PROSPERITY WAVE FLOODS COUNTRY

Huge Boom in Wall Street Stocks and Revival All Over Country.

NOTICE OF WAGE INCREASE

Pittsburg Glass Company Calls for 26,600 Workmen-Pennsylvania Road and Many Pactories Start Operations Full Blast.

NEW YORK, Nov. 5 .- (Special.) Wall street gave expression to its opinion of the election results yesterday by the great buoyant and enthusiastic advance in prices of securities. With the uncertainty attending the election removed a general rush to buy stocks and bonds ensued. Participating in the movement were persons from all parts of the United States, who gave expression to their confidence in the future by buying. Wire houses and commission houses which have combusiness said this evening that they had more orders to fill today than since the days of 1901.

A shout of approval went up when steel common sold up to 50. It crossed that point and closed at 50%. Steel preferred also made a new high record, elling at the highest price in its his

Union Pacific sold at the highest price since its memorable siump and its allied stock, Southern Pacific, sole at 111%, the highest point at which it has ever sold.

NEW ENGLAND MILLS RESUME

Cotton Plants Increase Working Op erations to Normal Figure.

BOSTON, Nov. 5 .- (Special.) - New England Cotton Yarn Company announce: creased to a normal full capacity. During the depth of the depression the company was running at only 30 per cent of normal and even up to September, the last month of its fiscal year, operations were not better than 75 per cent of full

capacity. Improvement in cotton yarns has been accompanied by a general betterment in the entire cotton goods situation. Cur-tailment has passed and many of the largest Fall River, Lowell and Lawrence mills are bending their energies to get under way at full capacity at the earliest possible date.

THOUSANDS OF MEN WANTED

Missourl Companies Start Factories and Create Demand for Labor.

ST. LOUIS, Mo., Nov. 5.-(Special.)-Manufacture, commerce and finance responded vigorously today to the results in the National election. The Pittsburg Plate Glass Company today notified its depot at Crystal City, a suburb of St. Louis, that 20,000 men will be re-employed immediately in all its plants. Orders were given to recall 200 men to work at Crystal City. Manufacturing and mining corporations in the St. Louis district in Missouri and Illinois are arranging to increase their forces and output. Western and Southern railroads report a large

WAGES GO UP 20 PER CENT

Nut and Bolt Factory Also Gives Privilege of Overtime.

PITTSBURG, Nov. &—Orders were re-ceived today by the Pennsylvania Rail-road at Pittsburg to place every man and boy possible in the repair shops of the road here in order to rush out cars which have for months been on side-tracks in different stages of repair. As a result, the railroad shops tomorrow morning will for the first time in a year have a full quota of men.

MAY GIVE TAFT 50,000

Washington Plurality Exceeds Estimates by 20,000.

SEATTLE, Wash., Nov. 5 .- (Special. -Further returns from the countles of the state confirm the results of the election printed yesterday, but show election printed yesterday, but show that the estimate of \$5,000 as Taft's plurality in the state is entirely too low. His plurality is probably approximately 50,000, or 20,000 more than the Republican state chairman had estimated, Only one county in the state, Whitman, failed to give Cosgrove. Republican nominee for Governor, a majority. Whitman is the home of John Patilson, Democratic candidate.

Returns indicate that both the two proposed constitutional amendments have failed of passage, the tax amendment being averwhelmingly defeated and the eminent domain amendment being defeated by a smaller majority.

Cosgrove Makes Great Race.

Cosgrove ran well up beside the electoral ticket. In fact, in Skagit County he received more votes than Tait. In the First and Second Congressional districts, respectively, Humphrey and Cushman had a walkaway. The contest was somewhat closer in the Third district, where Miles C. Poindexter, Republican, was elected over dexter. Republican, was elected over William Goodyear. Democrat, but nevertheless Poindexter got in by a majority that would be considered big in an Eastern state.

Socialists Poll 12,000.

The Hisgen vote in the state was

The Hisgen vote in the state was practically negligible, but Chailin, the Prohibitionist, polled a respectable vote. As indicated, the Socialist vote approximates 12,000. Only one "sticker" candidate, or candidate running on a hospartisan platform. In the entire state got in, He was on the county licket in Skamania County.

