IMPROVE CITY PARK

Many Changes Are Made in Zoo and Elsewhere.

GARDENERS ARE KEPT BUSY

Superintendent Mische Will Have Scotch Broom Planted on Hillsides and Beautify Entrance on Washington Street.

Visitors to the City Park yesterday expressed their approval of the changes that have been made in the quarters for the animals by Superintendent Mische and his assistants. The monkeys have been transferred to a new building directly to the south of their old cage, and its site has been taken for a tier of improved steel cages with concrete floors.

The roof of the old building has been retained for the new cages. It is the intention to cover the south and west sides of this building with sliding wooden shutters. The east side or front which extends along the walk, as formerly, will be enclosed with glass during the winter months or in inclement weather.

The lion has been transferred to the cage at the south end of this building and visitors now can have an excellent view of him from all sides. Superintendent Mische is endeavoring to secure a male for Nero and if such can be secured the lioness will be assigned to the cage adjoining on the north. The new quarters are larger and stier and much more sanitary than the old ones. New quarters were imperative, as the lion had succeeded in making a hole in the floor and eventually would have worked his way out.

An improved hot water heating system has just been installed which will furnish heat for the monkey house and aviaries. This will supersede the poor system of heating by flues which has been in use there and which has proved dangerous, expensive and necessitated the maintenance of unsightly wood piles in various parts of the park.

In addition to the changes in the Zoo, Superintendent Mische has numerous plans for improvement of the landscape features of the park. The slope of the hills back of the park is

to be covered with Scotch broom and the ravine leading up from the Washington street entrance is to be filled with ferns, laurel and native trees. The park gardeners are now engaged in taking up the more delicate plants for transfer to the greenhouses in Columbia Park. These plants consist of geraniums, sage, heliotrope, ageratum, cannas and dahlias.

GRANGE BEGINS NEW WORK

First Meetings Are Held Along Educational Lines.

An audience of fully 200 people listened to an educational programme Saturday afternoon in Evening Star Grange hall, on the Section Line road, it being the opening exercises held under the new system of study provided by State Lecturer J. J. Johnson. James Kelly, a graduate of the Oregon Agricultural College, read the opening paper on "Crop Rotation," which, while brief, covered the subject effectively.

R. Lee Paget spoke on "The Greatest Need of the Country School." Among other things, Mr. Paget urged that teachers be better paid than they are at present, and that the course of study pertain directly to the practical concerns of life which will enable the pupils to find out how to make a good living. Mr. Paget said also that at the coming session of the Legislature a bill would be introduced providing for a deputy county school superintendent, whose duty will be to introduce agricultural studies into the country schools.

Mrs. Minnie Altman, of the Montavilla school spoke on the topic "Industrial Training in the Schools," first reading a magazine article on that topic and then showing what the girls are doing on learning to sew. Music and other exercises were included in the programme.

State Lecturer Johnson expressed his pleasure in the large attendance. Last week all over the state the new educational system was put into operation.

Was Early Resident of Weston. WESTON, Or., Nov. 8.—(Special.)—Mrs. M. A. Bryson, a prominent pioneer woman of Weston, 84 years old, died suddenly Saturday morning at 6 o'clock, after a few hours' illness. Mrs. Bryson was the daughter of the late J. S. Morgan, one of the earliest settlers in this vicinity. She is survived by her husband, two daughters, Mrs. J. B. Gross and Mrs. B. F. De Puts, and two brothers, Ben Morgan, of Montavilla, Or., and Samuel Morgan, of Delight, Wash.

START AFTER FUND

Festival Workers Will Begin Campaign Today.

HAVE NUCLEUS OF \$20,000

Prominent Business Men Will Canvass City and Are Confident of Raising at Least \$75,000 for Rose Show.

Today means a general stirring up of the loins of the Rose Festival promoters. Their real earnest work in raising a fund to give a show of yester beauty, greater attractions and more commanding interest than any that has preceded, begins. The financial campaign will be conducted by volunteers who represent every trade, industry, business and profession. With a nucleus of \$20,000, two-thirds of the aggregate amount subscribed last year, the workers go into the field confident of garnering fully \$75,000 before they lay down their task. The general feeling of confidence which has followed the satisfactory outcome of the presidential election has already been reflected in the generous and free-handed contributions sent in to headquarters of the organization.

The ways and means committee which will have charge of the gathering in of the funds is headed by A. L. Mills, president of the First National Bank. Associated with him are a coterie of the strongest business men in the city all of whom are thoroughly imbued with the idea that no civic demonstration ever devised is of as much value in making Portland known to the country and world over as is this spectacular form of entertainment.

Will Again Take Part.

A large majority of the canvassing committee which offered their services in the financial quest last year has expressed willingness to participate again this year. Such as, for one reason or another cannot get out and hustle for money, will be replaced by other volunteers of which there bids fair to be a goodly number.

undertaking have come to the front, ready to do their share, has been most gratifying to President Ralph W. Hoyt who has directed an appeal to the public to consider what the Festival means for Portland, and then to give accordingly.

"While we do not expect that all who helped out so munificently last year will double their pledges this time," said President Hoyt, yesterday. "It is a noteworthy fact that most of those who have already sent in their cash subscriptions or pledges have added 100 per cent to what they gave for the show of last June. I should like to urge upon the public in general to consider seriously just what a grand, good thing a celebration of this kind is for our city."

High Praise for Portland.

