Receives News of Victory Among Relatives and Friends.

JOY GROWS EXUBERANT

Taft Particularly Joyous at Carrying Connecticut—Warm Messages of Congratulation Are Exchanged With His Associates.

CINCINNATI, Nov. 3.—Up to 10 o'clock tonight there had been no break in the optimistic character of the returns received at the C. P. Taft residence in this city, where W. H. Taft, the Republican candidate, and Mrs. Taft were surrounded by a merry party of relatives and close friends.

Mr. Taft declined to make any statement, saying he would delay it until Ohio was heard from.

Elaborate preparations had been arranged by C. P. Taft and the best telegraph facilities. The rear veranda of the quiet but aristocratic old mansion on Pike street had been enclosed and an up-to-date telegraph-room established. One wire was directly connected with National Republican headquarters in New York and three others brought news in as gathered by the Associated Press and other sources.

Enthusiasm Is Contagious.

From 6 o'clock on bulletins were received in increasing number and the enthusiasm of the party increased in proportion.

In the big drawing-room were gathered Mr. and Mrs. C. P. Taft and her daughter, Miss Louise; Mrs. William H. Taft and her three sisters, Mrs. Maria Herron, Mrs. Moore and Mrs. William Anderson and Professor Moore also Miss Della Tarrey, aunt of the candidate; Mrs. Nicholas Longworth, Mrs. Wallingford, sister of Representative Longworth; Dr. J. J. Richardson, of Washington; Fred W. Carpenter, Mr. Taft's secretary; A. L. Verry and J. T. Williams, representing Chairman Hitchcock, and a party of newspapermen.

Gus J. Karger read the bulletins and the applause became more hilarious as the rosate hue of the returns deepened.

Meanwhile Mr. Taft circulated out in the operating room and among the guests, exhibiting the finest specimen of that smile which the campaign has made famous. The first news Mr. Taft received was over the long distance telephone from his friend, Judge Fisher at Jamestown, N. Y., and was to the effect that Jamestown had given Taft 290 majority.

"What has pleased me more than anything else up to this time," remarked the candidate shortly after 7 o'clock, "is the untold influence of Yale in Connecticut. We get Connecticut by 30,000 and Hartford by 3000."

President Roosevelt carried that city by 100.

WIN BY 55,000 IN WASHINGTON

Taft and State Ticket Two to One Against Democrats in Eastern Part.

GETS SPOKANE BY 8000

Douglas County Shows Heavy Gains for Taft, and Whitman County Will Give Republican Good Majority.

SPOKANE, Wash., Nov. 3.—(Special.)—Every precinct reporting in Eastern Washington shows Taft and the Republican state ticket running two to one against the Democrats.

Taft's majority in the state should reach \$5,000. It is estimated that Taft's majority in Spokane County is 8,000. Douglas County shows heavy gains for Taft. Whitman County will probably give Taft a good majority.

SEATTLE VOTE VERY HEAVY

Much Scratching Is Done in Downtown Precincts.

SEATTLE, Wash., Nov. 3.—(Special.)—With ideal weather, the vote that turned out in Seattle today promises to be a record-breaker in point of numbers. There was an exceptionally heavy morning vote and as soon as the polls were opened there were voters lined up awaiting their opportunity.

Both Republican and Democratic managers professed to be well satisfied with the conditions as the day progressed. Both parties have placed their hopes on a full vote, and it is certain that the vote was full as it is possible to get under any circumstances.

The feature of the balloting was the scratching of tickets in the downtown districts. In the hill districts, straight ballots were the rule, but downtown it soon became evident that the voters were not making their selections solely along party lines.

The election has been orderly in every way. All the saloons are closed, although there were rumors that the right man with the right secret could get something, but to all intents and purposes the law was obeyed.

No attempts at fraudulent voting have been reported. There was considerable betting on results at downtown cigar stores. Among the bets were three agreeing \$1200 at odds of 3 to 1 that Taft would be elected; approximately \$500 at even money on Hughes against Chandler; one bet of \$200 to \$300 on Bryan; Taft would carry 23 states; \$500 even that Taft would carry two of the three doubtful states, Kentucky, Missouri and Maryland; and two or three dozen smaller bets of \$100 and \$200 on Presidential returns.

One bet of \$1500 to \$500 that Hodge would be elected in this county was Washington's presidential vote in 1904 and Congressional vote in 1906.

ALL SAFE IN WASHINGTON

Taft's Plurality Will Reach 40,000. Legislature Republican.

SEATTLE, Nov. 3.—Although the polls did not close until 8 o'clock, indications as received from every part of Washington show a plurality for Taft of at least 40,000. The entire state is safely Republican. The Legislature will likely be composed almost wholly of Republicans.

With not less than 85 per cent of the entire registered vote cast today under ideal weather conditions, early estimates from every part of Washington indicate a clean sweep for the Republicans, with the exception of a few Democratic strongholds, and the Democrats will secure legislative offices.