Three Democratic county officers were elected in Kittins County, three in Skamania, two in Clallam and four in Ferry. Hall, Democrat, defeated Halteman, Republican, for the Legislature in Ferry County. D. Paul, Democrat, is reported elected to the Senate from the district including Okanogan, Ferry and Douglas counties. It is Ferry and Douglas counties. It is possible that five or six other Demo-crats will reach the Legislature to join Will Graves and George F. Cotosrill.

holdover Democratic State Senator, but no more than that. Poindexter Gets Big Vote.

The total metership of the Senate is 62 and of the House 85. The Demo-cratic successes enumerated include all they have secured in the entire

state.
In Spokane County Poindexter, Rep., will have a majority over Goodyear, Dem., of nearly 11,000. Taft's lend in Spokane County is 4437. Congrove has a lead over Pattisson of 3983. The Socialists poiled a heavy vote in Spokane. Debs receiving 512 votes. Hisgon's vote is not over 200.
Taft's lead outside of King, Pierce and Spokane counties, at midnight, stood at 15,113. King, Pierce and Spokane gave together a majority for the Republican candidate of about 20,000.

POPULAR PLURALITIES FOR PREST.

Following are the pluralities by states given in the popular vote for President, in comparison with the figures of 1904 Where round numbers are used the vote is still incomplete. Where exact Figures are given the returns are complete:

Accuses Filipinos of Libel.

MANUA, Nov. 5.—The manager and managing editor and other editors of El Remacimiento, the leading Filiptino daily newspaper of this city, were today placed under arrest on charges of criminal libei preferred by Commissioner Dean C. Worcester, of the Philippine Commission. Worcester affirms in his complaint that he has been assailed politically and professionally by articles appearing in the paper and that his personal character has also been the object of libeious utterances.

Official Count Completed and McArthur's Predictions Are Justified.

MANY TELEGRAMS

Secretary Receives Message of Congratulation From Hitchcock, Also From Senator Beverldge, Complimenting on His Guess.

Mulinomah County gave Taft a plu-rality of 7949. County Clerk Fields resterday completed the official count, which shows the following vote: Taft. 17,819; Bryan, 9870; Chafin, 630; Debs., 1455; Hisgen, 45. The total number of votes cast against Taft in the county was 12,000; giving him a majority of 5819.

Taft carried the East and West sides and the country precincts by substantial pluralities, averaging nearly two to one over the Democratic nomines, Bryan, however, carried three precincis in the county, as follows: Precinct 74, 170 to 114; precinct 75, 130 to 124; precinct 107, 17 to 15. Distributed among the three sets of precincts Taft's plurality was distributed as follows: West Side, 2232; East Side, 2717; country, 296.

lows: West Side, 2222; East Side, 2717; country, 290.

J. D. Lee, of this city, was the high man on the Republican ticket for Presidential elector. On the Democratic ticket E. S. J. McAllister, also of this city, had the grestest number of votes. It was from the vote of these two rival nominees that the plurality for Taft in the county was computed. On the other three tickets puted. On the other three tickets Gould led for the Prohibitionists, Gilbert for the Socialists and Malley for the Independence party. The high vote for each party in the subdivision of precincts was as follows:

Maley, Ind. ... 24 12 9 45

The Republican registration in the county was 25,106, but Taft received only 17,813 votes. While the Demoratic registration was only 7653, Bryan polled 9870. There was a heavy falling off in the vote cast by the Prohibitionists and the Socialists. The supporters of Chafin expected their vote would reach at least 5000, as compared with 3860 four years ago. Disappointment also confronted the Socialists when the final count was made, showing a total of only 1455. They had predicted a vote in the county of 15,000. In 1904 they cast 7651. The total vote of 45 cast for Hisgen, the Independence party nominee, was

fully as many as was predicted in some quarters, although some expected it to reach 250.

Republican and Demecratic headquarters were abandoned yesterday and "For Rent" placards replaced the familiar lithographs of the nominees of the respective parties. Worn out physically from the ardous exactions of secretary and acting chairman of the Republican state central committee, C. N. McArthur will today so to his farm in Polk County to recuperate for a few days. Yesterday Secretary McArthur received many telegrams congratulating him on the result in this state. Among the messages received was one from National Chairman Hitchnock and another from Senator Beveridge, of Indiana, who addressed the largest Renublican raily that was held in Portiand during the campaign.

Indiana, who addressed the largest hepublican rally that was held in Portland
during the campaign.

