rumors were discredited over night, and the belief prevailed that only the regular dividends would be declared. Soon after the opening prices ran down to 117 1/2, compared with 117 1/2 at the close last night and 118 1/2 at the highest yesterday. The low price for Union Pacific on the break was 17 1/2, compared with 18 1/2 at the close last night and 18 1/2 at the highest yesterday. The whole market declined in sympathy, losses running from 1 to 2 points in the active stocks. Support became effective in the course of the first half-hour, and prices rallied with the effect of quieting the activity, which had been at a furious rate. By the time the action of the directors in the declaring of the regular dividends on Southern Pacific and Union Pacific had been announced, the speculative selling of those stocks seemed to be concluded. This was after Southern Pacific had declined an extreme 3 points and Union Pacific 2 1/2. In the rally of prices which followed there was a diversion of speculative operations to low-priced railroad stocks which had its inception in Erie.

Prices broke again in the afternoon to new low levels. The manifest instability of the market increased the urgency to unload speculative holdings and invited aggressive attacks by the professional bears. American Smelting sold 4 points below last night, Union Pacific 3 1/2 and Reading 2.

The friends of the Coopers throughout the state say that the affair was merely a street duel, in which both sides met and began firing; that the Coopers had tried to avoid a meeting with Mr. Carmack and that they were on their way to the state capital in response to a telephone message from Governor Patterson when the tragedy occurred; that Carmack was warned and was expecting trouble.

The friends of Carmack strenuously insist that the killing was the result of a conspiracy in which the high authorities were connected; that Carmack was waylaid and assassinated while he was on his way to his boarding-house, and that he was talking to a lady; that when he left the Tennessee office for his boarding-house the fact was telephoned from a house near the Tennessee office, and that thus the Coopers were notified that the Senator was on his way and to be on the alert.

It now develops, according to friends of Carmack, that there was a third party with the Coopers just before the shooting, an ex-Copier official, who is a close personal friend of both the Coopers and Governor Patterson. Friends of the dead Senator intimate that there will be some sensational developments within the next day or two regarding the affair. Neither Colonel Cooper nor his sons would give out a statement for publication.

NEW YORK, Nov. 11.—(Special.)—Whatever may be the solution of the mystery of Edna Clark's disappearance, the inquiry aroused will probably end the usefulness of "Father" Payson Young. This unfringed Catholic priest, who has been posing as a high church Episcopalian, has had a flood of light let in on his checkered career and, unless the church court of inquiry shrinks its work, it will be forced to recommend his dismissal.

The records show that his name was Patrick J. Lyons and that after he left the Catholic Church he married and was divorced at Santa Cruz three years ago. He left a false report of the usual whereabouts of a woman, but he must have married again, for his second wife secured a divorce six months ago in Portland, Or. The police on the beat near his church say he was accustomed to walk in the street in the early morning hours with women of the town, and Professor Bonn, once his best friend, declares he drank with him at a party given at the professor's house. Young has gone into retirement temporarily and no one can get at him.

Preparing to Whitewash.

The court of inquiry appointed by Bishop Nichols has adopted the curious plan of calling for affidavits by those who have knowledge of the facts, and not to go to a lawyer or a notary and make a formal affidavit. From this preliminary step it would seem as though the church court was preparing to whitewash the wash dealt out to offenders within the fold.

Mother Has Found Girl.

In the meantime it looks as though Edna Clark has been located, as her mother has recovered some of her cheerfulness and no longer is threatened with nervous prostration. The theory of the girl is in some sanitarium not far away, and that she will come home when the excitement aroused by her disappearance has subsided.

YOUNG WAS IN LOS ANGELES

Bishop Not Well Impressed and He Suddenly Disappeared.

LOS ANGELES, Nov. 11.—Bishop Johnson, of the Los Angeles diocese, regarding Rev. Payson Young, of San Francisco, stated that Young came to him in the city about two years ago. He told the bishop that he came from Springfield, Ill. Young remained at the parish several weeks, but was given no work by the bishop. Bishop Johnson said that he was not sufficiently impressed by Young to give him an assignment. He believed Young did perform one or two services in San Diego County during his stay here.

After he had remained at the parish at St. Paul's Pro-Cathedral several weeks, the minister mysteriously disappeared and Bishop Johnson next heard of him in San Francisco. Mr. Young spoke to Bishop Johnson about his wife's trademark about which said nothing further than a mere mention of the fact that he was married.

NEW YORK, Nov. 11.—That all advertising should be scrupulously honest and that any other sort is immorally, was the burden of a speech by Dr. Harvey M. Wiley, chief of the chemical bureau of the Department of Agriculture, before the Sphynx Club, an organization of advertising men, at its dinner at the Waldorf-Astoria. "The Pure-Food Law in Action" was Dr. Wiley's theme, and he said:

"The Court of Appeals of the District of Columbia has handed down a decision which is pregnant of the future. It deals with a trademark, the advertising of which was false and misleading. The court said it would not protect a trademark about which any such false statement had been made. Now suppose a man puts the proper label on his article and then advertises falsely by the use of the decision the court will not protect that man in his trademark."