Taft electors are running five to one from every city precinct heard from and the entire Republican state ticket seems assured, although as the count progresses there is not a very wide difference between the gubernatorial candidates. The count is not progressing fast.

The polls closed at 8 o'clock and it is not believed that it will be possible to make a fair estimate in figures before 1 o'clock.

CARRIES IDAHO BY 20,000

Meager Reports Indicate Election Entire Republican Ticket.

BOISE, Idaho, Nov. 3.—Meager reports showing only the trend of the voting indicate Taft has carried the state by 20,000 and the election of the entire Republican state ticket.

Use Auto to Capture Robber.

NEW YORK, Nov. 3.—After an exciting pursuit in which a passing automobile pressed into service played an important part, a well-dressed highwayman who attacked Mrs. Robert Lesinger, wife of one of a firm of jewelers on the street, and robbed her of a gold chateleine bag, was captured yesterday on a platform of the Third Avenue Railway.

The robber seized the woman from behind as she was walking along Madison avenue and, not succeeding as easily as he thought he would in wresting from her a gold chateleine bag she held, he hit her a blow between the eyes, felling her to the sidewalk. Her screams attracted the attention of the chauffeur of a passing automobile, who set out on a pursuit of the disappearing robber and succeeded, with the assistance of policeman picked up en route, in capturing the fugitive.

Meets Death in Collision.

WASHINGTON, Nov. 3.—Early today a collision occurred in the Potomac River between the Norfolk and Washington steamer City of Washington and the ferryboat Lackawanna, bound from Washington to Alexandria. Samuel Belanckan, 40 years old, a merchant of Alexandria, who resided in this city, was killed. The collision is said to have been due to a confusion of signals and inability, on account of the low stage of the water, to properly handle the ferryboat. The starboard side of the Lackawanna was torn away and the bow of the City of Washington was slightly damaged. The Lackawanna was beached.

Women Have Mock Election.

NEW YORK, Nov. 3.—Women today had their first opportunity to vote in New York. Of course their votes were not officially counted, but they voted

GREAT CONTEST ENDS TONIGHT

ALL REPLIES IN EILERS PIANO HOUSE CONTEST MUST BE IN OR MAILED BY SIX TODAY.

The Great Counting Contest Launched by Eilers Piano House in Co-operation With a Number of the Largest and Wealthiest Piano Manufacturers in the East, Several Weeks Ago, Ends at 6 o'Clock Tonight (Western Union Time).

Never has a contest of such magnitude been conducted anywhere, and such keen interest and exhibited so much enthusiasm and friendly rivalry as in this great Eilers Contest.

Largest Ever Launched. This is due, no doubt, to the magnificence of the many prizes offered (totaling \$15,000), coupled with the fact that it is being conducted by Portland's largest Piano concern, assuring absolutely a square deal to all contestants.

No one could attempt a contest of this magnitude single-handed. It is only made possible through the assistance of a group of the oldest-established and foremost Eastern piano-makers.

To date thousands of replies have been submitted and to present indications it is safe to state that several more thousand will be received before the contest closes tonight.

The laborious task of ascertaining the winners will commence immediately after the close of the contest. The Board of Judges will make known the fortunate winners at the earliest possible moment. So there can be no chance for dissatisfaction. Eilers Piano House has succeeded in securing scores of well-known citizens to act as judges.

Contest Ends Tonight.

That each and every contestant will live up to the spirit of the contest and the winners are named by the Board of Judges goes without saying. Whatever the result the Eilers Contest will go on record as being the biggest, fairest and most liberal ever conducted.

Just the same. The suffragettes arranged for regular ballot boxes and polling places in various theaters and had their own voting places. The members of the equality league of self-supporting women did not have anything to do with these mock elections; they devoted themselves to the real elections and delegations were stationed at the various regular polling places where "votes for Women" literature were distributed to the men. The Harlem Equal Suffrage League held an imitation election for the purpose of teaching women the practical part of the privilege they hope to possess soon.

Come to America by Thousands.

NEW YORK, Nov. 3.—Oscar Straus, Secretary of Commerce and Labor, inspected Ellis Island yesterday and announced himself as satisfied with the progress on improvements under way.

"Statistics for October," said Mr. Straus, "show the tide of travel and turning for the nine months ending September 30 the total arrival of immigrants at this port was 272,000, while for the same time the number of alien departures was 418,000."

"Last month, on the contrary, immigration exceeded emigration, the number incoming being 41,000 against 35,000 outgoing."

Japanese Poachers Guilty.

VALDEZ, Alaska, Nov. 3.—In Federal Court today 27 members of the Japanese schooner Sakai Maru, which was seized last September by the United States revenue cutter Bear, for sealing within the three-mile limit off St. Paul Island, were found guilty of poaching. The crew of the Japanese schooner Kinsei Maru, which was seized by the Bear at the same time, has not yet been tried. The Kinsei Maru was disguised as a revenue cutter, being painted the same color as the Government vessels and rigged with false masts.
