGHT

Declines to Revoke Decree and Improves Defenses.

CARACAS, Venezuela, Oct. 26, via Willmetts, Curacao, Oct. 26.—President Castro, in his answer to the second

Netherlands note, has declined to revoke his decree of May 14, prohibiting the trans-shipment of goods for Venezuelan ports at Curacao, which has been so obnoxious to the people of that island.

This answer was made September 12. The President expressed surprise that The Netherlands government should ask for the revocation of this decree after acknowledging Venezuela's right to free trade. He stated that the Netherlands to send a confidential agent to Caracas to arrange the terms of an amicable settlement of the difficulties between the two governments.

The chief of the artillery branch of the Venezuelan army has completed the preparations for the defense of La Guayra. In anticipation of a naval demonstration by Holland before that port on November 1, shells have been distributed to all the modern guns installed in the forts on the mountain side above La Guayra.

President Castro's health is still delicate and causes anxiety to his friends.

THINK CASTRO IS BLUEFFING

Venezuelans Confident of Agreement With Holland.

WILLEMSTAD, Oct. 26.—According to letters received here, the people of Venezuela are confident of a prompt settlement of the dispute between that country and Holland. The refusal of President Castro to revoke the decree of May 14 is regarded as a bluff to distract attention from the doings of the revolutionists.

MINERS HAD ORE CACHED

TONAPAH IN FUROR OVER SENSATIONAL ARRESTS.

Men Held Up at Point of Guns as They Came From Shaft and Searched.

RENO, Nev., Oct. 26.—(Special.)—The arrest of four men, alleged high-graders, in a most spectacular fashion, took place at 2:30 o'clock in the morning at the MacNamara mine, in Tonopah, and as a result the whole town is in a furor. The men arrested are William Turner, vice-president of the Tonopah Miners' Union; Tom Conifery, Tom Cunningham and Pat Flanagan.

A posse of Mine Operators' Association engineers the capture. It is stated that the whole crew of the mine coming off shift at 2:30 was held up and every man forced to undergo a search of the point of a dozen men. Just four men in the party were suspected of high-grading. It is said, but to make a clean sweep all were arrested. The men arrested were high-graders and were carrying high-grade ore on their persons. The main contention of the Miners' Union during the recent hard-fought strike in the Tonopah Nevada mining district was that no mine inspectors or guards should be employed except from their own ranks. The mine operators claimed the right was too much of a temptation to the men.

RECOMMEND MACHINE GUN

Roosevelt Will Propose Company in Each Infantry Regiment.

WASHINGTON, Oct. 26.—Major-General J. Franklin Bell, chief of the general staff of the Army, called on the President today and presented a report made to him by Captain John Parker on experiments for a machine gun service. Captain Parker has been at work for a year at the Presidio of Monterey, Cal., on these experiments. It is said he has recommended a machine gun company for every regiment of infantry in the Army. In his forthcoming message to Congress the President will probably recommend that such a service be inaugurated.

BRYAN BOOSTER ARRESTED

"Hollered" Too Loud, Disturbed G. A. R. Corps, Fined \$25.

LINCOLN, Neb., Oct. 26.—John T. Kent, a prominent local Democratic politician, formerly employed on Mr. Bryan's paper, was fined \$25 and costs today in Police Court for "hollering" for Bryan's election. Technically Kent was charged with disturbing the peace and with disorderly conduct. The complaints in the case were made by six members of the G. A. R. Drum Corps. They testified that when he persisted in cheering for Bryan, Kent had disturbed their organization, which at the time was giving an open-air drum corps concert.

AGREES TO CONFERENCE

But Tells Russia All Powers Must Agree Beforehand on Programme. Proposals in Turkey's Interest are Adopted.

BERLIN, Oct. 26.—A semi-official news agency summarizes the results of the conference which have been going on between M. Iswolsky, Russian Foreign Minister, and Prince von Bulow, the Imperial Chancellor, and Herr von Schoen, Minister for Foreign Affairs, as follows:

The German government has no objection in principle to the proposed international congress to discuss the Balkan situation. The German and Russian governments recognize the fact that a conference of the powers can prove useful only if a complete agreement among all the signatories of the Berlin treaty respecting the scope and contents of the programme to be submitted to the conference be attained beforehand.

The German government adheres to the standpoint that it will be unable to accept the proposals to which Austria-Hungary raises objections. These contentions will be subject to further negotiations. A complete agreement, however, was reached on points in the draft of the programme, particularly those referring to the proposals in the interest of Turkey. Both governments will continue their efforts to find a peaceful and just solution of the present difficulties.

NEGOTIATIONS NOT STOPPED

Danger Point Is Serbian Demand for Access to Sea.

LONDON, Oct. 26.—The British government has issued in London a statement that the British ambassadors abroad a formal denial of the rupture in the direct negotiations between Austria-Hungary and Turkey and with a statement that any direct arrangement satisfactory to Turkey would be in the opinion of the British government the way to a general settlement.

