been apparent at Democratic headquarters since the campaign was inaugurated was manifest vesterday. During the day lozens of the faithful dropped in for brief conference with Chairman Sweek and Becretary Ryan, of the state com mittee, or George H. Thomas, chairman of the County Central Committee. Others stood around in small groups and dis-cussed the result of today's election. Only one outcome-the election of Bryan-could be foreseen by those asked for an opinion. That belief found some further encouragement late in the afternoon when a Bryan supporter rushed into headquarters and excitedly declared that betting on the result in Oregon had dropped to a margin of 5000 plurality and that wagers by Republicans could not be obtained on a greater figure.

Reports that have been reaching fully justify my estimate of 3000 plurality for Bryan in Oregon," said Secretary Ryan, of the Democratic State Central Committee yesterday. "There is no question but that we shall carry the state."

"You may say for me," followed County Chairman Thomas, "that Bryan will carry Multnomah County. I am not pre-pared to estimate his probable plurality in the county, but his vote will surprise even the most sanguine Democrat."

SPOKANE, Wash., Nov. 2.—(Special.)
—While D. T. Ham, chairman of the Republican Central Committee, is claiming that Spokane County will give the head of the ticket at least 4000 majority, and E. A. Child, chairman of the Democratic committee, is claiming the county for Bryan by 1000, it is the general opinion that Taft and Cosgrove will have at least 2500 majority, and Poindexter and the balance of the ticket nearly as much. The full county ticket is surely Republican, but two Legislative Districts are in doubt.

said D. T. Ham, "and we will give the State Legislature and county tickets as much."

"From the reports which are coming in from all over the county, the situation, from a Democratic standpoint, is most satisfactory," says E. A. Child. "We expect to carry the county for Bryan, Pattison and Goodyear by a small majority, perhaps 1600. As to the county and Legislative tickets, the contest will be a close one, but we will elect the majority of our candidates and have a good chance to elect the whole ticket."

SEATTLE. Nov. 2.—The eve of election finds both the Republican and Democratic parties confident of success in the State of Washington. A careful poll by countles has caused the Republicans to predict that the state will go at least 30,000 for Taft and Sherman. The Democrats expect to carry the state by at least 4800. East Side Democrats declare they will elect William C. Goodyear to Congress instead of Miles Poindexter.

John Y. Terrey, chairman of the King County Democratic committee, and representing the largest county organization in the state, declares his party will beat the Republicans in this their stronghold.

The State of Washington in 1904 gave Roosevelt 101,540 votes. Parker received 28,028 and Debs 10,022. The vote this year will be between 175,000 and 200,000.

The political situation was somewhat complicated today by the practical withdrawal of the Independence League ticket. C. C. Fuller, Independence state chairman, announced that he would support the Democratic state and Nati wall ticketh and E. W. Johnson, nomines for Governor, stated that he would vote for Tatt and Brady.

The Republican chairman claims the state for Taft by 10,000 and for Brady. Republican, for Governor, by 15,000. Bryan and the Democratic Gubernatorial candidate will have 10,000 majority, according to the Democratic chairman.

Unbiased indications are that the labor voice will go with a fair strength for Bryan. Unlouists are well organized and are carrying on a strong fight. Indications also point to a badly split state and county ticket.

The latest statements given out by Democratic headquarters claim the state by 20,000 and King County by 5000. The betting odds on Taft here are 3 to 1. There has been about \$18,000 posted on general results. There is but little Bryan money left to be had. HOW TO BUY

It's an unusual title for an advertisement-"How to Buy Jewelry" -but nevertheless it is a valuable bit of information to most people.

When buying jewelry of any kind, it's worth more than anything else to know that you are getting the genuine.

You can find an assortment of all kinds of jewelry, both in the solid and plate, at my store, that cannot be surpassed in the Northwest.

It's a fact that whatever you buy of me is the genuine. If you want solid gold, you get it; if it's plate, I have it for you.

The principal feature of jewelry-buying, that should be more carefully followed than any other, is that you go where the best goods are soldwhere the best judges of fine jewelry go for their jewelry.

If you will select any article of jewelry that I have for sale, you will be safe in the knowledge that you have bought the genuine, and that there is exclusiveness to the design and pattern.

I extend an invitation to all who appreciate fine jewelry to call and inspect my display.