Secretary McArthur also was the recipient yesterday of congratulations for
the exactness with which he predicted
the result in this state. He estimated
that Taff's plurafty would reach 22,975
and the fact that the Republican nominee
will have a margin of 25,000 justifies that
prediction. In many of the counties of
the state Mr. McArthur missed guessing
the actual vote by less than 50.

Major J. P. Kennedy, chairman of the
Multnomah County Republican central
committee, is proceeding with arrangements for a monster ratification, to be
held, probably at the Armory, next Saturday night. Chairman & the committee
on arrangements, expect today to be able
to announce the various committees that
will have charge of the demonstration.
A list of the speakers probably will be
announced at the same time.

PAPER OF CORNSTALKS

Forests Will Be Spared if Expectations Are Realized.

New York Times. That paper can be made of cornstalks is not news, since it has long been mown that all woody fiber is essentially allke and that one form of it is preferable to another to the papermaker only because its treatment for his purpose is

nore convenient or less expensive. What is news, however, and possibly as great news, in some ways, as has as great news, in some ways, as has come for many a day, is the confident announcement from Washington, D. C., by the chemists of the Bureau of Forestry and the Plant Industry Bureau of the Department of Agriculture that they have discovered a commercially practicable method of turning cornstalks into the product for which civilized man has so many and such important uses.

filted man has so many and such important uses.

Final and decisive test of manufacture on a large scale is yet to be made, and expectations should not be unduly high, since the possibilities of the laboratory often turn out to be the impossibilities of business. Several utilizations of cornstalk already exist, including the "cellulose" with which the space between the inner and outer plates of warships is packed, with the effect that shot holes, if not too large, at least tend to stop themselves through the tendency of that curious material to expand and become firm when wet.

OFFICIAL RETURNS OF MULTNOMAH COUNTY'S VOTE FOR PRESIDENTIAL ELECTORS.

AND

BOYS' REEFERS

New arrivals by Express on display this weekat our usual modest prices

FOOTBALLS and FOOTBALL PANTS FREE

With all Boys' Suits and Overcoats

BEN SELLING LEADING CLOTHIER

juriously affected by the rapid destruction of our forests.

And that means everybody in the country. The papermaker has ranked high, perhaps higher, among the ruthless enemies of the woods, for no tree of the kinds he liked—and he would take almost any in a pinch—is too small for him to cut down and grind into pulp, and his machines are threatening even themselves with starvation. For some purposes there are no satisfactory substitutes for wood. The most used varieties has till now been among them, but if the promises made be fulfilled, thousands and thousands of acres of young trees upon which a speedy doom has been pronounced will be spared to grow up. This would mean cheaper tumber, and at least a restraint upon the steadily advancing cost of living.

in curing tuberculosis of the bones, demonstrated in a five weeks' trial at the Home for Destitute Crippled Children today turned the attention to a treatment discovered by Dr. Bmil Beck, of this city. The treatment, which promises to bring relief to a large percentage of sufferers from this form of the great white plague, is simplicity itself and consists for the most part in filling the cavity caused by the disease with a metallic salt, bismuth sub-nitrate, combined with a basis of vasciline. Dr. Beck told his discovery to Drs. John

Bridgen and Wallace Blanchard, at the Home for Destitute Crippled Children, and in a five weeks: trial 30 out of 40 crippled children were cured by the treatment. The formula contains 30 grains of bismuth sub-nitrate, combined with 60

is again asicep. She has not been awake for five days. Her last long sleep was from June 5 to June 19, and on various other occasions she had slept from one to three weeks without waking. Physicians are at a loss to explain the cause of the peculiar malady. Miss Pietta seems to suffer no ill effects from her long sleeps, and when she awakes is under the impression that she has slept but a single night.

Move to Stop School Strikes.

MANILA, Nov. 5 .- In order to discourage the continuance of the many strikes in the public schools which have been marring the work of the institutions for some time past, the will be spared to grow up. This would mean cheaper lumber, and at least a sestraint upon the steadily advancing tost of living.

Cures Bone Tuberculosis.

CHICAGO, Nov. 5.—Remarkable results*

Of bismuth sub-nitrate, combined with 60 director of the Educational Board has issued an order that in future no leniency will be shown to culprits and they will be promptly expelled from the schools. Commissioner W. Morgan and Pletts, who has at various times astoday operated on for appendictia, and is progressing favorably.