Although there has been no change in the situation, the tendency of diplomatic activity is toward peace. It remains the danger-point and the visit of the Serbian crown prince to St. Petersburg arouses a certain amount of apprehension in the ally. It is stated that the knowledge as to whether he is going on a matrimonial errand or a diplomatic mission to the Emperor or has merely been sent by King Peter to put an end to his dangerous situation. The prince is accompanied by M. Pachitch, the Serbian premier, and in an interview, while passing through Budapest, the premier said that the prince's mission was to persuade the Russian Emperor to intervene against the annexation of Bosnia and Herzegovina. He added that he expected good results for Serbia.

Only a few days ago the crown prince declared that, though he was no friend of the desired peace with his whole heart, the question of having access to the sea was a matter of life or death for Serbia and she was prepared to fight if abandoned by the powers.

It is reported from both Vienna and Constantinople that direct negotiations between Austria and Turkey will be resumed. The Times Constantinople correspondent believes that Turkey is ready to enter into direct negotiations with Bulgaria on the basis of Bulgaria's assuming the Ottoman debt of \$50,000,000 and paying the arrears of the Russian tribute.

CROWN PRINCE OFF TO RUSSIA

Expected to Announce Soon His Betrothal to Princess Marie.

BEGRAD, Oct. 26.—George, crown prince of Serbia, left here today for St. Petersburg. He was given a great send-off by the people. The purpose of his journey is believed to be the announcement of his betrothal to his cousin, Princess Maria Nicolaevna.

HAINS TO PLEAD INSANITY

Slayer of Annis Has Same Excuse as Thaw.

NEW YORK, Oct. 26.—Temporary insanity will be the defense of Captain Peter C. Hains, Jr., U. S. A., who killed William B. Annis at the Bayview Yacht Club landing last August. In the Supreme Court at Flushing, L. I., today, Judge Garrison overruled the demurrer entered by counsel for the defense in the case of T. Jenkins Hains, brother of the Captain, which set up the claim that the indictment was defective in that it charged Jenkins Hains as both principal and accessory before the fact. Captain Hains was then called to the bar and pleaded to the indictment not guilty.

John F. McIntyre, of counsel for the defense, entered a plea of not guilty for Captain Hains on the ground that at the time of the killing of Annis, Captain Hains was insane. Attorney Darrin asked that the court fix a date for the trial. This Judge Garrison said he preferred to leave to the Judge who would preside at the November term of court.

PROBES GAMBLING RUMOR

Seattle's Mayor Will Shake Police Force if Laws Are Violated.

SEATTLE, Oct. 26.—Mayor John F. Miller, after a conference with Chief of Police Irving Ward this morning directed the latter to start an immediate investigation of the charges that open gambling exists at Seattle. The five men listed during the present administration, such will constitute grounds for the dismissal of the patrolmen and sergeants responsible for the preservation of law and order in the districts and may reach the captains in charge of the patrols.

FEAR BOAT HAS CAPSIZED

Army Men on Fishing Cruise Believed Drowned.

SAN DIEGO, Cal., Oct. 26.—Arrangements were being made at Fort Rosecrans late tonight to send out a boat to look for four members of the Twenty-eighth Coast Artillery and an Army mechanic from San Francisco. The five men left for the Coronado Islands yesterday morning in a fishing cruise expecting to return last night. They have not been seen since. They are Corporal Reynolds and Privates Blanchard Wykoff and Crosby and Mechanic Hughes.

Says Hatfield Is Not Dunham.

SAN JOSE, Cal., Oct. 26.—"That is not Dunham," exclaimed ex-Sheriff George Y. Bollinger this morning, as he entered the cell occupied by William Hatfield, the Dunham suspect, who arrived here last night from Sherman, Texas, in custody of Sheriff Langford. Bollinger was positive. Hatfield had a stream of visitors during the forenoon, several of whom had known Dunham, and all of them were of one opinion, namely, that the prisoner is not Dunham.

GOMPERS HITS HARD

Says President Has Made Awful Descent of Dignity.

NONE DECEIVED, HE SAYS

Labor Leader Scores Roosevelt Hard for Letter's Letter to Knox. Charges Executive Has Changed Front.

WASHINGTON, Oct. 26.—Replying to President Roosevelt's letter to Senator Knox in reference to the application of the writ of injunction in labor disputes, Samuel Gompers, president of the American Federation of Labor, in a statement issued today, severely arraigns the President for what he terms a "change of position of at least apparent friendship to bitter, indefensible antagonism."

In opening his statement Mr. Gompers declared that although he has often in the past discussed with the President the fundamental questions of right, justice and moral uplift, included in such discussions being the use and abuse of court injunctions, he has never until the issuance of the letter to Senator Knox heard the President even hint that the measures advocated by Gompers and his fellows were "lawless, unfeeling, brutal or wicked," and this despite the fact that the President well knew what measures were being advocated.