"I read advertisements in the elevated and subway cars and in the Cleveland Times. Everywhere there are extravagant, false and misleading statements. Now, gentlemen, that's not advertising. It's a lie. The American people do not need this misrepresentation. They have virtues enough to brag about and to test your skill at composition and still keep within the law."

SAN FRANCISCO, Nov. 11.—Charles M. Schwab, head of the Bethlehem Steel Company, which controls the Union Iron Works of this city, announced today that the Steel Company had purchased the controlling interest in the San Francisco Drydock Company, which owns two big docks at Hunter's Point, within San Francisco Bay as well as a number of floating docks for small vessels. Mr. Schwab said that the docks would be combined with the Union Iron Works into a vast repair establishment capable of handling marine work of any magnitude and of docking any ship afloat in the Pacific Ocean. The amount involved, said Mr. Schwab, will reach several millions.

The Hunter's Point drydocks, two in number, are respectively 750 and 450 feet long, the larger capable of taking any vessel that has ever entered the harbor, including battleships. Mr. Schwab said that the docks' efficient repair shops to do any class of work and he says that the cost of repairing will be done here as cheaply as in any part of the world round.

"Does this mean that the Union Iron Works will now bid for contracts on the construction of naval vessels?" Mr. Schwab was asked.

"We can make no statement as to that," he replied. "This combination deals more with repair work than construction."

Mahoney's Slayer Caught.

LEWISTON, Mont., Nov. 11.—Word was received from Roundup today that Elmer Hinton, the slayer of James Mahoney, was captured by a rancher 15 miles north of that place.

WHITWASH IS PROBABLE

Church Court of Inquiry Goes Wrong Way About Learning the Truth—Edna Clark Found and Likely Sent to Sanitarium.

SAN FRANCISCO, Nov. 11.—(Special.)—Whatever may be the solution of the mystery of Edna Clark's disappearance, the inquiry aroused will probably end the usefulness of "Father" Payson Young. This unfringed Catholic priest, who has been posing as a high church Episcopalian, has had a flood of light let in on his checkered career and, unless the church court of inquiry shrinks its work, it will be forced to recommend his dismissal.

The records show that his name was Patrick J. Lyons and that after he left the Catholic Church he married and was divorced at Santa Cruz three years ago. He left a false report of the usual whereabouts of a woman, but he must have married again, for his second wife secured a divorce six months ago in Portland, Or. The police on the beat near his church say he was accustomed to walk in the street in the early morning hours with women of the town, and Professor Bonn, once his best friend, declares he drank with him at a party given at the professor's house. Young has gone into retirement temporarily and no one can get at him.

WOMAN WHO STOLE BONDS
MRS. BROWN, OF CHICAGO, MRS. REED, OF DENVER, SAME.
Detective Who Recovered Plunder Believes Mrs. Phipps' Assailant Is the Same Woman.
CHICAGO, Nov. 11.—Frank Repetto, house detective at the Auditorium and Auditorium Annex Hotels, said today that he had learned that the "Mrs. Frank E. Brown," who registered recently at the Annex, and Mrs. Allen F. Reed, who threatened Mrs. Genevieve Chandler Phipps with death in Denver recently, are one and the same person.
Mrs. Reed was arrested in Denver for attempting to extort money from Mrs. Genevieve Chandler Phipps, the daughter of the late George Campbell, of this city. Up to about four years ago, when she and Allen F. Reed were married, she was a nurse in this city and she left the House of Mercy Training School for Nurses to go West with Mr. Reed.
Mrs. Reed came here about the middle of last October to attend the funeral of her father.
Mrs. Reed and her husband left Pittsfield for Denver the day on which they were married. Mrs. Reed had been in the city several times in the last visit lasting from October 22 to October 26. While here, Mrs. Reed exhibited some valuable pieces of jewelry to her friends and seemed to be beautifully supplied with money. When she was here she appeared to be in good health. Friends in this city remembered today that about four years ago she had a serious illness in connection with which some symptoms of mental derangement for a time were noted.
NEW YORK, Nov. 11.—According to a Manila dispatch to the Herald, the recent orders for the supply ship Glacier and the hospital ship Relief to join the Pacific fleet at Talcahuana and Callao, respectively, is interpreted by the officers of the Atlantic fleet to mean that the armored cruisers are to be mobilized in the Atlantic, later joining the battleships and forming with the destroyers and scouts an immense tactical fleet. The dispatch adds that this would strip the Pacific of large ships, but the sentiment of the service favors the concentration, because, it is asserted, the cruisers have accomplished little in the way of tactical development alone, their chief value being in support of the battleships.
