Are You a Lard Eater?

Half the time when a person feels blue and out of sorts you may take it for granted that he is a victim of this short-tempered, overfed food and good stomachs are never friends for long. Lard food is not healthful food and no ordinary stomach can thoroughly digest it.

Lard comes from the pig's sty. Cottolene from the cotton fields of the Sunny South. Lord is gray, indigestible, and sometimes abnormally harmful. Cottolene makes food digestible, nutritious, delicious. Cottolene is the perfect shortening and frying medium. It is pure and healthful. It contains no ounce of hogfat. Cottolene is today in use by thousands of housewives who would not more think of going back to lard than they would of reverting to tallows for their fires.

Cottolene is one of the products which pure food advocates always endorse.

COTTOLINE is Guaranteed

Your grocer is bound to know the value of a guaranteed, pure product. If you order your Cottolene from him, you can trust that it is pure. Never Sold in Bulk

Cottolene is mailed in small units, not in bulk, to save you postage. A few cents, one cent, or even a nickel. Never Sold in Bulk.

Cook Book Free