Mr. Gompers then declares that President Roosevelt makes a "direct and specific attack upon labor" in his letter to Senator Knox, and says that the cause of this attack is to be found in the fact that the labor element is aroused and determined to deliver its own vote, which has led the President to what is characterized as "the worst exhibition of demagogism and display of 'impotent rage and disappointment and an awful descent from the dignity of the high office of the President of the United States.'"

"No one," said Mr. Gompers, "will be deceived as to the purpose of Mr. Roosevelt." Continuing, the statement bitterly re-echoes the words and actions of the President in support of the Republican candidate, to whom Mr. Gompers refers throughout as "injunction Judge Taft."

"If the courts have not invaded human liberty, if they have not undertaken to protect corporate interests to the detriment of the people," asks Mr. Gompers, "why did President Roosevelt characterize Judge Grosscup's reversal of Judge Landis' twenty-nine million dollar fine upon the Standard Oil Trust as a gross miscarriage of justice?"

Mr. Gompers then declares that labor does not ask the abolition of the injunction process, but only its restoration to the use from which "it has been ruthlessly diverted."

Referring to the Pezzer injunction bill, which Mr. Roosevelt attacks, Mr. Gompers says that it has been before several Congresses, "without a word of criticism or comment from him," and of the intimation made by the President that Mr.

Mitchell and other labor leaders did not advocate the Pezzer and Wilson injunction bills, he says: "John Mitchell, Frank Morrison and I are now on trial to show cause why we should not be sent to jail because we exercised our constitutional rights, having violated no law of state or Nation. Will the President publicly justify Justice Gould's injunction and the contempt proceedings to send Mitchell, Morrison and me to jail on the grounds for contempt which are put forward by the Bucks Store Company under that injunction? The injunction of Judge Gould is based upon injunctions issued by Judge Taft, and Judge Taft's language is quoted by Justice Gould."

Concluding, Mr. Gompers says: "It is the purpose of opponents of labor to vilify the labor movement through me, and President Roosevelt now joins the chorus upon the pretext that I have attacked the Federal courts. As a man and a citizen, I have nothing to retract; but in that despite great provocation I have always expressed my views and criticisms perhaps in strong yet in respectful language."

OHIO LABOR VOTE DIVIDED

Members of Some Organizations, However, Solid for Taft.

WASHINGTON, D. C., Oct. 26.—T. J. Dolan, president of the International Brotherhood of Steamshovel Men and Drillers, called upon President Roosevelt today and talked with him regarding the political situation. Mr. Dolan has just returned from a trip through Indiana, Ohio and New York, and he told the President that as a result of his observation and reports of several organizers of the brotherhood, the labor vote seemed to be pretty evenly divided. The men, he said, were not expressing themselves to any extent and it was hard to learn just where they stood. He reported that most of the men in his brotherhood were with Judge Taft, because they always found that he treated them squarely when they asked anything that was right.

Indorses Gompers' Action.

WASHINGTON, Oct. 26.—A resolution was adopted by the Central Labor Union of Washington at a special meeting here in which the use of the Chickering by Eilers Piano House, who are the exclusive Western representative of the Chickering & Sons, for his concert at the Hellig Theater, Thursday evening, October 29th.

Without taking into account many minor considerations that may enter the minds of purchasers of pianos, one must be mentioned as all-important: discrimination between power and quality of tone. A judicious decision on this point is desirable where the instrument is intended for the concert hall; which, in this instance, is still more urgent. Quality of tone is, in fact, the great desideratum. This once the production of pure tone attained through perfect mechanism, is wholly the outcome of absolute force of each of the registers of the instrument. No one of these should overbalance the others, and the force of each being kept in strict proportion, so that bass, medium and treble can be regarded as one and the same organ, whereof the many-hued tones blend by imperceptible degrees. The result is a voice of the age are distinguished above all others by this characteristic: corresponding with the mechanical coupling with purity of vocal emission, coupled tone already referred to, that endows the perfect piano with its singing tone and carrying power.

Advices Gompers to Read.

WASHINGTON, Oct. 26.—When shown the reply of Mr. Gompers, Secretary Loeb authorized the following statement: "Mr. Gompers quotes from the President's correspondence with him about George W. Alger's book, 'Moral Overstrain.' The President has distributed copies of that book to judges, labor leaders and others, and he now honestly wishes that Mr. Gompers would read this same Mr. Alger's admirable magazine article on 'Taft and Labor,' printed last month."

THE CHOICE OF A PIANO; WHY A CHICKERING

As during his triumphant tour of several years ago, de Gorgona, the far-famed harpist, again requests an article be furnished the use of the Chickering by Eilers Piano House, who are the exclusive Western representative of the Chickering & Sons, for his concert at the Hellig Theater, Thursday evening, October 29th.

Without taking into account many minor considerations that may enter the minds of purchasers of pianos, one must be mentioned as all-important: discrimination between power and quality of tone.
