

MORSE TO SERVE 15 YEARS IN CELL

Ice King and Bank-Wrecker Is Given Severe Sentence for Fraud.

CURTIS GETS HIS FREEDOM

Morse Asks for Ball and Will Appeal—Dramatic Scene When Sentence Is Passed—Mob Hoots Ice King.

NEW YORK, Nov. 6.—From a cell in the Tombs prison Charles W. Morse now directs the efforts of his counsel to procure his freedom, he having been sentenced today to serve 15 years in the Federal prison at Atlanta, Ga., for misapplication of the funds of the National Bank of North America and making false entries in the books of the bank.

While Morse's lawyers immediately applied for and obtained a stay of execution for 14 days after sentence had been imposed, it is probable Morse will remain a prisoner in the Tombs until Monday, as Judge Hough has refused to admit him to bail.

Will Fight to Last Ditch. The Morse lawyers applied late today to the United States Court of Appeals for a writ to show cause why their client should not be admitted to bail, and the writ was granted, but it is not returnable until Monday.

Whether a new trial will be granted Morse is problematical. Judge Lacombe granted a writ of error to his lawyers today. The writ is returnable December 2, and is based on the usual grounds—exceptions taken by the defense during the trial and exceptions to the indictment itself. This step had to be taken before application for bail could be made, and it also lends to the argument for a new trial.

Morse's lawyers say their client has instructed them to fight "to the last ditch." Comforters Need Comfort. The scene in the courtroom when the sentence was pronounced by Judge Hough was most dramatic. The wives of the two prisoners, who had been constant attendants at court during the trial, were present early today, as if anxious to cheer their husbands by their presence in the trying ordeal that confronted them.

Morse sat like a stone when he heard the words which condemned him to prison. There was scarcely the tremor of an eyelid, and to those who watched there was no longer any shadow of a doubt that the "little man" was indeed a man of iron nerve. Curtis, too, accepted the news which came to him—good news in his case—with the same lack of emotion that characterized his former chief. But the strain was too great for the women.

As the truth which Judge Hough's words meant flashed through her mind, Mrs. Morse, who through all the trying days of the trial had preserved an unruffled demeanor, collapsed in her seat, buried her face in her hands, and began to sob convulsively. Still weeping, she was led away to an ante-room, where a moment later her husband held her in his arms and sought to console her.

Mrs. Curtis faints at Good News. Nor was Mrs. Curtis any more prepared for the nervous strain than Mrs. Morse. Mrs. Curtis sat within the rail, gazing intently at Judge Hough, as he began to speak. She had been ill, and several times during the trial had been forced to leave her place in the courtroom. Today her face was drawn and white, and she looked as if she were on the verge of fainting.

HEINZE IS NEXT ON THE LIST Government to Try Copper King for Misapplying Funds. NEW YORK, Nov. 6.—Edward Massey, mathematical expert for the Government, who was the Government's chief witness in the trial of Charles W. Morse and Alfred R. Curtis, will, on Monday, take up the case against F. Augustus Heinze. Heinze was indicted in January last on charges of over certifying checks and misapplication of the funds of the Mercantile National Bank, of which he was president in October, 1907, at the time of the panic.

Oregon's capital city will visit the Willamette Valley railroad center on that day. Manager Dusen, of the Albany Commercial Club, who extended the Salem Board of Trade an invitation to visit the apple fair, received word today from Secretary A. F. Hofer, of the Salem Board of Trade, that the Salem Board could come November 12. Manager Dusen at once designated that date as the date for the visit.

BROOKLYN WINS GAME

BEATS WILLIAMS AVENUE IN HARD GRIDIRON BATTLE. Teams Evenly Matched and Brooklyn Scores During Last Two Minutes of Play.

In the Grammar School League game, yesterday, at East Thirteenth and East Davis streets, Brooklyn triumphed over Williams Avenue by the close score of 6-4. The two teams were evenly matched throughout the entire game, the ball went continually from one end of the field to the other. Brooklyn's score was made during the last two minutes of play, and was apparently beaten and came as the result of a 60-yard run by Wilson.

Williams Avenue scored early in the first half by recovering the ball twice on end and getting it finally on the 29-yard line from which point F. Nelson dropped a pretty goal. This made the score 4-0 in Williams Avenue's favor. The advantage was maintained throughout the first half.

The two teams fought evenly throughout the second half and the ball was kept mostly in the center of the field. Straight football was used by both teams with the exception of a drive across which the two Williams Avenue players, Brockington and Smith, with time fast coming to an end and the ball in Williams Avenue's possession on their 40-yard line the situation seemed hopeless for Brooklyn.

Will Play Aberdeen Today. Multnomah Team Is in Good Condition for Hard Game. The Multnomah Amateur Athletic Club's football squad yesterday engaged in final practice for the game with the Aberdeen Athletic Club to be played on Multnomah field this afternoon. After the practice, both Manager Pratt and Captain Stott expressed themselves as satisfied with the showing made by the squad.

Aberdeen is believed to possess a very strong team, and the Multnomah eleven does not intend to take any chance of being caught napping through overconfidence, as was the case in the game with The Dalles Athletic Club last Saturday. Bud James has thoroughly recovered his ability to boot the ball, and his long punts will surely prove a feature of the game. Forrest Smithson, Perry Austin, Jack Oswald, Knudson, Bert Pilkington, Dow Walker, George Carlson, Rex Corns, Woodland and the rest of the squad worked out in splendid shape yesterday.

BETTER TERM WINS

Columbia University Beats East Side High, 12 to 0.