"Perhaps many of us have forgotten how much good came to us out of the 1908 Festival, but our Association is being constantly reminded by letters of inquiry from all parts of the land that Portland is taking rank with New Orleans, Los Angeles and other cities which make such celebrations a regular annual feature of their municipal life. The only difference, so far as I have been able to observe, is that Portland can do with half the money what these other cities do. New Orleans raises each year not under \$500,000 for its Mardi Gras festival, and I have letters from that city which frankly admit that it is a paying investment in every sense of the word.

"Therefore, when the Rose Festival committee call on you, I trust you will take these things into consideration. It should not be forgotten that there are scores of business men in Portland whose time is very valuable who have promised to act as canvassers for this cause. In the campaign which we inaugurate in earnest tomorrow, you will be visited by men who are engaged in the same line of business that you are. They will be men who out of pure public-spiritedness are giving their time to be asked to give."

Rules and conditions of the poster contest which will be started in the near future will be announced within a few days. The designs accepted will reach every community in the country. And this is only one of the many exploitation features planned by the Festival management.

Portland Day at Albany Apple Fair.

Next Tuesday, November 10, is Portland Day at the Albany Apple Fair. The Southern Pacific Company will make a special excursion rate of one fare for the round trip, \$2.45. Train leaves Portland at 8:15 A. M., returning leaves Albany 8:15 P. M. Tickets on sale at City Ticket Office, Third and Washington streets.

Tomorrow (Tuesday) positively last day for discount on West Side gas bills. Don't forget to read Gas Tips.

CLUBS WANT CITY WATER

DISTRICT JUST ANNEXED IS AFTER IMPROVEMENTS.

Woodmere, Mount Scott, Woodstock and South Mount Tabor Outline Active Campaign.

In the newly annexed territory in the Mount Scott district, four push clubs, the Woodmere, Mount Scott, Woodstock and South Mount Tabor, are preparing to unite their efforts for the upbuilding of that portion of the city. Friday night the Woodmere Push Club celebrated the victory for annexation with a largely attended meeting, closing with a banquet, when an outline of the coming Winter's work was considered. Tonight the Mount Scott Improvement Club will meet in the Laurwood Hall, and the Woodstock and South Mount Tabor Clubs will hold meetings at an early date.

All the organizations were active for annexation, but their members realize that their real work has just begun. Committees will be appointed from all these clubs to work together in securing

for the district the benefits for which the district came into the city—chiefly a water supply. Effort will be made to secure water before next Summer.

It is considered almost certain that the Supreme Court will sustain the legality of the election, and the friends of annexation express the hope that those who have opposed annexation will now bow to the will of the majority and all pull together. It is urged that further court proceedings can only cause more expense and result in prolonging the water famine another year.

It has been figured out that one mile of 24-inch main will bring water from the Mount Tabor reservoir to the Foster road, where connection with the present large main of the Woodmere Water Company would relieve present needs. Such a main would also be a permanent part of the water system for that entire district. This water main is included in the improvements which these clubs will undertake to secure.

Change in Potter's Schedule.

Effective at once—The O. R. & N. steamer T. J. Potter will leave Portland for Astoria every night except Saturday at 8:00 o'clock.

The change is that the steamer will leave Sunday night instead of Saturday night.

Dr. Lorenz's Nerve Tonic Tablets at Exsall's Pharmacy, 289 Morrison, between Fourth and Fifth.

231 WASHINGTON ST. PORTLAND OREGON. MAKER OF MENS CLOTHES.

The Lady Who Wanted the Best

YOU often hear the lady of the house remark, with emphatic pride: "We never use cheap meat. We buy nothing but the best—the very best." That's right, madame, buy the best—buy it every day; but don't be so foolish as to hunt up a marketman who is going to squeeze the highest price he can out of you. At any of Smith's markets you can get a Prime Rib Roast Beef for 10c per pound. It is cut from Eastern Oregon world-renowned steer beef—not inferior beef; it is the most delectable food dish the civilized world knows today. Likewise with Sirloin Roast Beef; it will cost you only 10c per pound, has more meat, less bone and what some folks consider the superior flavor of any part of the beef. And Porterhouse Steak! It is the one meat you can serve for breakfast, dinner or supper with perfect taste. Let a delegation of railroad officials—dressed in the wool banqueters—drop in on you for dinner and you need no apology when you set forth Porterhouse Steak. You

can get a perfect little Porterhouse at Smith's for 12 1/2c. The large, family size Porterhouse costs 15c, but it contains an extra size tenderloin. Then come Sirloin, Tenderloin and Flatbone Steaks; they're 10c per pound. Have the meatcutters give you them as thick as you like—several inches thick, if you say so—so you may roast them in the oven. We offer you Pot Roasts—and where is the family that doesn't like Pot Roasts?—for 6c, 7c and 8c. If you like Pork Chops, we can give you excellent, meaty chops, just a trifle of bone, for 12 1/2c per pound. Rib Pork Chops and Loin Pork Chops, 15c per pound. As fine a roast of Pork as you can ask for for 10c per pound. Rib Roasts and Loin Roasts of Pork, 15c per pound. Veal you can get from 6c to 15c. Lamb and Mutton Roasts, 10c, 12 1/2c and 15c. Lamb and Mutton Chops, 12 1/2c and 15c. When you come to Smith's on Alder street, be sure you don't fall into the markets that Smith's opponents have opened on both sides of him. Neither one of them carries Smith's pure, fresh Oregon meats.

FRANK L. SMITH MEAT CO. "FIGHTING THE BEEF TRUST" Corner Fifth and Main Streets, Oregon City. 12th St., bet. Commercial and Bond, Astoria. 253 Taylor Street, Astoria. SIX MARKETS 226 Alder Street, between First and Second. 512 Williams Avenue. 791 Mississippi Avenue.
