PROSPERITY

Will be on every hand for the next four years. Every dollar you invest now will bring you two within the next year if you put it in EL TOVAR OR LOVELEIGH.

If we had told you a week ago that Mr. Taft would have carried New York by 200,000, you would have thought we were crazy. But he did it just the same, and the advance on these lots will be more reasonable to expect than what occurred there, as the strong advance in Portland property is being talked on the streets now by the moneyed men of the city. It will pay you to see us at our office today, as others are taking advantage of putting their savings in these beautiful lots. A few cents saved each day will make your monthly payments. Streets graded and Water-Mains laid free to buyer. Prices \$350 and upward. \$10 cash and \$10 per month.