COACHING IS RESPONSIBLE

Columbia Has Better Array of Well-Executed Plays Than Opponents and Is Swifter in Getting Into Action.

Table with 4 columns: Club, Won, Lost, P.C. Includes Hill Military Academy, Columbia University, West Side High School, East Side High School, and Portland Academy.

BY W. J. PETHAIN. The husky footballists from Columbia University added another victory to their string yesterday by defeating the gritty little players representing the East Side High School by the score of 12 to 0. Columbia was easily the best team, though the defeated contingent is entitled to much credit for the splendid defense it put up throughout the game.

All of the scores were made by Columbia in the first half of the game, for in the second half, after Walker had been disabled to such an extent that he could not punt, Jones excited the Columbia kickers for extending gains. In fact Jones' great work at kicking kept the ball almost continuously in Columbia territory in the second half.

Columbia was unquestionably the stronger team on offense and defense play as far as straight football was concerned. The "Purple and White" also succeeded in executing several forward passes, and on one occasion the discomfited East Side team. In fact Gordon Moore's boys displayed a better knowledge of inside football at all stages of the game than did the lads who have been coached by Rev. Paul Rader.

The first score was made by Columbia within four minutes after the game began. Straight football, occasionally interrupted by a successful forward pass from quarterback Seufert to either of the Columbia ends, Joe Campbell and J. O'Brien, netted the university boys material gains. In this manner they advanced the ball to East Side's 15-yard line, where a delayed start by the sturdy halfback who later went in to quarter, caught the East Side boys napping, and Ennis went over for a touchdown, without the slightest hindrance. The play was splendidly executed and succeeded in pulling the entire East Side defense to the wrong side of the line, while Ennis with the ball safely stowed away under his arm, walked over the field to a touchdown. Walker kicked the goal cleanly and the score was 6 to 0.

SEASON'S BIGGEST EVENTS CALIFORNIA CLUB DRAWS CREAM OF RIDING TALENT. Leading Jockeys in Country Assembling to Take Part in Races Beginning Today. SAN FRANCISCO, Nov. 6.—Small fields but of infinitely better class than at any previous meeting in its history will be the New California Jockey Club, which opens its winter season at the Emeryville racetrack tomorrow. The uncertain features with racing on the Metropolitan track and the probable curtailment of the New Orleans meeting, together with the liberal added money increases here during the coming season, have been the means of stimulating the local racing situation to an extent even beyond the expectations of the track officials.

THE cream of the riding talent will be here. An index of the caliber of the horses that will sport silk is shown by the nominations in times of such equine stars as Jack Atkin, King James, Roseben, Dandelion, Dorando, Chapultepec, Angeles, Montgomery, Fitzherbert, Francis, Firestone, Frank, Gill, Peter Quince, Big Chief, Meelick, Uncle, Royal Tourist and others, which have leading winnings to their credit.

To pilot these nearly every leading jockey in the country has been engaged, among them being E. Dugan, Walter Miller, Notter, Shilling, V. Powers, McCarty, Upton, Gilbert and others. Sam Hillbreth leads all owners with 175 nominations to his credit. The stables of F. A. Forsythe, H. A. Chinn, President Thomas A. Williams, Barney Schreiber, Charles Ellison and others follow closely with representative entries.

millie stakes, while the California Oaks and other stakes stakes have substantially bettered in the way of entered money. The feature of tomorrow's card is the opening handicap at one mile with \$2000 added money. Five other races, including two handicaps, will make up the balance of the card. The Hillbreth stable undoubtedly will supply the favorite in the big event for which surely two, and possibly three entries from this barn will contest.

The indications point to clear weather, a fast track and a record-breaking attendance. "Dick" Dwyer and Jacob Holtman will alternate at the barrier during the season and the favorite will send the horses on their journey in the initial event at 1:30 o'clock. Edward Hopper will preside in the judge's stand, assisted by C. H. Pettinato, while Max Nathan will officiate as handicapper and programme writer.

The betting ring has been enlarged to accommodate the increasing demands for space by the bookmakers, 35 of whom are expected to cut in when racing commences. This number will be considerably augmented when the bulk of the big Eastern operators have arrived.

Bar Out American Jockeys. NEW YORK, Nov. 6.—The French Jockey Club is about to take action to bar American trainers and jockeys from the turf in France by establishing a rule requiring three years' residence in France before a license will be issued to either trainers or jockeys to ride. The closing of the racetracks in New York is said to be responsible for this rule, the French club believing a large number of trainers and jockeys thrown out of employment here will go to France.

SLEUTHS ARE BLAMELESS ONLY DID THEIR DUTY IN ARRESTING GIRL SUSPECTS. Detectives Coleman and Tenant Exonerated at Hearing Before Police Commissioner.

Police Detectives Coleman and Tenant were exonerated from blame in taking Miss Lulu La Fontaine to the office of the plain-clothes branch of the department for investigation on suspicion of having stolen a suit from Olds, Wartman & King recently, largely on the ground that it was a case of mistaken identity. She has a twin sister who looks so much like her that it was difficult to distinguish one from the other as they sat together in the committee-room at the City Hall last night, when Police Commissioner Thomas G. Greene sat as a committee of the Executive Board, charges having been preferred against the two officers by the mother of the 15-year-old girl.

The foods we eat furnish energy for the body just as burning coal makes steam for an engine. The experiments of Prof. Frankland, Ph. D., of London, show that cod liver oil yields two and one-half times more energy than starches or sweets. Scott's Emulsion is pure cod liver oil combined with hypophosphites of lime and soda. It forms fat, gives strength, enriches the blood, invigorates the nerves, and repairs tissues.
